Special Announcement

We are glad to announce to the ladies of Richmond, that Miss Darnell, of Chicago, expert corset fitter and demonstrator will be with us next week beginning Tuesday morning, fitting and demonstrating

LA MARGUERITE AND KABO CORSETS

Miss Darnell comes as an introductory to the famous La Marguerite French Corset, a complete line of which we have just added to our corset department.

HOW TO WEAR A CORSET PERFECTLY—EVERY LADY SHOULD BE INTERESTED.

Perfect fitting corsets always give satisfaction both in wear and comfort.

Every lady must have her own proper corset; corsets must be chosen right, put on right, and worn right. If your corset is not perfectly comfortable it does not fit; if it does not fit it will not wear long, nor give satisfaction no matter how good a corset it may be.

The most essential part of a corset is its fitting, which will be clearly demonstrated by Miss Darnell at our store all next week, beginning Tuesday morning. All ladies are most cordially invited.

HERBERT COTTON

Writes Novel Postal Card to His Brother.

Herbert Cotton, son of Mr. and Mrs. Geo. W. Cotton of 202 Lincoln avenue, is in St. Louis attending the World's Fair. He mailed a novel post card to his brother Earl. The card is made of three pieces of thin wood glued together and made the same size as a regular post card. The card contained the following reading:

All a-board for the World's Fair. Arrived safe. Exposition is more than oak-a, it is ash-tonishing, you cedar-sights of your life. The Pike is straight, more than a pear of peaches and the spelers don't bark like a tree. Board and (s) lumber at poplar prices, no need to pine for what you plank down. Birch-ance the last great show for many years. More fun than the beech. I would spruce up and come. You Walnut regret it. Butternut delay. Sincerely.

HICKORY HEMLOCK,
Per Herbert Cotton.

DEMI SPEAKERS

Richmond Will Not Get Many This Campaign.

The Democratic State committee now hopes to put its speakers' bureau in operation early next week. It has met with some embarrassment in trying to obtain the services of the right kind of man as chief of the bureau. As soon as the bureau is in working order appointments will be made for a large number of speakers.

About fifty Indians have volunteered their services and the national committee promises to send to the State several speakers of national reputation. Senator Bailey of Texas, and Representative John Sharp Williams, of Missouri, are on the available list. It is expected that Senator

John W. Daniel will make a few speeches in the State, and David B. Hill, of New York, may come.

Some inquiry has been made as to whether Henry Gassaway Davis, the nominee for Vice-President, will appear in the state. Up to this time the state committee has not received any definite information on the subject. It is not improbable, the party managers say, that he will make a short tour of the state toward the latter part of October.

Senator Fairbanks is going into West Virginia the middle of this month, and it is taken for granted that the Democratic national committee will see that Davis makes a return call.

LABOR DAY

The Picnic and Dance Enjoyed by all Present.

The Labor Day picnic at Glen Miller was one of the best conducted picnics ever held in the Glen. There was a large attendance and everybody seemed to have an enjoyable time. The picnic dinner and the band concert were two features that were greatly appreciated. The dance at Odd Fellow's hall was not only well attended but well conducted.

ANOTHER ACCIDENT

To No. 20, But Did Not Result Seriously.

While speeding along at the rate of sixty miles an hour, en route from St. Louis to the east, a rear wheel on the tender of No. 20 on the Panhandle, broke when near Plainfield. The passengers, many of them did not know what had happened, but by the bumping and breaking the crew immediately realized they were near "hoo-doo spot" and that something was wrong. Before the train had run many lengths one of the oldest engineers on the road, Engineer Miller, brought it to a standstill. The crew was astonished when it saw that none of the coaches had been ditched, and that only a wheel was off the tender.

On Aug. 8, while speeding along the track at a mile-a-minute clip, a journal on one of the cars broke and five cars were burned and many people injured.

William Mulligan is still in the hospital suffering from the effects of poison. From talks had with him during rational periods, it seems as if he did not take the drug, but that some stranger administered it.
