DON'T YOU KNOW

That you need not be without money for a single day If you are financially embarrassed all you have to do is to come to us, tell us how much you want, how long you want it for and what you want to get on it, and how you want to make your payments, and we will do the rest. You can borrow from \$5 to \$100 of us on your furniture, piano, team or other personal property without removal. You can have from three to twelve months' time, you can pay it back weekly, monthly or quarterly as you may desire. We also loan money on salaries without your employer knowing anything about it, and on diamonds and watches left in pledge.

Here are some of the terms of our new weekly payment plan allowing you 50 weeks in which to pay off your loan:
 60c is a weekly payment on a \$25 loan.
 \$1.20 is a weekly payment on a \$50.00 loan.
 \$2.40 is a weekly payment on a \$100.00 loan.
 Other amounts in same proportion. Call on us when you need money. Mail or phone applications receive our prompt attention.

ATTENTION, FARMERS!

Why remain in the North and stay in doors six months in the year consuming what you raise during the other six months?

Go South where you can work out doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now "eating their heads off" and, besides have to be protected from the rigors of winter by expensive shelter.

Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Florida produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening materials known to the world.

More money can be made and with less labor, in general farming fruit and berry growing and truck gardening along our road in the South than in any other section of the Union.
