**CHICAGO SCHOOLS**

Will Turn Out Graduates in House-  
keeping.

Chicago, Sept. 8.—Perfect house-  
keepers—lacking only in one detail—  
a house—will be graduated from the  
public schools soon, if the aims of the  
board of education are attained.

In fact, it is the hope of the school  
authorities that a diploma will far  
outclass beauty, wit, and other mat-  
rimonial attributes, putting the gradu-  
ates in a class by themselves. The only  
anxiety is whether the schools can  
graduate ideal housekeepers fast enough  
to keep up with the demand.

The expectation of the board mem-  
bers is based on a course of study  
in cooking, and sewing, completed  
yesterday by R. M. Smith, supervisor  
of the manual training and household  
arts department, after a year's work.  
In brief, after the Chicago public  
school girls of the seventh and eighth  
grades have successfully completed  
these courses they will know:

How to arrange and care for a  
kitchen.

How to select, use, and care for  
kitchen utensils.

What kind of fuel to use in cooking.  
What kinds of foods to cook and  
how to cook them.

The effect of the different foods on  
digestion.

What foods are fat producing and  
what foods are heat producing.

How to buy foods with the greatest  
possible economy.

How to write bills of fare that shall  
be attractive as well as furnish the  
right proportion of different foods.

How to keep their homes sanitary.  
How to care for the plumbing.  
How to darn socks.

How to patch trousers.

How to make their own dresses.  
The new courses of study were given  
out to the teachers in the differ-  
ent branches at a meeting in the  
rooms of the board of education yes-  
terday. They are the result of inves-  
tigations made by Supervisor Smith  
of the courses of study in use in  
schools of household arts, domestic  
science, and manual training all over  
the country.

Cooking and physiology will be  
taught together by the new system.  
First, the beginner must study the  
human body, its digestive functions,  
and the wearing out and the repairing  
of the tissues. The next step will be  
to study what rebuilding materials  
the body needs and what foods con-  
tain the most nourishment and are the  
most digestible—what are "heat giv-  
ers" and what are "flesh formers."

Then the pupils will be taught the  
proper arrangement and care of the  
kitchen and instructed in the use of  
the various utensils. They will be  
taught to practice economy in both  
buying and using food.

When the students have mastered  
the details of foods and the operation  
of the kitchen they will begin the ac-  
tual study of cooking. How to ar-  
range attractive bills of fare and at  
the same time a healthful dietary will  
be taught. The best diet for the sick  
will be explained and special stress  
will be laid upon infant feeding.  
House sanitation, including the chem-  
istry of house cleaning, will be the  
next branch taken up. Special atten-  
tion will be paid to the table setting  
and serving and the care of linen,  
china, silver, and brass.

But other branches of housekeeping  
will not be ignored. The instruction  
given to the classes in sewing will  
include the use of needles, thread,  
thimbles, scissors, tape measure, and  
the emery. After this the different  
kinds of cloth will be explained, with  
the process of weaving. Next the pu-  
pils will be taught all the kinds of  
stitches. After they have mastered  
them they will be taught how to patch  
to make buttonholes, to sew on but-  
tons, to darn, and to hemstitch. Then  
they will be given instructions in cut-  
ting and making garments.

Next they will be taught the pro-  
gress made in the clothes making in-  
dustry. Finally they will be told how  
to shop—how to select suitable ma-  
terial and how to calculate the amount  
necessary.

The new course of study in manual  
training practically unites the manual  
training and the drawing departments.  
All the drawings made will be of ob-  
jects used or made in the manual  
training shops. Woodwork will be  
the only practical branch of manual  
training taken up in the grade schools.

Makes rich, red blood and muscle  
more rapidly than any known remedy.  
That's what Hollister's Rocky Moun-  
tain Tea is. 35 cents, Tea or Tablets.  
A. G. Luken & Co.

Terrible plagues, those itching, pes-  
tering diseases of the skin. Put an  
end to misery. Doan's Ointment  
cures. At any drug store.

**INDIANA ELOPERS**

Girl and Youth Finance Their Elo-  
pement by Taking \$950.

East Chicago, Ind., Sept. 8.—The  
police of three cities are searching for  
the two young people who eloped from  
East Chicago and took with them \$950  
belonging to the young woman's sis-  
ter and her husband. The pair, Chris-  
tina Johnson and Ludwig Lind, are  
thought to be in hiding in Chicago.  
The police have cast out a dragnet  
for the couple.

Chief of Police Patterson of East  
Chicago admits having clews that will  
probably lead to their speedy arrest.

John Johnson, whose money has  
gone with the elopers, is superintendent  
of the Republic Iron and Steel  
Mills.

Work has been slack there in the  
last few weeks, and as Johnson had  
nothing on hand to do, he decided he  
would build himself a home. He went  
to the bank of East Chicago and drew  
out \$950. With this money he was  
going to buy material.

Sunday Johnson and his wife made  
up their minds to visit with friends  
and requested Miss Christina Johnson  
the wife's sister, to look after the  
children. To this the sister readily  
consented.

That afternoon Ludwig Lind, the  
young woman's sweetheart, called.  
When Mr. and Mrs. Johnson returned  
home in the evening the pair was gone.  
A hurried search of the house revealed  
the fact that Miss Johnson and her  
sweetheart had taken with them every  
cent of money belonging to the Johns-  
sons.

A reward of \$50 is offered for their  
arrest.

**Hid \$300 in Books.**

Terre Haute, Ind., Sept. 8.—Wil-  
liam Castro, aged seventy-two, under  
the Indiana Yearly Meeting of Friends out-  
posts, beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of  
the right-of-way of the P. C. C. & St. L. Railway,  
thence east along the south line of said  
section to a point on the north line of said  
section; thence east along the south line of  
the right-of-way to the east line of said section,  
thence north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

By order of the Common Council of the  
City of Richmond. JOHN F. TAGGART,  
Sept. 1-8-15-22-29. JOHN F. TAGGART,  
City Clerk.

**Annexation Notice.**

To Whom It May Concern:

In pursuance of a resolution adopted by  
the common council of the city of Rich-  
mond, at a regular meeting thereof, held on  
the 15th day of July, 1904, I, John F. Tag-  
gart, as clerk of said city, hereby give notice  
and publish the same, that the board of county commissioners of  
Wayne County, Indiana, will be begun and held on  
Monday, the 3rd day of October, 1904, at the court house in the city of Rich-  
mond, Indiana, by the mayor and common council thereof will  
present to said board of county commissioners proper petitions for the annexation to  
said city of Richmond of certain territory  
and land contiguous to said city, bounded and described as follows:

The south and east part of the east half of  
section thirty-one (31), township four cen-  
(14), north range one (1), west, bounded as  
follows: Beginning at the southeast corner  
and extending westwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence west along the south line of said  
section to a point on the north line of said  
section; thence east along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

Also Tract 57: part of the northwest  
quarter of section five (5), township thirteen  
(13), north range one (1), west; the Indiana  
Yearly Meeting of Friends outposts, bounded  
as follows: Beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence east along the south line of said  
section to a point on the north line of said  
section; thence west to the south line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

Also Tract 57: part of the northwest  
quarter of section five (5), township thirteen  
(13), north range one (1), west; the Indiana  
Yearly Meeting of Friends outposts, bounded  
as follows: Beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence east along the south line of said  
section to a point on the north line of said  
section; thence west to the south line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

Also Tract 57: part of the northwest  
quarter of section five (5), township thirteen  
(13), north range one (1), west; the Indiana  
Yearly Meeting of Friends outposts, bounded  
as follows: Beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence east along the south line of said  
section to a point on the north line of said  
section; thence west to the south line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

Also Tract 57: part of the northwest  
quarter of section five (5), township thirteen  
(13), north range one (1), west; the Indiana  
Yearly Meeting of Friends outposts, bounded  
as follows: Beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence east along the south line of said  
section to a point on the north line of said  
section; thence west to the south line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence  
west to the south line of the National  
Road; thence east along the south line of  
the National Road to the south line of the  
boundary line of the Indiana Yearly Meeting of  
Friends outposts; thence north to the place  
of beginning.

Also Tract 57: part of the northwest  
quarter of section five (5), township thirteen  
(13), north range one (1), west; the Indiana  
Yearly Meeting of Friends outposts, bounded  
as follows: Beginning at a point on the west  
line of said quarter section four hundred  
eighteen and five-tenths (418.5) feet south of  
the northeast corner of said section;  
and extending southwardly for one hundred  
and forty-eight feet to the south line of said  
section; thence east along the south line of said  
section to a point on the north line of said  
section; thence west to the south line of the Indiana  
Yearly Meeting of Friends outposts; thence  
north along the south line of said  
section to the west line of the Indiana  
Yearly Meeting of Friends outposts; thence
