SOCIETY NEWS

The distinct society event on the calendar of yesterday was the "Fair-land" entertainment, given on the Parish house lawn by a company of twelve popular young men, last evening. Society turned out en fete to attend the entertainment, and a gay throng filled the enclosure throughout the evening, spending a delightful time. Socially, and financially too, the entertainment surpassed the expectations of the managers, twelve popular young men. The lawn with its illuminative decorations of lighted Japanese lanterns and flambeaux, was exceedingly pretty, and presented an exceptionally fair-land appearance. Hanche's orchestra rendered music throughout the evening, seated beneath a tree, and surrounded with strings of lighted lanterns. The usual fete entertainments were offered, but made more alluring by the titles of the various entertainments. Refreshments were served inside the Parish house, the subcommittee of fifty young women being in charge of arrangements. The special feature of the fete, and one that proved very enjoyable to all, was the musical program, given at half past eight, in the Parish house. The program: Overture.....Hanche's orchestra Solo—"Three Green Bonnets" Hardelot....Miss Marie Kaufman Solo—Two Irish Melodies.....Mr. Arthur Leroy Tebbis Solo—"Slumber Boat".....Gaynor Miss Juliet F. Robbins. Quartette—"Song of the Seasons".....Hawley Miss Kaufman, Miss Cates, Miss Corwin, Miss Coffin. Finale.....Hanche's orchestra Accompanists—Miss Laura C. Gaston, Miss Elizabeth Newman. The selections were all given very well and the program, which was arranged by Mr. Griffith P. Ellis, was very well received. Mr. Tebbis, of Dayton, who came over especially for this concert, sang as well as ever he has sung in Richmond and he has gained a name as a musician of great promise. Miss Kaufman possesses a voice of remarkable feeling and power and her song was rapturously applauded. The entertainment was given in the interest of charity.

The accident was caused by a dense fog which prevented Engineer Maxson from seeing the train ahead of him, which had stopped.

RAILROAD TIES

Complaint Made That They Are Very Scarce.

Railroad men complain that it is now nearly impossible to get hold of good ties in any number. The price is now fifty or fifty-five cents apiece, but even at this price they cannot be obtained. Some roads would take as many as 500,000 at once if they could be obtained. "Good ties are scarcer now than empty cars were a year ago," remarked a railroad man today.

"Now, when you stop to think of the number of ties you pass over in going over a mile of track, you can easily estimate the cost of building railroads. A mile of ties nowadays would cost about \$1,200.

"Steel ties are gradually coming into use. The vast amount of street railway construction is partly responsible for the shortage."

It is reported a Pittsburg steel mill has in operation a new method of rolling steel ties, which reduces the cost of the steel tie and also the amount of work necessary to prepare a railroad to receive it.

It will be many years, however, before steel railway ties become popular in this country.

Don't forget the band concert at Glen Miller park Sunday afternoon should be given wise, kindly direction only.
