#### Self Protection.

demands that you be on the alert to see that you get Painkiller (Perry Davis') when you ask for it; some dealers will try and persuade you to take something else, claimed to be just as good; insist upon getting Painkiller the remedy which has been the world's family doctor for 60 years; it never fails to stop diarrhoea, griping pains in the stomach or bowels, dysentery, etc. Large bottles 25 and 50 cents.

#### From Hot to Cold.

Dysentery is prevalent everywhere in summer and is due to miasmic poisons, and begins abruptly with inflammation of the mucous lining of the large bowel. In America the disease is common, but properly treated does not result as seriously as in the tropics. Perry Davis' Painkiller is the best known remedy and the most efficacious in the treatment of dysentery.

## GEORGE MITCHELL

His Many Talents and How They Were Put to Use.  
(American Inventor.)

"To do and dare to do things" is what has made the great industrial position that this country now occupies. America has contributed more generously to the list of the world's "captains of industry" than any other nation, owing to the fact that opportunities and their contingent rewards have been plentiful. How accomplishment is attained by serious and concentrated effort is exemplified in the case of George Mitchell, of copper mining fame.

He began life as a poor boy and by hard work and self-denial has gradually worked his way to the foremost position of success in the copper world. Associated and interested in an official capacity in some of the largest copper mining properties of Montana and Colorado, he amassed a fortune, but his earnings did not stop there; he has pushed his mining enterprise over the border lines of this country into Mexico, and is now building a railroad from the interior of that country to the Pacific Ocean in order to place the product of his ore on the market. Towns have arisen spontaneously wherever he has planted an enterprise. In the seething cauldron of mining activities he has found sufficient time to perfect a vast multitude of inventions on machines for the reduction of ores, smelters, converters, power plants and other mining uses.

His patents are of great worth to mining interests, for many of them have revolutionized hand labor and the costs of refining processes. He possesses an inventive mind of unusual fertility and new patents are issued to him at frequent intervals.

Some men possess one talent and do not make use of it, but George Mitchell has many and they are all active. Such men do "things."

The regular monthly business meeting of the Flower Mission will be held at the home of Miss Mary Shively, South Fourteenth street, tomorrow afternoon at 2:30. A large attendance is expected.

Mrs. Belle Nugen and Mrs. Clara Cox, of Lewisville, Ind., visited relatives here this week.

#### Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Riggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by A. G. Lukens & Co., and W. H. Sudhoff, Fifth and Main streets.

Ely's Liquid Cream Balm is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh who are used to an atomizer in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 56 Warren street, New York, will mail it.

## Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it—are wrong. Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves. Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Backache, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations like Sea-Sickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results. "I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have received the best results. I heartily recommend their curative properties for the sick and suffering."—REV. RAY A. WATROS, D. D., Iowa City, Ia. Sold by druggists, at 25c. Money back if first box does not help. Never sold in bulk.

**FREE** Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain. Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Free. DR. MILES' MEDICAL CO., LABORATORIES, ELKHART, IND.

## WALLACE'S LUCK

Show Doing Well—Cars Derailed on Tuesday.

(Peru Journal.)

Benjamin E. Wallace has returned home from his circus to remain until it reaches Lapeer, Mich., one of the stands which the show was compelled to miss last year on account of the wreck at Durand, Mich. Mr. Wallace looks well and feels well and he is home to visit Mrs. Wallace and transact some important business.

The shows are doing well this season, notwithstanding the depression of all other kinds of business throughout the country. Nothing of an exciting nature has transpired with the circus lately. Tuesday while the show trains were en route to Toledo on the C. H. & D. railroad at Bowling Green, Ohio, several cars were derailed, resulting in the show being unable to exhibit at Toledo in the afternoon. At night the tent was packed. There was no one hurt in the accident which was caused by the rails spreading.

Mr. Wallace states that Carl Herkenrath, the elephant trainer, has not been able to exhibit his wonderful trio of animals since he joined the shows two weeks ago, as on the very day that he reached the circus he was taken down with appendicitis and is still bedfast.
