JOHN S. FITZGIBBONS,

Editor and Business Manager

Thursday night, September 29, Hon. Albert J. Beveridge will deliver a campaign speech at the Coliseum. From present indications the house will be packed. Senator Beveridge is one of the finest young orators in Indiana. He will not deal in dry facts but will preach the gospel of Republicanism as it has not been heard in this city for a long time.

Senator Fairbanks is a lion where ever he speaks. His campaign tour is very successful and his speeches are weighted with wisdom. It is this kind of man that wins in the race for anything.

In a private letter from Mr. S. W.

Gillilan to the editor of the Palladium we read between the lines that he is meeting with the success he so richly deserves. No man ever left Richmond with more friends than did Mr. Gillilan—and he deserved them all and more. Every minute of his time is occupied in preparation for the days to come as well as for the ever present.

Governor Durbin took a few hot shots at the Democracy the other day in a way not to be misunderstood. They try to ease odium on is administration of affairs in the state, especially in the charitable institutions but in all these attempts dismal failure has been the result.

DUBLIN.

Ed Beeson was among those who attended the late state air from Dublin.

An immense amount of coal, has been going west on the Panhandle of late.

Walter Cooper of Denver, Col., was the guest of his mother, Mrs. C. T. Swain and other relatives part of last week.

Benton Woodward has bought out the Clifford brothers' meat market. Miss Nellie Larsh attended the State Fair and visited friends at Indianapolis during fair week.

Quite a number of the citizens of Dublin have of late been feasting on the best of peaches of their own raising.

We certainly can commend the spirit zeal and go ahead spirit of Henry Haskins in running his bakery entirely by himself as he does.

Mrs. J. C. Mills was visiting friends at Fountain City last week and from there has gone to Chicago to join her husband, Prof. J. C. Mills, who now has a lucrative position in that city.

Rev. Parker, from Tennessee, and who preached in the Radical church Sunday night of last week preached Sunday morning in the M. E. church and at night the pulpit was occupied by Rev. Bills an evangelist and who by the way will fill Rev. Walters' appointments while the latter will be absent some two months in other church work. Rev. Parker and also Rev. Bills are both interesting pulpit orators.

Mrs. Thomas Henby a great church worker went to Richmond the fore part of the week to attend Friends' Yearly meeting as she has important church work allotted her.

Ed Garthwaite moved his household goods to Richmond Monday last and will live there as he has a position in one of the shops of that city.

Emory Pierson, a noted Quaker minister of Kansas spent over night with Mr. and Mrs. Micajah Henley the first of the week, being old friends. Rev. Pierson is attending the Yearly Meeting at Richmond.

SIGNS OF ACTION

Japs and Russians Seem to Be Again Lining Up For Battle.

A FORWARD MOVEMENT

On the Part of the Japanese Armies Portends an Early and General Engagement Near Mukden.

General Kuropatkin Is Fortifying a Strategic Position in Preparation For Contingencies.

Indications point to the imminence of a forward movement of the Japanese armies against the Russians at Tie pass, Simnintin and Mukden. General Kuropatkin is fortifying Fakoman, northeast of Mukden, in order that he may be prepared for the contingency of the evacuation of Simnintin. Reports of the naval engagement with the southeastern extremity of Sakhalin are not verified; on the contrary, it is believed the Vladivostok squadron remains in the harbor. There is no news from Port Arthur.

LITTLE FURTHER NEWS

The Curtain Again Rung Down on the Scene of War.

St. Petersburg, Sept. 28.—The war commission has received no further news from the front. A Mukden press telegram reporting that the Japanese had crossed the Hun river fifty miles above the city is believed to refer to scouting parties of Japanese whose presence there was recorded in the press dispatches of Sept. 26.

The movement of Japanese forces on the Liao river, which was reported in a dispatch from General Sakharoff to the general staff on Sept. 26, is all the more significant, since Siachan is the starting point of roads leading to Tie pass, Mukden and Simnintin. The announcement that the Russians are fortifying Fakoman, twenty-five miles northeast of Mukden, shows that General Kuropatkin is preparing to check the flanking movement on Tie pass from the west in case Simnintin should have to be evacuated.

The entire absence of news from Port Arthur, it is feared, indicates a closer blockade there. Hitherto dispatches from General Stoessel have been coming through semi-weekly.

The admiral has not received any details of the reported sea fight off Aniva, at the southeastern extremity of Sakhalin. The Vladivostok squadron, it is understood, is still in the harbor. The cannonading at Aniva was probably a Japanese attack on blockade runners.

A telegram received here from Batoum reporting that reservists are being transported along the Caucasian coast, brings the first intimation that troops there are being mobilized. There are only two army corps in the Caucasus, and one of these has apparently been ordered to the front. Prince Sviapolk-Mirsky was received in audience yesterday by the emperor. The prince will assume charge of the ministry of the interior on Oct. 1. The emperor will leave for Odessa today. It is his intention to visit Tiraspol instead of Kishineff, as has been previously announced.

A MIXED FINDING

Somewhat Peculiar Conclusion Arrived at by Georgia Commission.

Albany, Ga., Sept. 28.—The trial of Chief of Police Westbrook on sensational charges first preferred by Dr. L. G. Broughton of Atlanta in a sermon here three months ago and following which the preacher was cowhided by the chief, was concluded late yesterday afternoon. Of the seven specific charges preferred the chief was found guilty of two, viz., drinking while on duty and in uniform, and visiting barrooms while on duty and loitering at such places.

The commission imposed a fine of \$25 for each of these offenses and exonerated him on all other charges.

On the charge of assault on the minister the commissioners said: "We find Chief Westbrook guilty of this charge, but in our opinion the peculiar circumstances justified him as a man in pursuing the course he did."

Federation of Labor Officers.

Terre Haute, Ind., Sept. 28.—The State Federation of Labor elected the following officers: President, E. A. Perkins, Indianapolis; first vice president, George D. Herrick, Muncie; second vice president, Miss Lilly Fredericks, Indianapolis; third vice president, Wellington O'Connor, Staunton; fourth vice president, James W. Hegarty, Terre Haute; fifth vice president, Charles J. Steiss, Fort Wayne; secretary-treasurer, John W. Peters, South Bend.

Threw Himself on Court's Mercy. New London, Sept. 28.—Colonel James A. Brown, former treasurer of the People's Savings bank at Stonington, pleaded guilty to four counts of making false entries in the bank's books covering up an alleged shortage of \$20,000. Brown threw himself on the mercy of the court. Sentence was deferred.

A GREAT FINISH

Close of Campaign Will Not Lack in Interest.

Indianapolis, Sept. 28.—The Republicans will have a great finish for their campaign locally. Chairman Harry B. Smith said today that Senator Fairbanks will probably make the final speech. It will be the occasion for a great closing rally of the Republicans. Speaker Cannon is coming the latter part of next month. Secretary Shaw, Secretary Tatt and many others of prominence are to be here. Big preparations have been made for Senator Beveridge's meeting tonight. It is understood that he will reply to Judge Parker's letter of acceptance, and 'tis said that his speech will be a keynote for the president himself. Senator Beveridge will begin a tour of the state Friday. The convention of the National Association of Republican Clubs next week will be one of the big events of the campaign in this state.

An idea of what the Democratic national committee is doing for Indiana may be realized from a statement made today by your correspondent by Chairman M. A. Ryan of the speakers' bureau of the Democratic state committee, who said that he has more speakers now than he knows what to do with. He had just finished reading telegrams from the national committee stating that J. Hamilton Lewis of Washington will speak next week in Indiana and that David B. Hill's first dates would be Oct. 17, 18 and 19. Within the last three days the national committee has offered Indiana more speakers of prominence than were sent in either '96 or 1900, and word has been received that more speakers will be sent later. Chairman Ryan was pressed at the first of the campaign for enough speakers to fill all of the demands, but now he is sending out to the county chairmen asking them to make arrangements for meetings. It is a part of the plan to carry Indiana by sending as many of the big guns as possible. If they don't shake old "General Apathy" off the trail within the next forty days it will be strange. It is probable that Hill will open his campaign at Fort Wayne on the 17th, speaking here on the 18th and Evansville on the 19th. He will probably return to Indiana during the latter part of the campaign.

Senator Will Wood of Lafayette, law partner of J. Frank Hanly, called at the Republican state committee rooms today. He said that the Republican nominee for governor is in better physical condition than when he opened his campaign and that his voice seems to be in fine condition in spite of the strenuous task he has undertaken. Mr. Hanly has been speaking day and night almost since the hour of his nomination. Probably no other candidate for governor of Indiana ever put in a more active campaign on the stump, but Mr. Hanly has in his favor a strong constitution begotten in his youth, when he toiled early and late at hard labor. During his professional career he has been a man of fine habits, so he is physically able to withstand a bruising campaign. He will make his closing speech at Lafayette the night of November 5.

The betting on the election in Indiana is still light. In fact practically no betting has been done up to this time. The first money is now appearing on pluralities. Even money is offered that the Republican carry the state by 5,000 and small odds are asked on wagers that the state will give a Republican plurality of from \$3,000 to 10,000. It does not seem very likely that there will be much offered that the Republicans will carry the state by 35,000 or 40,000, although it is said that Congressman Hemenway told the president Monday at Washington that the Republican plurality will be 38,000, while Congressman Landis and other Republican spellbinders have been placing an estimate as high as 60,000. A few bets of \$100 to \$70 that President Roosevelt will be elected have been taken.

TAGGART

Will Not Have the Western Headquarters.

(By Associated Press.) New York, September 28.—It is not the intention of Chairman Taggart to open headquarters in the west. He expects to visit Indiana, Illinois and Wisconsin, but that will not take him away from active management of the national campaign.

WINDOW GLASS

The Cutters Have Formed a National Association.

Hartford City, Ind., September 28.—A. B. Lowe, of this city, wired from the East today that the window glass cutters had formed a national association with him as president. It is said he will act independently on the wage question.

Dynamite Plot Discovered.

Muncie, Ind., Sept. 28.—Two small boys while at play discovered two large dynamite cartridges in the foundation of the J. P. Snyder produce establishment, almost in the center of town, a half square from the courthouse. There was enough of the explosive in the cartridges to ruin two such buildings as Snyder's.

From Danger to Death.

Princeton, Sept. 28.—Charles Whitman, a farmer, was instantly killed by a passenger train on the Southern railroad, near Oakland City. He stepped from a side track to get away from a freight train and walked in front of the passenger train.

Turned Up Alive.

Wabash, Sept. 28.—Walter Harris, of this city, who disappeared several weeks ago, and who was reported dead, has returned to this city. He says the murder in Kentucky of a man of his name caused the rumor of his death.

BACKACHE AND DIZZINESS.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of Pelvic Organs.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
