INDIANA YEARLY FRIENDS' MEETING

TO BE HELD IN THIS CITY THE LAST OF THIS MONTH

MUCH TO BE DONE

Meeting Will Be Busy—List of Local

People Whose Terms Expire This Year.

The Yearly Meeting of Indiana Friends will be held in this city from September 29 to October 4.

Last year the meeting was held in Marion chiefly to appease the Friends of the northern part of the state, those who wanted to divide the meeting, but at the close of last year's meeting it was decided to hold the session of 1904 at this city, the regular meeting place. There has been a discussion for several years as to whether the Yearly Meeting should be held in Marion or this city, both great Friends' strongholds, and at the coming meeting it is expected that this question will be brought up again.

There will be quite a lot of business up before the Yearly Meeting this year. Many appointments of committees and boards are to be made and a great deal of other and minor business is to be transacted, so that the session will likely be a busy one. Only a few committees show a membership that will not be reorganized, although it is the custom among the Friends for incumbents to hold office for many years, much longer than among other denominations.

Probably the most important places to be filled are those of clerks of the meeting. Local clerks whose terms will expire are C. A. Francisco, A. M. Roberts and Rev. E. O. Ellis.

Of trustees the terms of E. O. Ellis and Timothy Nicholson will expire, although the vacancy caused by the dismissal of Rev. Ellis has been filled.

As trustees of the Woman's Missionary Association the terms of Lucy Binford and Phyllis Stephenson expire, and the Rev. Allen Jay's term as a member of the Bible Institute committee will close. Besides these names mentioned, there are several others, not living in Richmond whose terms will expire.

The Yearly Meeting will supply three places on the Board of Sutherland College, three on the Permanent Board, and one on the visiting committee of White's Institute.

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind." For sale by A. G. Luken & Co., W. H. Sudhoff, fifth and Main streets.

SUPT. OHLIGER

Of the Pennsylvania Looks at New Paris Crossing.

(New Paris Mirror.)

Superintendent Ohliger, of the Pennsylvania, was in town last Friday in response to a letter from Mayor Hildebrand, in conference with the latter in regard to the speed of trains through the corporation limits.

The mayor has received many complaints of late about the high rate of speed of some of the through trains over the dangerous crossings here.

Mr. Ohliger promised to do all possible to bring about a compliance with the law, but complained that the limit fixed by the ordinance here is absurdly low, being eight miles an hour.

It must be conceded that this is the case and in fairness to the company it would seem that the ordinance ought to be amended.

There ought to be no great danger from trains running at fifteen, or even twenty miles an hour, and if the ordinance was reasonable in its requirements very likely the train crews would be more careful to observe it.

A letter was received Tuesday by the mayor from Mr. Ohliger, stating that instructions had been issued to train crews and that everything possible would be done to secure compliance with the law.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
