FOUR AND THIRTY YEARS

CONGRATULATORY SERVICE AT FIRST PRESBYTERIAN

DR. ISAAC M. HUGHES

Long and Successful Pastorate Closed With Appropriate Exercises.

"In the name of Whitewater Presbytery and by authority of the Presbyterian church of America, I declare the pastoral relations between this church and the Rev. Dr. Hughes dissolved." These were the last words of yesterday's exercises at the First Presbyterian church. The day was devoted to a congratulatory service marking the close of the long pastorate of Dr. I. M. Hughes of the First Presbyterian church. The day was beautiful and the services were in full harmony with the day. The venerable Dr. Hughes and his family occupied a pew and the pulpit was occupied by four young men in the Presbytery. Rev. Walter E. Price of Shellyville was the master of ceremonies. The other three were Rev. A. K. Mattingly of Lawrenceburg, Rev. Mr. Dungan of Newcastle and Rev. C. O. Shirey of the Second church of Richmond. There were also present Mr. W. F. Spence of Muncie and Dr. David Schaff, professor of Church History in Allegheny theological seminary. The principal address in the morning was given by Rev. Price and was congratulatory, optimistic and foreshadowed better things for the church in general. He said among other things that the greatest hindrance to the church work of today was indifference and not agnosticism. However, the indifference that prevailed was not as great hindrance as it seemed to be. Back of it and almost universal in scope was a belief in the fatherhood of God. He paid a high tribute to Dr. Hughes and the First church of Richmond. He said that in ancient times all roads led to Rome and that for many years all the churches in Whitewater Presbytery looked to the First church of Richmond for encouragement and inspiration.

Mr. W. F. Spence, a former member of the congregation read an interesting history of Dr. Hughes' early pastorate and told how the church grew under the guiding hand of the pastor and his estimable wife.

Rev. Dungan made a short address in which he made prominent the length of the pastorate about to be dissolved. He said that although there was no time limit, the average length of Presbyterian pastores was only about three and one half years. Rev. Shirey was appointed by the ministerial association of Richmond to read the resolutions passed by that body in reference to their relations with Dr. Hughes as a member of that association. Rev. Shirey made a very happy little speech as an introduction to the resolutions. These resolutions were a touching tribute to the real worth and work of the man who was just laying down the work that he had done so long and so well. Dr. Schaff, a friend of Dr. Hughes was present by accident and added quite a little to the exercises by some brief remarks at the close. He was at one time a teacher in Lane seminary and had for two of his students, Revs. Mattingly and Dungan. The day's services closed with a good, logical sermon by Rev. Mattingly who represented the church at Lawrenceburg.

The First church of Richmond is noted for its good music and yesterday was no exception. In place of the regular choir, there was a quartette composed of Miss Stella Brush, soprano, Mrs. Otto Krone, alto, Mr. Arthur Myers, bass and Mr. Otto Krone, tenor. The music was excellent and was one of the pleasantest features of the exercises.

The following tribute in verse was read by Mr. Spence. While the author's name is concealed, it is ascribed to Mr. Spence's pen. It makes little difference who composed it, it

ACCIDENTS ON FOURTH

SMALLER NUMBER OF THEM THAN FOR MANY YEARS

DEADLY TOY PISTOLS

Caused Little Damage—List of Injuries Requiring a Doctor's Attention.

SIGNAL HONOR TO BEVERIDGE.

Apropos of the honor paid to Senator Beveridge in appointing him a speaker to second the nomination of President Roosevelt, it is interesting to know that the author of The Russian Advance has such a hold upon his party in Indiana, that his re-election to the Senate has been determined upon a year in advance of the legislature which elects his successor. The last Republican convention, in April, formally endorsed him for re-election as his own successor and made him the candidate of the party. This is the first time in the history of Indiana that either party ever took such action.

VEHICLE FACTORY

Burned in Brooklyn, New York.—\$400,000 Loss.

(By Associated Press.)

New York, July 5.—The electrical vehicle equipment factory in Brooklyn was completely destroyed by fire. The loss was \$400,000.

TAMMANY'S DELEGATES

TO THE DEMOCRATIC CONVENTION PASS THROUGH HERE

ON GLORIOUS FOURTH

There Were Fine Special Trains of Seven Coaches, Each Properly Labeled.

The Fourth of July has come and gone. In its wake it, as usual, leaves a number of injuries more or less severe, together with many fatalities throughout the country.

In Richmond the number of accidents was smaller than ever before. Last year the deadly toy pistol got in its work here as well as elsewhere, but this year the doctors who had had many fees in expectation for services to be rendered on the national holiday, were disappointed. One reason for the decrease in the number of accidents was probably the fact that the toy pistols enjoyed a very small sale. The "new" thing for celebration which has come is the cane, which shoots dynamite caps. So great was the demand for these that the merchants were all sold out yesterday and the demand for them in the afternoon and evening could not be filled.

There were the usual number of face burns of powder, hand burns caused by the explosion of firecrackers, unexpectedly, and many other minor accidents, mostly caused by carelessness, which were all treated at home.

Among the accidents in which doctor's care was needed were:

Finger Shot—Robert Moore, of 239 South West Second street, shot himself in the fleshy part of the forefinger with a toy pistol. It is a serious case and may result in lockjaw.

Thrown from a Wagon—Rawlie Thorpe, State street, while returning from a Fourth of July fishing trip, was thrown from a wagon. No bones were broken.

Hand Torn—Frank McDonald, 411 North Nineteenth street, suffered an injury in the tearing of the tissues of his right hand by the premature explosion of a common cracker. His finger tips were torn also.

Face Burned—Four cases of face burn by powder were reported by Dr. Bond.

Hand Hurt—John Gray, aged about thirteen, living in the east end of the city, had his hand burned with powder.

Shot Finger—Fred Moore, aged thirteen, living on the west side, shot the forefinger of his right hand. The bullet was taken out and results are awaited.

Eye Burned—Master Jessup, son of Clarence Jessup, had his eye burned by the explosion of a firecracker prematurely.

Foot Cut—William Rost, residing on Gaar's farm, north of the city had his foot cut on a rock while celebrating yesterday.

Shot in Hand—Elmer Potter, aged 6, of 603 North Thirteenth street, was shot in the hand by a blank cartridge. The wad had to be cut out.

Shot in Eye—Mrs. Anthony, of 28 South Third street, was shot in the eye with a firecracker.

Shot in Hand—Pearl Shepherd, of 79 Ft. Wayne avenue, was accidentally shot on the back of the right hand, which she had thrown up to defend her face. It was a narrow escape.

Run Over—Harriett Thomas, aged 4, of 904 South Twelfth street, was run over in Glen Miller by a boy on a bicycle.

Wrist Broken—Mrs. John Jones, 63 Grant street, fell and broke her wrist. She fell from a street car at eighth and North B streets.

Leg Burned—Oran Schepman, a small orphan boy, was severely injured by the explosion of a cannon yesterday. The charge, wad and all, caught the boy on the ankle, tearing the flesh and burning badly the entire leg. This was about the worst accident of all.

Premature Fireworks—Cash Beall,

Democrats Gathering In Old St. Louis

TO SELECT CANDIDATES FOR PRESIDENT AND VICE PRESIDENT.

PARKER SEEMS TO BE IN THE LEAD

While All the Other Candidates Have a Following—Hearst Men Are Sanguine of Success.

St. Louis, July 5.—The arrival of belated delegations and marching clubs today congested the hotels and increased the discomfort caused by the hot, murky weather. A strong lead was developed by Parker yesterday emphasizing by the action of the Pennsylvania delegation last night, makes the outlook continuing favorable to the New York Judge. There was gossip today about favorite sons with drawing but nothing tangible has been done in that regard. Parker's managers are confident he will get a clear majority on the first ballot and will be nominated on the second ballot or by changes of the first.

Senator Davis, of West Virginia, says no statement can be made as to what Senator Gorman will do. He said it is well known in West Virginia, Maryland and the District of Columbia, that the nucleus of Gorman's strength, have decided in favor of Parker. It is also well known that Ohio is dissatisfied with the favorite son idea and will meet this afternoon to abandon Gorman and unite on Parker. Tammany leaders practically decided this morning to withdraw all opposition to Parker.

The Delaware delegation agreed today to adhere to Judge Gray. The meeting was informal.

Hill said today that it was now time to consider the vice president.

Wall, of Wisconsin, will not allow his name to be used. Rose, of Wisconsin, and Turner, of Washington, are also spoken of as possibilities. Bryan said today that the opposition to Parker still exists.

The national committee decided in favor of the Hopkins delegates in Illinois. The contest involved thirteen districts and two delegates-at-large. The matter will go to the committee on credentials and possibly to the convention. A very bitter fight is imminent.

At noon Hearst managers laughed at all suggestions of the withdrawal of Hearst's name. They said they hoped to organize the opposition so as to defeat Parker. The victory of the Hopkins faction in Illinois was a signal of defeat for W. J. Bryan, who made it almost a personal matter. The committee decided that contests of this kind should be decided by State and not by national convention action. Subcommittees on all other contests were approved and the national committee adjourned. At a meeting of the New York delegation Cockran offered a resolution that the platform declare the financial question settled by the result of the last two presidential elections. Raines moved to refer the matter to Hill with

THE RACES AT DRIVING PARK

LIST OF DEAD AND INJURED

PROVED A SOURCE OF GREAT PLEASURE YESTERDAY

CAUSED BY EXPLOSIONS CELEBRATING YESTERDAY

FAST TIME WAS MADE

ELEVEN PERSONS DEAD

Edith W. Runs a Mile in 2:06½
Remainder of the Speed Program.

And 1,117 Injured on Independence Day in the Great Big United States.

The Fourth of July races at the Driving Park proved a pleasing feature of yesterday's celebration. It looked as if rain would interfere, but it held back until last night and gave those interested in the sport a splendid afternoon. The program was advertised to begin at 12:30, but it was 2 o'clock before a start was made. A good sized crowd was in attendance and lovers of horse racing were in evidence everywhere. In the judge's stand could be seen faces familiar in the days when Richmond was more of a race town than it was yesterday. Our genial mayor, Dr. W. W. Zimmerman, was there in all his glory and personally conducted the race meet.

The 2:40 trot, in which Ontario, Ivel, Alpha B, Yea, Veerly, Sirock and Mary Brown were to have taken part, was called off on account of the illness of some of the drivers.

The track was in good shape, and while the wind was high at times it usually died down sufficiently to not interfere with time.

In the exhibition race given by Edith W. and Elderone the people were given a fast mile. The horses have a speed record of 2:05 and ran against that record yesterday, and made the mile in 2:06½, the fastest time made on any track this year.

Following is the list of races and

Dead	11
Injured	1,117
By Fireworks	437
By Cannon	101
By Firearms	171
By Gunpowder	220
By Toy Pistols	209
By Runaways	39
Fire Loss	\$164,475

Eleven persons dead, 1,117 persons injured and a property loss amounting to 164,475 is a part of the price which the United States yesterday paid for its Fourth of July celebration, and the deaths from lockjaw probably will double or treble the number of fatalities.

Of the injured 437 were hurt by firecrackers, skyrockets or other explosives, and nearly all the dead owed their fate to these. Cannon prematurely exploding brought death to two persons and injuries to 101. Firearms, including revolvers and guns, caused the hurts of 171; gunpowder, or dynamite mistaken for gunpowder, severely hurt 220 persons, and the deadly toy pistol this year claimed 209 victims. Runaways caused by explosions injured 39 persons, and in such an accident a woman lost her life.

BAD BOYS

Break Into Farmers' Houses and Are Arrested.

Depredations have been committed for some time by boys living in the vicinity of the Starr school house and several farmers have suffered as a result. The last man to suffer at their hands was Henry Tubersing. The young lads broke into his house and ransacked things generally. The following young fellows were arrested charged with housebreaking: Otto Dye, Charles Tiffany and Jacob Weist.

The young miscreants were brought before Judge Fox this morning and he discharged them under an indefinite postponement of the hearing. The judge thinks by being arrested the boys were sufficiently punished for this time, but if their actions are repeated he will deal differently with them.

KIDWELL TRIAL.

Judge Fox today ordered a jury trial in the case of Kidwell, who is in jail on the charge of assault and battery with intent to kill. The trial was set for July 7.

GOOD SHOWING.

There was not a case in police court this morning, which is a very good showing for the day after the Fourth. The saloons were closed and general good order prevailed. The police were vigilant.

(Continued on fourth page.)

FOUR HOURS

Was Time Made from This City to Indianapolis.

C. E. Bonday, of Baltimore, who was here yesterday enroute to Colorado Springs, Colo., from New York, made the run to Indianapolis from here in four hours. This is the fastest time yet made on this run in an automobile. He traveled with his chauffeur, B. E. Wade, in a Winton. It is a twenty horse-power car, which attracted attention here. At Indianapolis he said to the Star, "The roads of Indiana are the best that I have struck."

BATTLESHIP PERSEVEIT

Cablegram Says Ship is All Right and

All on Board Are Well.

Cronstadt, July 5.—A cablegram from the commander of the battleship Perseveit says the ship is all right and all on board are well.

(Continued on 4th page.)
