Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spread over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug stores or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 56 Warren Street, New York.

ONE CHILD IN THREE

IN THE CHICAGO SCHOOLS ARE AFFECTED

WITH DISEASED NERVES

Cause Attributed to Strenuous Urban Existence—Figures Given.

Chicago, Sept. 10.—One in every three school children in Chicago, it is estimated, is a victim of some form of nervousness, mild or aggravated. This is the finding of public school pedagogues after observations extending more than a year. The prevalence of nervous disorders among children is attributed to the following causes: The strenuous city life. The impure city atmosphere. The bringing up of children in flat buildings. No relief from noise, day or night. Lack of proper nutrition. Late hours permitted by parents. Residence along cable and trolley car lines.

The finding is based on statistics collected in every part of the city. Of the 300 pupils examined by the child study department of the school board during the last year a large majority of the defectives were found to be sufferers from diseases of the nerves.

According to C. C. Krauskopf, assistant supervisor of the child study department, the nervous affections usually took one of two forms: Sluggishness and mental depression, with tendencies toward melancholia.

Cholera, or uncontrollable nervous twitches.

Dr. Krauskopf attributed to malnutrition the condition of many of the children brought to the attention of the department.

"In a great many of the cases nervousness was directly traceable to lack of the proper food, accompanied by poor air to breathe, life in flat buildings, noise day and night—the natural results of city life," he said. "Nervousness is a natural result of life in the city."

Supt. Cooley declared that it has become a recognized fact that everything possible must be done in the public schools to counteract the nervous effect of city life.

"To exercise too great devotion to the school books provokes nervousness," he said, "an dmanual activity in schools will tend to lessen the danger. We have introduced manual training and the correlated branches of study into the schools for the purpose of decreasing the prevalent nervousness. The city life has much to do with the nervousness of the school children—the rattle of the elevated trains, the noise of the cable cars and trolleys, and the congested conditions of certain sections of the city."

A public school principal who has made a careful investigation of the subject and intends to publish a pamphlet showing the effect of city life on the child, declared that the parents have no conception of the "appalling increase" or nervous complaints among children.

He blamed the parents for permitting their children to keep late hours and go into "society," to attend dances and theatres while they are still in their teens. The public schools also were held to blame for a measure of the evil.

"The children in many instances are obliged to sit in desk chairs, which do not suit them," he said. So many children are crowded into a room that the air cannot be kept pure."

Teachers in Good Condition. Of the 171 teachers examined by the child study department during the last vacation period only six failed to pass the physical examination.

Cholera and Diarrhoea Remedy.

In Praise of Chamberlain's Colic,

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says

Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with

bowel trouble and took all kinds of medicine without getting any relief,

when my friend, Mr. C. Johnson, a merchant here, advised me to take

this remedy. After taking one dose I felt greatly relieved and when I

had taken the third dose was entirely cured. I thank you from the bot-

tom of my heart for putting this great remedy in the hands of mankind."

For sale by A. G. Luken & Co., W. H. Sudhoff, fifth and Main streets.

JEWISH NEW YEAR

Was Celebrated All Over the World Today.

The Jewish religious New Year began today.

This occasion is always celebrated in prayer and religious services. The observance of the day is begun at sundown of the previous day and continues until sundown.

In orthodox circles New Year's Eve has special features that have been observed at the table for centuries. Sweet things are eaten as an expression of a wish for a sweet year.

The Jewish New Year practically extends for ten days, when the Day of Atonement occurs.

Yesterday was a feast day, and from sunset of the day previous for twenty-four hours strict Jews do not eat a morsel of food or allow drink of any kind to pass their lips.

The holiday is known as "Rosh Hashonoh," Again, as in the ancient times in the temple of Jerusalem the trumpet known as the shofar made of the horn of the ram, will be blown in all the orthodox places of worship. This is replaced by the modern cornet in reform temples.

Various notes are uttered on this musical instrument, in exact counterpart of the notes heard by the Israelites in the temple thousands of years ago.

The holiday is observed in many particulars like the first day of the year in the Christian calendar, by the sending of cards and greetings.

"Yom Kippur," the Day of Atonement, follows ten days later. Orthodox Jews fast twenty-four hours and remain in their synagogues constantly during the day and night.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
