SIXTY-NINTH HAVE REUNION

AT LEWISVILLE, HENRY COUNTY FOR TWO DAYS.

THE TWENTIETH ANNUAL

Colonel Perry Re-Elected President

—Next Meeting Will Be at Economy, Ind.

(Special to the Palladium.)

Lewisville, Ind., October 7, 1904.—The 69th Indiana Infantry held their twentieth reunion here today, renewing of old acquaintances and relating old war stories being the order of the day. On arriving all the members went into the I. O. O. F. hall and registered. Each was presented with a badge reading—20th Annual Reunion 69th Indiana Regiment—Lewisville, Ind., October 7, 1904.

At 12 o'clock a fine dinner was served in I. O. O. F. dining hall by the Ladies' Aid Society of the M. E. church. Supper was served at 5 o'clock. At 2 p. m. the business meeting was held in I. O. O. F. hall. The Association will go to Economy, Ind., in 1905. The old officers, Colonel Perry, president, and Major M. M. Lacey, were re-elected.

Daniel R. Lucas, department commander of Indiana G. A. R., talked to the boys a few minutes. He gave some amusing stories. He urged all soldiers who were not now members of the G. A. R. to become members of some G. A. R. Post. He said it was a duty they owed to their prosperity. It is wrong for comrades to deprive themselves of the delightful friendship and pleasant memories that are always associated with the meetings of the G. A. R.

There are men who would give one thousand dollars for the privilege of wearing the G. A. R. badge, yet there are several thousand comrades in Indiana who have the badge and wear it who have a right to join the Grand Army of the Republic, and does not, do so, may cause his descendants to blush for shame, for when they search the records for their ancestors service and standing as the descendants of the Revolution are eagerly doing today, if they do not find his name on our rolls, they will be surprised and distressed for fear that he had been guilty of some crime or misdemeanor that made him ineligible and unfit to associate with the comrades of the Grand Army of the Republic. Not a single pension law has been passed in the last twenty-five years that has not been directly through the influence of the Grand Army of the Republic. Any comrade drawing a pension and standing aloof from the Grand Army of the Republic, is not exercising the fraternity that is justly due from him to the men who have kept up and sustained the Grand Army of the Republic. Reaping the benefits of the organized forces of the Grand Army of the Republic he ought to touch elbows himself and get in line—wear the button and be counted when his influence is needed.

The end of our lives on earth is drawing near and our memories are all too sacred, our fraternity too holy, for any comrade to go down in the valley without it now.

At 7:45 p. m. the soldiers and citizens gathered at the new opera house where the camp fire was held.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Union Traction Company Gives Up Its Project.

The Union Traction company has abandoned the project to build a line from Anderson to Middletown, for the present at least. This is the road which it was proposed to extend to Newcastle. The Richmond and Northwestern project also appears to be dead for the time being, and there are no immediate prospects of an electric line out of this city in the near future.

It is announced by the Union Traction company that it will build no more lines for two years. The right of way of the company between Anderson and Middletown has been fenced in by the company, indicating that it is in no hurry to construct the road. The Newcastle and Winchester project seems to be the only one in this vicinity that is alive and kicking. Its promoters are going right ahead getting franchises and right of way.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in these wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes such injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by A. G. Luken & Co., and W. H. Sudhoff, corner fifth and Main streets.
