Another Rare Opportunity.

Because of the inability of thousands of persons in and around Richmond to attend this, the greatest remodeling sale ever known in this community, and to satisfy the many inquiries as to how long our sale will last, we wish to state that we have decided to extend the great sale during the entire month of September. The contractors have been disappointed in not receiving the structural iron for our new front, and for that reason matters have been delayed somewhat. Our main object, however, in extending this sale is to turn into cash as much of this great stock of goods as is possible in order to save it from injury from dust, dirt plaster and water incident to rebuilding. Therefore, we again welcome you to our store during September, and we assure you that it will certainly pay every one to come miles to attend this great feast of bargains. You are sure to find every article just as advertised and the values much greater than you expect, and we guarantee satisfaction or your money cheerfully refunded. Extra sales people have been added throughout the store, and we can assure prompt and satisfactory service at all times. Don't put it off, but come at once and share in our matchless bargains.

The Great Pain Destroyer. The wonderful success of Phen-a-mid Tablets in the curing of pains and aches is owing to the fact that they are founded upon right principles.

It was only after years of patient research by a well known chemist that this logical remedy was discovered. Physicians at once tested it in their practice. It did what was claimed for it—relieved and permanently cured pains and aches. Hundreds of testimonials from well known physicians prove this.

Phen-a-mid Tablets are a household treasure—a valuable thing to have in the house. They are absolutely harmless. They do not depress the heart nor upset the stomach. But they do cure pains and aches by destroying those injurious elements in the blood which cause irritation to the nerves and produce pain. By thus getting right at the root of the trouble Phen-a-mid has never failed to make a cure.

Used by physicians and in many of the large hospitals throughout the country with marked success, shows that they do what has been claimed for them and that their after effect is always beneficial.

Phen-a-mid Tablets cost 25 cents at your druggist, or by mail from the manufacturers, Osborn-Colwell company, 46 Cliff street, New York. 13
