

# MUNYON'S TRIUMPH

## PAW PAW REMEDY

No Longer an Experiment, but an Assured Success

THE CURED BLESS MUNYON

Never Was a Man More Praised and Blessed

HUNDREDS OF TESTIMONIALS

From People Who Have Been Cured of Serious Stomach and Nerve Troubles

DYSPEPSIA SURRENDERS

When Paw Paw Once Enters the System

NERVOUSNESS DISAPPEARS

After a Few Doses of This New Elixir of Life

Professor Munyon says he believes there is a cure for every disease; certainly he seems to have found one for dyspepsia and most stomach troubles. The strong medicines received and the wonderful cures that are being made prove beyond doubt that at last nature has revealed the secret which she has kept so long from man.

Thousands and thousands of years this Paw Paw fruit has grown in plenitude all over India and South America. Generations have come and generations have gone without man discovering the value of this fruit. Thousands and thousands of lives could have been saved had man known its medicinal qualities.

Like electricity it has always been with us, but it took an Edison to harness electricity and make it light the world.

So it took a Munyon to discover the virtues of Paw Paw and give to the world a positive cure for most stomach and nerve troubles.

Professor Munyon says people should not overeat or overdrink just because Paw Paw enables them to digest everything that is put into the stomach. He says you must not overwork the stomach, but give it a rest the same as you do any other part of the body, and it will make you good, rich blood, strengthen and feed your nerves and prolong your life.

On sale at all druggists (large bottle, \$1.00). Paw Paw laxative pills, 25c. a bottle.

### HAGERSTOWN.

The well drilled for gas at the creamery after it was shot, proved to be a fair well. Enough gas to pay for drilling it. The R. R. bicycle factory will drill one for their own use at once.

John Bowman spent one day at Indianapolis last week on business.

Mrs. Charles Bamer is seriously ill but little hopes being entertained for her recovery. She is 76 years of age.

Mr. William Stonebreaker who is about 73 years of age, was stricken with paralysis last week. A few years ago he was one of the leading business men of this town.

There have been an unusual number of families moved and changed houses this spring in this place.

Ward Copeland of Chicago visited his parents here a few days last week.

Mrs. Harry Lontz is recovering from a severe spell of the gripp.

Miss Belle Bunnell returned from North Carolina where she had spent the greater part of the winter.

Reuben Stuam made one hundred pounds of maple sugar and has enough syrup to make 100 pounds more.

Jacob Huntsinger gave a talk to the children at the M. E. church last Sunday morning.

Nothing Equal to Chamberlain's Colic, Cholera, and Diarrhoea Remedy for Bowel Complaints in Children.

"We have used Chamberlain's Colic, Cholera, and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Nederlands, Texas. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by A. G. Luken & Co., and W. H. Sudhoff, fifth and Main.

The best assortment of Davenports and couches in the city at Hassenbusch's. Sold for cash or on easy payments.

Low Fares to Washington, D. C., via Pennsylvania Lines.

April 10th, 11th and 12th, excursion tickets to Washington, D. C., account Knights of Columbus meeting, will be sold via Pennsylvania Lines. For particulars regarding fares, time of trains, etc., consult nearest Ticket Agent of those lines.

### DUBLIN.

Frank Champ's is on a visit to get his consignment of over four hundred hand dropper corn planters out this week.

Never in the history of Dublin has there been so much water in cellars as is the case at the present time.

Orange Hall has moved to Dublin and occupies his mother's property. The latter may soon move to Cambridge City.

Some of the wheat fields are beginning to show signs that a fair crop may be expected if nothing further interferes.

Dublin was pretty well represented at the Southern Teachers' Association at Indianapolis Friday last.

At this writing we are safe in saying that there has not as yet been a potato planted for an early crop in this section.

D. P. Demree on the corner of Main and Foundry streets, has a large cellar but that large cellar has been quite a detriment to him of late, as he has been pumping water out of it for a week and the end is not yet in sight.

It is a sad sight to see the dead lain away in the cold, wet earth as is often the case. On last Wednesday afternoon as C. H. Mason, who was brought here for burial from New Castle, was being interred, the rain came down in torrents, the grave filling with water, all of which was certainly a painful sight to the friends who could offer no remedy. The winter has often thought and believed a great change could and ought to be made in the disposal of the dead especially in so wet a time as has been the case this spring.

Luke Fisher and son-in-law, Charley Day, from the northeast part of the county, drove through last Thursday and was here attending to some business as they moved from this section a month ago. They returned Friday.

Thousands and thousands of years this Paw Paw fruit has grown in plenitude all over India and South America. Generations have come and generations have gone without man discovering the value of this fruit. Thousands and thousands of lives could have been saved had man known its medicinal qualities.

Like electricity it has always been with us, but it took an Edison to harness electricity and make it light the world.

So it took a Munyon to discover the virtues of Paw Paw and give to the world a positive cure for most stomach and nerve troubles.

Professor Munyon says people should not overeat or overdrink just because Paw Paw enables them to digest everything that is put into the stomach. Mrs. Sue Smith moved to Richmond Tuesday.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifling sum?
