### Illinois Train Robbers Call on Pullman Passengers For Valuables.

### A BOLD UNDERTAKING

Not Even in the Palmiest Days of  
Jesse James Was Such a Trick  
Turned More Neatly.

Twenty-five Miles Out of Chicago  
Bandits Plunder Illinois Central  
Train and Get Away.

Chicago, Aug. 2.—Robbers last night  
held up an Illinois Central passenger  
train between Flossmore and Mat-  
teson, about twenty-five miles from Chi-  
cago. Several of the passengers were  
robbed and one person who resisted  
was seriously wounded by the robbers.  
The bandits, of whom there were  
five, had revolvers and three were  
masked. The man who was wounded  
was struck on the head with an ax.  
The train was a special bound for St.  
Louis with excursionists. It left Chi-  
cago at 9:27 o'clock and consisted of  
two baggage and mail cars, three day  
coaches and two Pullman sleepers.  
At Harey or somewhere between  
there and Matteson, the bandits board-  
ed the train. Three of them wore  
masks. A fourth man, believed to be  
the leader, and a fifth, who stood  
guard between the last day coach and  
the forward Pullman, wore no dis-  
guise. The leader and his masked  
companions entered the forward Pull-  
man, aroused the occupants and forced  
them to go to the rear sleeper, where  
the passengers also were aroused.  
Here they were searched for valu-  
ables, and it was here that one man  
who resisted was struck on the head  
with an ax and severely injured.  
After obtaining the passengers'  
money and valuables the bandits  
locked their victims in the cars. One  
of the robbers then pulled the emer-  
gency bell-rope and the train was  
stopped. When the speed had been  
slackened sufficiently the robbers  
leaped off and went west in the dark-  
ness. The engineer was not aware  
that his train had been robbed until  
he went back to learn why he had  
been signalled to stop.

## SITUATION CLEARING

Packers Seem to Be Getting the Bet-  
ter of the Strikers.

Chicago, Aug. 2.—With increased  
forces of skilled workers and their  
operating departments more thor-  
oughly equipped than at any time since  
the beginning of the strike, the em-  
ployers have taken a firm grip on the  
machinery of their affairs, and as a  
result the stockyards have taken on  
the old hum of activity to a great ex-  
tent. Over 78,000 head of livestock  
was received here yesterday. This is  
an increase of 59,000 head over the  
receipts on the corresponding day last  
week. Such an enormous amount of  
livestock would under normal condi-  
tions have had a depressing effect on  
the market, and when the trainloads  
of animals began to pour into the  
yards, stockmen and traders feared a  
panic, but it did not occur. Prices  
were lowered sharply, but the fact  
that the market held so well as it did  
seemed to prove beyond argument  
that the packers are prepared to in-  
crease their output.  
The big packers bought 5,000 cattle,  
13,000 hogs and 10,000 sheep during  
the day. Before nightfall 80 per cent  
of these purchases had been slaugh-  
tered. Further proof of the claims of  
the packers that the difficulties of the  
strike are being overcome was fur-  
nished by the shipment of 500 carloads  
of fresh meats from the stockyards.  
Of this number 400 cars were loaded  
and shipped by the firms affected by  
the strike. These shipments were  
consigned to all parts of the world,  
eighty carloads being billed to Boston  
for export. These shipments followed  
280 carloads of meat sent out by the  
packers last Saturday and represent  
only a part of the business that is be-  
ing carried on in spite of the strike.  
As near as could be estimated 359  
union men from the various trades on  
strike returned to work during the  
day. Of this number who abandoned  
the fight many were skilled workers.  
The packers claim these desertions  
makes the total number of strikers  
who have returned to work at least  
2,000.  
Chief of Police O'Neill, who has  
taken charge of the stockyards during  
the trouble, declares his belief that  
peace is in sight and that by Thursday  
great changes will be seen tending  
toward a peaceful end.

## FOREIGNERS ALARMED

President of Hayti Recalls the Bloody  
Deeds of Dessalines.  
Port au Prince, Hayti, Aug. 2.—At  
a public reception here President  
Nord made an address which has  
alarmed the foreign residents. He  
accused the foreign population of plot-  
ting against his government for the  
object of overthrowing which they had  
put up the rate of exchange and also  
prices on all goods. The president  
said he had decided to defend himself  
and intimated that he would take  
strong measures.  
President Nord made a threatening  
reference to "what happened in Hayti  
in 1804."  
The rate of exchange is 600 per cent.  
In January, 1804, after the power of  
the French ceased in the Island of  
Hayti, the independence of the Island  
was proclaimed and Jean Jacques Des-  
salines was named governor general  
for life with full legislative and mili-  
tary powers and the right of appoint-  
ing his successor. Dessalines was a  
negro and had at one time been a  
slave. In March of 1804 he proclaimed  
the massacre of all the whites, calling  
upon his people to "render war for  
war, crime for crime and outrage for  
outrage, to the European cannibals  
who have for so long preyed upon our  
race." As a result of this proclama-  
tion there was a general massacre of  
nearly the whole of the whites, includ-  
ing aged men, women and children,  
numbering at the lowest estimate,  
2,500. The negroes then declared Des-  
salines emperor and in the following  
October he was crowned at Port au  
Prince with the title of Jean Jacques I.  
In October, 1805, Dessalines was  
assassinated, after which the island  
was divided into the republic of Hayti  
and the republic of Santo Domingo.  
**Horrid Crime in Kentucky.**  
Owensboro, Ky., Aug. 2.—The body  
of an unknown white man was discov-  
ered at the fair grounds last night. A  
stake had been driven through his  
throat into the ground, then bent over  
to the walls and nailed. The men who  
discovered the body are being held  
pending the inquest.  
**"Katy" Telegraphers Go Out.**  
Dallas, Tex., Aug. 2.—Members of  
the Order of Railway Telegraphers  
in Dallas have quit work in obedience  
to an order for a strike of all the tel-  
egraphers employed on the Missouri,  
Kansas & Texas system.  
**He Kept His Secret.**  
St. Petersburg, Aug. 2.—The assas-  
sin of Minister of Interior Von Plehve  
is dead as a result of the injuries he  
sustained at the time he threw the  
bomb at the minister. He made no  
disclosures before his death.  
**Trolley Cars Come Together.**  
Westboro, Mass., Aug. 2.—A score  
of persons were injured, two of them  
fatally, in a head-on collision between  
two trolley cars on the Boston & Wor-  
cester street railway, three miles from  
Westboro.

## A GOOD STAND-OFF

Cost of Living Higher, but Wages Are  
Higher Yet.

Washington, Aug. 2.—Carroll D.  
Wright, commissioner of the labor bu-  
reau, in the 18th annual report of the  
bureau, just made public, gives the  
results of a comprehensive inquiry  
into the cost of living since 1896 and  
into the average wage rate during  
those periods. The showing so far as  
concerns wages has been made public  
heretofore, an investigation of 519 oc-  
cupations representing 67 industries  
in 3,429 separate establishments hav-  
ing shown an average increase in  
wages during this period of 16.6 per  
cent. The inquiry into the cost of liv-  
ing shows that living for work-  
men's families having under \$1,200 in-  
come per year has increased during  
this period 15.5 per cent.  
**A STIR IN MUSH**  
Armenian Revolutionists Attack a  
Party of Soldiers.  
Constantinople, Aug. 2.—Official tel-  
egrams report that a band of Arme-  
nian revolutionists ambushed a party of  
soldiers in the neighborhood of Mush.  
On the arrival of reinforcements the  
Armenians fled, setting fire to three  
villages on their way. Another band  
of Armenians, numbering sixty, at-  
tacked the village of Mossun, in the  
village of Erzeroum, but was repulsed  
by the garrison and attempted to es-  
cape to the Russian frontier. The es-  
cape of the band, however, was pre-  
vented by the frontier guards, only  
four of the Armenians getting away.

dock Hodge company, was destroyed  
by fire last evening, loss \$200,000; in-  
surance on the building amounted to  
\$189,000. The building contained 150,  
000 bushels of corn and 75,000 bushels  
of oats. In addition to this fifteen  
freight cars were destroyed. The fire  
started on the fifth floor, eighty-five  
feet above the earth, and the cause is  
unknown.  
**Sick Headache.**  
"For several years my wife was  
troubled with what physicians called  
sick headache of a very severe char-  
acter. She doctored with several em-

## Big Buildings Tied Up.

New York, Aug. 2.—The Building  
Trades Alliance, made up of seventeen  
unions, has declared a strike against  
the George A. Fuller Construction  
company, and work is tied up on the  
Times building, Sturtevant building,  
Trinity building, New York Hippo-  
drome and Tabor building. The rea-  
son given for calling out the men was  
because of a claim that the Fuller  
company has been using stone from  
non-union quarries and trimming  
yards.  
**TERSE TELEGRAMS**  
The Russian General, Count Kollar, was killed  
in the battle of Yanzu pass.  
Fire destroyed the establishment of the Shi-  
best Mercantile Co., at San Francisco. Loss  
\$125,000.  
Reports of damage to spring wheat by rust  
form a decided incentive for a strong wheat  
market.  
Ten thousand teamsters are on strike in Vi-  
enna, causing general demoralization in many  
branches of industry.  
The drought has destroyed the maize crop in  
Roumania and the government has prohibited  
the exportation of maize.  
President Roosevelt has decided to have noth-  
ing to do officially or personally with the set-  
tlement of the meat strike.  
The total amount of the output of the coal  
mines of the country in 1903 was 3,942,311 tons  
exceeding all previous records.  
The monthly statement of the public debt  
shows that at the close of business July 31, 1904  
the debt, less cash in the Treasury, amounted  
to \$90,781,415.  
Considerable damage was done in New York  
City during an electrical storm Monday after-  
noon. Both flagstaffs of the post office building  
in lower New York were struck.  
The comparative statement of the govern-  
ment receipts and expenditures for the month  
of July 1904, shows a deficit of \$17,407,739 as  
against a deficit of \$7,700,000 for July last year.
