ANDERSONS LOST TO LOCALS 19 UP

GOLF TOURNAMENT SATURDAY
A VERY FINE ONE

WALTER HUTTON WON

The President's Cup Yesterday Over
Nineteen Opponents—Saturday's
Scores.

In the first match of the season, with the Anderson golf team, the Richmond golfers were awarded the victory by the handsome score of 19 up, a score that was beyond the hopes of a large number of the most enthusiastic golfers. Saturday the Country Club grounds were crowded with people to see the match. The playing was fine and close nearly all of the way. There were but few places where it lagged and the large audience became more and more enthusiastic as the fortunes of the locals varied, always for the better. Starr and Hibberd alone of the Richmond golfers, lost, but in the other scores Richmond led all the way. Final scores for Saturday:

Winner—
Hill-Burr, 4 up.
Carpenter-Starr, 3 up.
Marshes-Hibberd, 2 up.
Stratton-Stillwell, 2 up.
Poundstone-Gedde, 5 up.
Bond-Quick, 7 up.
Trueblood-Remey, 6 up.
Bond had the largest percentage of victory of any Richmond player.

Yesterday Afternoon.
The tournament took place yesterday for the president's cup and was won by Mr. Walter Hutton, who defeated nineteen opponents. C. W. Elmer presented the cup to Mr. Hutton, whose name will be engraved upon it. This tournament was attended by a very large crowd, each player having many adherents. The contest was interesting.

"Mighty fine and fitten" better spend a dime for a red package of "Faultless Soda" and the "Goodness" will never be forgotten.

RUNAWAY ACCIDENT

In Which Richard Estell Had His
Leg Broken.

Richard Estell, an employee of the Municipal Electric Light Plant, in the capacity of ground man, met with an accident this morning that caused the bone in his leg just above the ankle to be broken. He was on the wagon driving along North E street when the horse became frightened at some unusual noise and started to run at the corner of Tenth and North E. Mr. Estell either jumped or was thrown from the wagon and sustained the injury named above. The ambulance was called and he was removed to his home where attention was given the injured member.

The horse which has been in use by the company for some time, was uninjured, and the wagon was only slightly damaged.

AMERICAN CAFE

In Jerusalem Concession at St. Louis
Burned

St. Louis, July 5.—The American Cafe in the Jerusalem concession, caught fire from a kitchen at 2:20 a. m. It destroyed the interior of both wings of the cafe. The loss was \$15,000. The festival hall and the whole Jerusalem exhibit was endangered.

DEMOCRATS

Of Indiana Meet and Select
Officers.

St. Louis, July 5.—J. E. Lamb was elected chairman of the Indiana delegation at the Democratic national convention at a caucus last night. Committee recommendations were made as follows:

B. F. Shively, committee on resolutions.

G. V. Menzies, committee on credentials.

S. M. Ralston, committee on permanent organization.

A. T. Kruger, committee on rules and order of business.

W. H. O'Brien, committee on notification of presidential nominee.

J. Herf, committee on notification of vice presidential nominee.

Thomas Taggart, national committee.

John W. Kern was chosen to second Judge Parker's nomination for the presidency on behalf of the Indiana delegation.

of South Eighth street, was shooting off a Roman candle when a spark ignited the rest of a large stock of fireworks nearby. There was a merry scramble for a time and it looked serious as some dresses caught fire, scaring their wearers. The conflagration was put out with only a few burns as the result.

Leg Broken—"Buck" Fletcher, ex-sheriff of Randolph county, met with an accident yesterday at Winchester, while celebrating the Fourth. A large platform was erected on which were several children and all the fireworks. A Roman candle was fired and ignited the whole display at one time. During the explosion a large rocket struck Mr. Fletcher in the leg, breaking one of the bones. Several of the children were injured in the scramble that followed the explosion. The fire department was also called out.

MONTHLY REPORT

Of the City Health Officers—City is
O. K.

The monthly report of the city Health Department shows twenty deaths during June to twenty-three births, a showing that is not as good as it might be. However, the surplus is on the right side. There are no cases of diphtheria now in Richmond or at least there were none on June 30th and the city is entirely free from contagion, a condition that is greatly to be desired. The sanitary inspector, John Seaman, has weeded out many unsanitary places and his work is to be commended.

LOST—A purse left in ladies' waiting room at Pennsylvania depot. Name Elsie Moran inside. Finder please leave at Knollensberg's store.

Yesterday morning at 9:45 the fire department was called to the home of Superintendent Gorman, where fire had caught in the kitchen. The damage will amount to about \$50.

DEMOCRATIC CONVENTION

(Continued From First Page.)

power to act. This prevailed and as the day wore on it seemed likely that Parker's preponderance will not prevent the presentation of other names.

The Kansas delegation is badly broken up for President. So far as known it will stand Hearts, 11; Parker, 6; Miles, 1; undecided, 2.

At a meeting of the Ohio delegation this afternoon Harland Cleveland, who had been communicating with Harmon, at Cincinnati, by long distance telephone, announced that Harmon's name would be presented for president, and not for vice president. Cleveland insisted that Harmon will stay in the race for first place. Failing in that his name will not be presented for the second place. Cleveland would not say that Harmon would decline the second place, but it was evident that he did not desire the vice presidency and if voted for in second place his name would be sprung by some other State than Ohio, while no instructions are yet evident under the unit rule the forty-six votes of Ohio will be cast for Harmon until the latter withdraws, which he and his friends are not disposed to do until after a ballot is taken.

Representatives of the opposition to Parker after a conference issued the statement that they formally agreed that the nomination of Parker was impossible as the opposition represents easily much more than one-third of the votes necessary to prevent the nomination. But it is claimed by Parker men that the opposition can not be held together—that Maryland and West Virginia will leave Gorman for Parker when they can be released. The West Virginia delegation is at sea owing to the silence of Gorman.

INDIANAN MAN

Identified as One of the Victims of
the Wabash Wreck.

Litchfield, Ill., July 5.—P. J. Ryan, of Indianapolis, has identified one of the victims of the Wabash wreck, who died in the hospital, as Patrick Keef, of Kentland, Ind., Democratic national elector on the way to the St. Louis convention.

SCHOOL FUND

The Money Returned to the County
Treasurer.

Some time ago Wayne county sent to the State treasurer \$21,684.20 and this morning there was returned to the treasurer \$15,201.52. This is on the basis of 10,001 school children in Wayne county at \$1.52 per child.

DEATHS AND FUNERALS.

Sheffer—Ann Sheffer, wife of John Sheffer, died Sunday night at her home seven miles southeast of the city, on the State line, at the age of sixty-two years. Besides her husband, two sons and four daughters survive. The funeral will be Wednesday afternoon at 2 o'clock (sun time) from the home. Interment at State line cemetery.

Beckshulte—Henry B. Beckshulte died yesterday afternoon at his residence, No. 51 Washington avenue, of heart disease, at the age of seventy years. His wife, Elizabeth and three sons and three daughters survive. The funeral will take place Friday morning at 9 o'clock from St. Andrew's church. Interment at St. Andrew's cemetery.

A SPLIT IN SIGHT

Predictions Freely Made That Demo-

crats Will Not Get Through Whole.

Indianapolis, July 5.—Predictions are being freely made that the St. Louis convention will result in another split in the Democratic party that will take the radicals and conservatives farther apart than they are at this time. It is believed that no action that can be taken by the conservative element will be satisfactory to the Bryan wing of the party, and that the Bryanites will make no concessions that will bring the other branch of the party into harmony. Special dispatches from St. Louis Monday say the Indiana delegation is preparing to swap their chances for naming the vice presidential candidate for support for Taggart as national chairman.

Following a suggestion made by Coroner Tatewiler, an ordinance will be introduced in the city council providing for the designation of certain places along White river and Fall creek for public bathing. The coroner pointed out that eighteen deaths from drowning occurred in Indianapolis last year, and that eleven drownings have occurred so far this year. Many of the fatalities could be averted, he said, by establishing public bathing places along the river and creek, putting them in charge of policemen who are good swimmers, and equipping them with life-saving apparatus. As the sentiment of the council is heartily in favor of such a measure, it is not likely the ordinance will meet with any opposition.

Agitation toward the establishment of a new state organ is being quietly continued by Indianapolis Republicans, who say they are not satisfied with the party's present organ. Several meetings of prominent Republicans have been held lately, and rumor connects the names of Harry New, George Pitt, W. R. McKee of Terre Haute, and others with the project. Party men in this city are now being requested to make their campaign donations in the form of subscriptions for stock in the new paper, which it is hoped to have in the field in time to take part in the campaign this fall.

Indianapolis Prohibitionists are fearful that the work of the national convention which was held here last week must be done over. Letters received by local members of the party from Dr. Swallow, the presidential nominee, indicate that he is not at all certain as to whether he wants the nomination. Dr. Swallow in his letters thanks the Indianapolis men who helped nominate him, but says his private affairs are in such shape as to make it doubtful if he can accept the nomination. In case he should refuse his successor on the ticket would be named by the national committee.

Indianapolis doctors favor the adoption of a law by the next legislature making it a criminal offense for druggists to sell carbolio acid or any poison except on the prescription of a regular physician. Such a law, they say, would reduce the number of suicides in the state, and as the suicide rate is rapidly increasing in Indiana, they think a law along these lines should be enacted. Co-operation of doctors throughout the state will be asked in securing the enactment of such a law.

The Indianapolis Derby (pronounced darby) was held at the state fair grounds Monday afternoon in the presence of a crowd numbering nearly 20,000. The suppression of bookmaking at the Chicago racetracks has brought many crack bangtails from the windy city to the Indianapolis track, and the sport was good enough to be thoroughly enjoyed by the big crowd.

Reports to the state statistician show that Indiana's corn crop this year, in spite of the continued cool weather, will be large. The crop is reported to be in fine condition in nearly every part of the state, and with a few weeks of warm weather will be a record-breaker in many sections. Little trouble from cutworms

is reported from anywhere in the state.

Indiana Socialists met in state convention here Monday for the purpose of placing a full state ticket in the field. The platform follows the lines of previous declarations of the Socialists. Much difficulty was anticipated in selecting a ticket, as there are no aspirants. William Mahoney of Terre Haute was the only man talked of for the nomination for governor.

Will Meet "Under the Oaks."

Oyster Bay, July 5.—The president has received word from Senator Fairbanks of Indiana that he would attend the celebration of the fiftieth anniversary of the formation of the Republican party to be held "under the oaks" at Jackson, Mich., tomorrow. Senator Fairbanks will deliver an address on that occasion, as also will Secretary of State Hay. Senator Fairbanks will visit President Roosevelt, probably the latter part of this week, although the date has not been definitely fixed.

Lost Cheek, Ear and Hand.

Marion, Ind., July 5.—In an explosion that followed his attempt to light some fireworks with a slow match, Bayard Ruley of Jonesboro, six miles south of here, lost a cheek, an ear and a right hand. It is thought the accident will prove fatal.

St. Joseph, Mo., July 5.—A man was killed last night by a giant cracker which he held in his hand at the time it exploded.

Another Rising Sun Suicide.

Rising Sun, Ind., July 5.—William O. Powell, a retired farmer fifty-five years old, committed suicide by blowing out his brains with a shotgun. He was a rejected juror in the Gillespie case, since which time he had been acting queerly.

Deadly Combination.

Great Falls, Mont., July 5.—Margaret Fink is dead of a wound inflicted during a Fourth of July celebration by Arthur Gies, four years of age, who discharged a shotgun in the girl's face, blowing off part of her head.

Killed by Skyrocket.

Ishpeming, Mich., July 5.—The three-year-old son of Edward Stonebreaker was struck in the heart by a skyrocket while walking on the street with his mother last evening and was instantly killed.

Miss Ella Winchester and her mother left today for Battleboro, Vermont, where they will spend the summer.

WORK COMPLETED.

The Board of Review has now ceased its labors for this year. They have worked faithfully in the interest of all taxpayers and did it impartially and well.
