## TIED GIRL TO A STAKE

### CRUEL ACT OF CAMPERS INTERFERED WITH

### ABOUT TO BURN HER

When Campbell Took a Hand And  
 Was Fatally Injured.

Cincinnati, Aug. 21.—If the infor-  
 mation secured by August Campbell,  
 a horse dealer of 327 West Seventh  
 street, proves to be correct, there is  
 more behind the accident in which his  
 brother, Charles E. Campbell, was fa-  
 tally injured last Saturday than has  
 appeared on the surface. Campbell,  
 who was 48 years old and lived on a  
 farm at Sweet Wine, Ohio, died at the  
 City Hospital Tuesday from a broken  
 neck, alleged to have been sustained  
 in a fall over a log while he was in a  
 friendly scuffle with a number of men  
 in a fishing camp on the Ohio River,  
 near California.

August Campbell, the brother, testi-  
 fied before Coroner Weaver yesterday  
 that the fishing camp was on his  
 mother's property and that he went  
 there and made an investigation. He  
 claims that he found that it was at the  
 camp of the Tallant Club that his  
 brother met his fatal injuries. Ac-  
 cording to his testimony he saw John  
 Hand at the camp. The latter, who  
 is an employee of the Grand Concert  
 Hall in this city, told him that last  
 Saturday the members of the club had  
 a young woman tied to a tree and had  
 piled papers about her feet and were  
 about to fire these when Charles  
 Campbell appeared and rushed for-  
 ward to release her.

Campbell also stated that Hand told  
 him John Emmingholz, a member of  
 the Twelfth Ward Fishing Club, was  
 present, and when Campbell rushed  
 forward to release the girl Emming-  
 holz ran up behind him and, stooping  
 down caught him by the ankles and  
 threw him over a log which was used  
 as a bench. When it was seen that the  
 man was seriously injured a physician  
 was summoned, who at once ordered  
 that the injured man be taken to a  
 hospital as hurriedly as possible. A  
 special car was procured and Camp-  
 bell was brought to the city on a  
 traction line and taken to the City  
 Hospital, where he lingered until Tues-  
 day. He was totally paralyzed from  
 the neck down when admitted to the  
 hospital and was beyond medical aid.

Coroner's Constable Louis Haer-  
 went to the camp yesterday to in-  
 vestigate and the result of his investiga-  
 tion may be the issuing of warrants.  
 Coroner Weaver will probe the matter  
 to the bottom to learn whether the ac-  
 cident was the result of rough play  
 or a deliberate attempt to do injury  
 to the man.

Emmingholz denies that anything of  
 the sort occurred and declares that  
 the accident was caused while the  
 men were "fooling" in the camp, and  
 that he and another man gave Camp-  
 bell a slight shove and the latter fell  
 backward over the log.

### Catarrh Cannot be Cured

with local applications, as they can-  
 not reach the seat of the disease. Cat-  
 arrh is a blood or constitutional dis-  
 ease and in order to cure it you must  
 take internal remedies. Hall's Catar-  
 rh Cure is taken internally, and acts  
 directly on the blood and mucous sur-  
 faces. Hall's Catarrh Cure is not a  
 quack medicine. It was prescribed by  
 one of the best physicians in this  
 country for years and is a regular  
 prescription. It is composed of the  
 best tonics known, combined with the  
 best blood purifier, acting directly  
 on the mucous surfaces. The perfect  
 combination of the two ingredients  
 is what produces such wonderful re-  
 sults in curing catarrh. Send for tes-  
 timonials free.

### Trade Conditions.

(By Henry Clews & Co.)  
 New York, Aug. 20.—Speculation  
 for the rise was somewhat confused  
 by the sharp advance in wheat, by the  
 unsettled condition of the steel trade  
 and by the further decline in crop  
 conditions. The movement in wheat,  
 of course, has its origin in the short-  
 age of the world's crop and the fall-  
 ing off in the yield in the United  
 States. The advance, however, ap-  
 pears to have been unduly stimulated  
 by public buying; and a sharp reac-  
 tion may set in when least expected.  
 As for the break in steel wire prod-  
 ucts, it is impossible to tell at this  
 writing how far reaching that step  
 may be. The cut of about \$5.00 a ton  
 appears to have been in retaliation  
 against the Pittsburgh Steel and Re-  
 public Iron & Steel conversion deal  
 and bears all the indications of a se-  
 rious trade war.

Concerning the crops, August, as  
 usual, is proving a month of recession  
 in most respects. Cotton and wheat  
 have noticeably declined during Aug-  
 ust, and while this is not likely to  
 change the estimate of a 12,000,000  
 bale cotton crop it has seriously af-  
 fected the wheat harvest; though some  
 conservative authorities are still figur-  
 ing on a 575,000,000 bushel crop. Corn  
 has thus far escaped injury, and is in  
 promising condition, except that the  
 crop is generally two weeks late, and  
 is especially exposed to injury from  
 frost. For corn the estimate is still  
 2,500,000,000 bushels. What the ef-  
 fect would be upon the stock market,  
 and general business also, of damag-  
 ing frost to this important crop no  
 one can venture to predict. Suffice it  
 to say that a large corn crop is the  
 mainstay of present hopefulness, and  
 failure to realize these expectations  
 would certainly exert a depressing in-  
 fluence throughout the country.

Aside from the unsettling features  
 just mentioned the outlook remains  
 favorable to a good, active market.  
 Stocks continue to be held in strong  
 hands, and their owners, who have  
 exceptional sources of information,  
 are still in an optimistic frame of  
 mind. In spite of recent trade reac-  
 tion, railroad earnings on the prin-  
 cipal roads in July showed a loss of only  
 about 2 per cent in gross, while the  
 loss in net was probably even less  
 than this owing to the curtailment of  
 expenses. This is a satisfactory re-  
 sult when it is remembered that the  
 comparison is with a record year.  
 Bank clearings, too, are showing a  
 very slight falling off, and when the  
 shrinkage in values and speculation  
 is taken into consideration it is evi-  
 dent that the contraction in volume of  
 legitimate business has not been as  
 large as supposed. Wall Street is al-  
 way in its most buoyant mood when  
 speculation is rampant, and like all  
 emotional constitutions, it is corre-  
 spondingly depressed when food for  
 excitement is withheld.

Maud Sutton, the winsome little

 Maloney's Wedding, which comes to

 tremendous hit in her portrayal of the  
 country girl in "Out of the Fold,"  
 which had a successful run at the  
 Great Northern Theater, Chicago, dur-

 of Mamie is said to be admirably  
 adapted to her brightness and vivac-  
 ity. She is assisted by McCabe &

 cast.
