More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the great stall around medicine for run down systems. It dispels nervousness, Rheumatism and Neuralgia, and expels Maria germs. Only 50c, and satisfaction guaranteed by A. G. Loken & Co.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LULL CONTINUES

Activities at the Front Consist Merely of Outpost Skirmishes.

ARMIES IN CLOSE TOUCH

General Kuropatkin Is Keeping His Forces In Contact With the Entire Japanese Front.

The Russian Army Is Being Rapidly Reinforced by Arrival of Fresh Troops.

Outpost skirmishes constitute the sum total of disclosed activities on the Liao and Taitse rivers. General Kuropatkin is reported to be keeping in contact with the entire Japanese front. Russian scouts report that the main Japanese force is centered in the vicinity of the Yentai mines. Fresh troops and convalescents are arriving at Mukden in large numbers. The railway north from Mukden is proving of much value to General Kuropatkin in bringing supplies for his army as well as reinforcements. Chinese arriving at Chefoo report that Japanese attacks on Port Arthur have resulted in heavy losses to the assaulting forces, while the Russians suffered comparatively little.

IN CLOSE TOUCH

The Two Opposing Forces Not Far Apart in Manchuria.

St. Petersburg, Sept. 29.—Movements at the front, so far as disclosed by the meager dispatches received here, are confined almost to continuous outpost skirmishes by means of which General Kuropatkin is keeping in close touch with the Japanese along the whole of their front. Field Marshal Oyama's advance appears to be extremely deliberate. There are no indications as yet that he has begun to overlap Russian positions.

The superiority of the Russian cavalry is beginning to be apparent. They have had the best of it in a number of minor encounters. It appears that General Rennenkampf's movement to the southward on Sept. 19 extended beyond the distance indicated by first reports. His Cossacks made a rapid sweep on Sept. 22 and struck a Japanese force at Bensihu, threatening their communications and causing considerable excitement.

Reinforcements are rapidly arriving at Mukden and many convalescents are already returning to duty. It is reported that General Kuropatkin has made a requisition upon the authorities here for additional officers to make up the heavy losses in killed and wounded in the battle of Liac Yang.

All Quiet at Mukden.

Mukden, Sept. 29.—Many skirmishes and reconnaissances are reported to headquarters here, but except for these, quiet still prevails. In the fighting that has been taking place the Russian scouts have almost invariably shown superior to the Japanese, both in riding and fighting. Beautiful autumn weather continues. Reinforcements are arriving rapidly.

WASN'T A FORGERY

Roosevelt-Donnelly Sensation Didn't Last Long.

New York, Sept. 29.—The letter alleged to have been sent to Michael J. Donnelly, the leader of the meat strike, purporting to be one sent by President Roosevelt, was copied from an editorial in the New York Evening Post of Aug. 1.

The Evening Post says: "The letter appeared as an editorial in the Evening Post of Aug. 1, and was explicitly stated to be a letter which the president 'might' have written, with advantage to himself and the country. In other words it was confessedly an imaginary letter, written for the sake of bringing out certain truths in regard to the meat strike."

The Evening Post also says: "We had no thought, of course, of being able to make even a presentable imitation of the president's literary style, and as the article was at the time commented on and reproduced somewhat extensively in the press, we never dreamed of its ever coming to figure as a 'campaign forgery.'"

Another Strike Threatened.

Chicago, Sept. 29.—Because six of the members of their union who participated in the stockyards strike have been unable to get back to work, the packing house teamsters announced last night that a vote in favor of another strike had been taken. While the drivers, it is stated, voted to strike, the teamsters' joint council refused to permit another walkout, declaring that it would only end in further disaster to the cause of unionism. A committee has been appointed by the joint council to see representatives of the packers and endeavor to settle the matter peaceably.

Crushed by His Engine.

St. Louis, Sept. 29.—H. A. Worden of Wymore, Neb., Burlington engineer, was killed in the yards of the Burlington railroad by the overturning of the tender of the locomotive.
