THE WISCONSIN REPUBLICAN WAR.

Some of our decorative contemporaries think they are getting some satisfaction out of the Republican war in Wisconsin. These papers see the seating of the anti LaFollette delegates at the national convention and the bolt LaFollette and his friends at the presidential election. They see a division in the Republican party in Wisconsin and as a consequence of this the defeat of Mr. Roosevelt next November.

From a Republican standpoint there is not a bit of consolation in the Wisconsin affair for any Democrat unless he draws largely on his imagination. Mr. LaFollette has been governor for two terms and wanted a third. The decent and conservative element of the party led by Senator Spooner and Postmaster-General Payne thinks Mr. LaFollette has had enough and ought to retire and they will undoubtedly see to it that he does retire.

The Democrats hope that the President will be drawn into this controversy and as a result lose the electoral vote of Wisconsin. There is not the least danger of this. First, the Republicans of Wisconsin are tired of LaFollette who has been a dictator and a leach. He never had any use for a Republican or a man of any party unless he could use him. This man LaFollette has had enough, so the Republicans think, and the gentleman himself feels it and will soon be on the Spooner-Payne wagon. He is too much of a politician to do otherwise. LaFollette does know a thing or two. A few years ago he took the lecture platform and went into the Dakotas to entertain and instruct but the season was short. He found that he was no spell binder and quit. He returned to his home a wiser man. He will do the same in politics and will be counted with the party that can win.

Second, President Roosevelt is too wise to be used as a tool and would be just as indifferent to the selfish antics of the governor of Wisconsin as he would be to those of an ordinary citizen.

The members of our city council had an excellent opportunity last night to rid the residence part of the Fifth ward of saloons. For some reason, a majority voted otherwise. Since we have to have the saloons, they ought to be in the business part of the city. We believe that if the members of the council had ever experienced the disorder and demoralizing influences of a saloon in residence portions of a city, they would have voted in favor of eliminating it from such districts for the sake of the homes and the children.

The finding of a well-developed child in a Richmond sewer this morning is a far more serious affair to this community than the Colorado riot. There is no question but what it reveals a harder. It may have been a mother to hide her shame or it may have been done by some one to assist the mother to hide her shame. It matters not which, so far as an investigation is concerned. This matter should be most thoroughly investigated by our authorities.

The reign of terror at Cripple Creek Col., is a blot upon our boasted civilization. It is a conflict between labor and capital. This conflict is all right if there are real grievances on either side, but when either party will resort to a dastardly dynamite plot to gain its ends, there is a need of some drastic measures to wipe out this devilish anarchy and restore the order that our civilization contemplates.

Miss Roosevelt has returned to Washington from the world's fair. She has been one of the greatest attractions so far.

TRAVEL TO FAIR
IS INCREASING

(Continued From First Page.)

In a few days the trains were overcrowded and it was soon seen that the trains were far too small and the accommodations too imperfect to handle the crowds, and measures were taken to remedy this defect. No. 29, the most popular train for fair travel, leaving here at 10:30 p.m., and arriving at St. Louis at 7:00 a.m., is a good example of the way in which trains had to be enlarged to take care of the travel.

Increase of Sleepers.

At first it had two sleepers. This was a woefully small number and soon the number was increased to three. Three and even four were insufficient to handle the travel and a few days ago six Pullman sleepers were put on this train, and now the trainmen say it is crowded to an uncomfortable degree with the passengers and that there is no place to put them. All of the other trains report this same needed enlargement to take care of the travel.

Trains "Sectioned" Soon.

The addition of more Pullmans not being sufficient, the trains will soon be divided into sections, two (and even three sections, in case of extraordinary travel), sections being formed on what was previously one train. In the next few weeks the travel will increase almost to the limit, say the trainmen, and they are making all necessary preparations for the comfortable transportation and accommodations of the crowds.

"Party" Travel popular.

Parties of ten, twenty or more, are now starting and will become common later on. This is a cheap way of travelling as the rates granted for parties are low. Furthermore, one has the satisfaction of always being with friends. But the necessary

HEART PROVERBS.

He that hath no heart ought to have heels.

A happy heart is better than a full purpose.

What comes from the heart goes to the heart.

He who hath most heart knows most of sorrow.

A cheerful countenance betokens a good heart.

No estate can make him rich that has a poor heart.

The heart's testimony is stronger than a thousand witnesses.

A glad heart seldom sighs, but a sorrowful mouth often laughs.

The heart is the hidden treasure of man; the tongue is the gate to the treasure.

A good heart is the sun and moon; or, rather, the sun, for it shines bright and never changes.

There never was a heart truly great and generous that was not also tender and compassionate.

A Korean Refuge.

In Korea the rooms of a wife or mother are the sanctuary of any man who breaks the law. Unless for treason or for one other crime he cannot be forced to leave those rooms, and so long as he remains under the protection of his wife's apartments he is secure from the officers of the law.

Mean.

REGULAR SESSION
CITY COUNCIL

ONE OF THE BUSIEST MEETINGS OF THE YEAR

HELD LAST NIGHT

Will Rebuild Crematory—Petitions Granted—Opening of Market, Etc., Etc.

The regular meeting of the city council was called to order at the usual time with Mayor Zimmerman in the chair, all members in attendance, together with a good lobby.

Reading of minutes of last meeting dispensed with.

All properly certified bills were allowed.

A petition was presented asking council to pave paved Ft. Wayne avenue from north D to intersection of north E and eighth, the city to pay one-third, property owners to pay two-thirds.

A. H. Crowell called attention to bad condition of cross walk on Sheridan street at west end of Doran bridge. Referred to streets and alleys committee.

Fred Von Pein and six others asked council to construct cement walk on both sides of south C from east side of south eighth to south fourteenth. Referred to board of public improvements.

The Richmond Canning company was granted the privilege of laying a side track over and across Garden avenue and grounds adjacent thereto belonging to city.

Councilman Farwig called attention of council to bad condition of south G street between sixth and seventh streets.

Also called attention to dangerous south sixth and G streets. He recommended that a flagman be placed there. Referred to committee on railroads.

All companies, corporations, etc., in any way obstructing streets in city were instructed to repair damages in thirty days. If not the city would do the work and charge the same. The resolution used very strong language and was presented by Mr. Leftwick. The same was adopted.

A plat of Knollenberg and Kemper's subdivision was presented. Referred to committee on streets and alleys.

John C. Bayer and nine others presented a petition for cross walk at intersection of north nineteenth and D streets. Benefit of persons attending Second Presbyterian church. Referred to board of public improvements.

Petition to construct cement sidewalks along both sides north twenty-second street from Main to north C. Referred to board of public improvements.

Wm. Rosa called attention to bad condition of several places in his ward.

Governor Burbank was present and called attention to the filling up of ditch by waste water along the Boyce farm. Referred to committee on claims and city attorney, board of public improvements and engineer. The unfinished condition of south fifth street is the cause of the annoyance.

Councilman Deuker presented a resolution, was adopted, calling on the remove its tracks from Ft. Wayne to recommit its tracks from Ft. Wayne avenue, and place the same in good condition, their term of franchise having expired, and all rights being forfeited.

Market Master's Report.

Market Master Mashmeyer reported the sale of market stalls amounted to \$545.00. He also reported that market would be open at the south A street market house Saturday afternoon, June 11, and the east end on June 14.

Crematory.

The crematory question was brought up and discussed. The committee have had plans and specifications made. On motion of councilman Norris the committee was instructed to advertise for bids on the plans, and when the committee was ready to report the Mayor to call a special meeting to act on report.

Petition Granted.

The petition of Mary A. Shroyer and others for extension of water mains on south sixteenth street, from A to B was granted, the committee, Mr. Leftwick, Mr. Neal and Mr. O'Neal reporting favorably.

Mr. Leftwick presented a resolution asking that all bill boards, show

boards, banners, waste paper, etc., be removed from Main street. The same was referred to the select committee and city attorney.

Dainty Gloves.

The newest gloves for reception and evening wear show delicate pink, blue and mauve linings. A spray of flowers to match the lining is often embroidered or painted on the back of the glove. Forget-me-nots, violets and arbutus are favorite blossoms.
