CROP CONDITION

And Weather From U. S. Agricultural Department.

Following is the report of the Agricultural department at Washington for the week ending October 3.

The week ending 8 a. m., October 3, 1904, averaged cooler than usual over Nevada, Utah, Arizona, central and northern New England, portions of interior California, and a narrow section of the north Pacific coast.

The more marked deficiencies in these districts ranged from 2 degrees to 4 grees per day in Maine and New Hampshire, and from 3 degrees to 5 degrees per day in the larger southwestern area already named. In the remaining portions of the country the temperature was normal or above, the excess for the larger part being over 6 per cent per day; generally from the Great Lakes to the Atlantic and over much of Florida and the Pacific coast region the excess averaged from 3 degrees to 5 degrees per day; along the upper Mississippi and from the central Mississippi Valley to the middle Atlantic coast, from 6 degrees to 9 degrees per day; and from Kansas southeastward to include most of the Southern States, from 9 degrees to 12 degrees per day, reaching the unusual excess of from 12 degrees to 16 degrees per day in parts of Kansas and Mississippi.

Corn has experienced another week of favorable conditions, but frost was injurious in Wisconsin, much was blown down and damaged in Illinois, and dry weather is needed in Iowa to prepare the crop for cribbing. Corn is practically safe in Nebraska; less than 5 per cent is in danger from frost in Michigan and eastern Kansas; 10 per cent in Ohio, central Indiana, Iowa and South Dakota, 20 per cent in northern and central Illinois and Missouri. Cutting is progressing rapidly in all sections, being practically completed in portions of southern Missouri, and nearing completion in Kansas.

Temperature above normal, no frost; copious rains first of week; corn practically safe in northern and southern sections, but about 10 per cent of crop in central sections is in danger from frost; wheat sowing nearing completion; rye sowing and clover hulling under way; tomatoes and peaches about gathered; grapes and pears abundant; ground in fine condition.

NEW PARIS.

The Tuesday Club held their first meeting last night at the home of Mrs. A. B. Reid. Miss McNeill opened the program with a musical number. Miss Carrie Reid being too ill to come her paper, "A Look For the Year" was read by Miss Ara White. Mrs. Ethel Colby, Mrs. Stella Penland, Mrs. May Findlay, Miss Edwina Morrow and Miss Glenna Vea were admitted to membership. The next meeting will be with Miss McNeill, West Main street.

Dr. H. K. Findlay is recovering rapidly from injuries received in the runaway day before yesterday.

The Odd Fellows have special work tonight.

Miss Pearl Porterfield spent the day in Richmond.

Elwood Kesler has moved into the west side of J. M. Sawyer's house.

G. N. Clark is still in very poor health.

Mrs. M. Bunker and guests are spending the day at Lynn.

Charles Cox has returned to Eaton after a short visit with friends here.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents guaranteed at A. G. Luken & Co.'s drug store.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.
"I recommend it to all young women who suffer from female weakness."—Miss ALMA PRATT, Holly, Mich.

FREE MEDICAL ADVICE TO YOUNG GIRLS.

All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

A Young Chicago Girl Saved from Despair.

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more. —LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill."

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

We Cannot

and we do not try to meet the prices made on cheap furnace installing — it can not be done—nor should our prices be judged by the very lowest bids that can be made on cheap furnace work.

We can demonstrate that we have the best and know how to put them in, if you will call at our place of business whenever you have a few minutes' time.
