A Thoughtful Man.
M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at A. G. Luken & Co.'s drug store.

LABOR NEWS

John Pierce, assistant to President Shaeffer, of the Amalgamated Association of Iron, Steel and Tin Workers, has been nominated for Congress by the Democrats in the south side district of Pittsburg.

Structural Iron Workers are voting upon a proposition to change the headquarters of the international from New York to some other city. Cleveland and Chicago are the leading candidates with New York still in the running.

Secretary Kellington, of the International Union of Flour and Cereal Mill Employes, has received word from New York that thirteen out of the sixteen flour firms whose workmen were on strike have signed a contract with the union.

Wilkesbarre (Pa.) Building Trades Council is perfecting arrangements to form a co-operative association for taking building contracts. This is an outcome of the recent lockout of union carpenters because of their refusal to consent to the open shop.

Efforts to bring about closer alliance between the printers and the commercial telegraphers' unions have met with fair success during the conventions of the last summer. Now the railroad and commercial telegraphers' organizations are talking negotiations, so that a close affiliation may result.

Railroads have refused to reduce the rates to San Francisco, Cal., for delegates to the national meeting of the A. F. of L., to be held on November 14 in that city. Frank Morrison, secretary of the organization, has filed a complaint with the Interstate Commerce Commission, alleging discrimination.

Samuel Gompers has sent a letter to the Chicago Federation of Labor declaring that, unless the latter organization complies with the rules of the American Federation of Labor by the first of next month, it will be expelled. The trouble is over a dispute between two organizations of plumbers.

There has been a big cut in wages in the Joliet (Ill.) plant of the United States Steel Corporation, affecting all but tonnage men. The reduction ranges from 20 to 40 per cent. It has been quietly accepted by the men who are working under it. The hours of work were at the same time lengthened.

The manner in which the representatives of capital and labor keep informed on each other's action is evidenced by the fact that in the last issue of the Union, the official paper of the Indiana State Federation of Labor, there is printed upon the front page the report of Frederick E. Matson, secretary of the Indianapolis Employers' Association. At the head of the report is a list of the executive committee of the association.

After months of consideration on the Master Builders' Association, of Boston, Mass., has adopted a platform of principles, declaring for absolute freedom to manage, without interference of any kind from employees, the open shop, no recognition of antagonistic combinations, absolute harmony of action on the part of all in case of a strike against any member, the registration of skilled workmen and the right of such registered workmen to conference on grievance.

A Very Remarkable Remedy.
"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." For sale by A. G. Luken & Co., and W. H. Sudhoff, corner Fifth and Main streets.

Scald head is an eczema of the scalp—very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

Where are you going my pretty maid, To the drug store, sir, said she, You see my complexion is getting bad I need some Rocky Mountain ea.

Health's Champion

Safety behind that name.

Who dares in Europe—where health laws are so stringent—to make enameled ware unless absolutely pure? That's where

STRANSKY Steel Ware

comes from. No fear of tainting the food cooked in Stransky Steel Ware—it's all imported. But all imported ware isn't "Stransky." When enameled ware is offered as "imported"—then's the time to look at the label. If it reads "Stransky Steel Ware" you're safe, and it's

"The Ware that Wears."

We sell a complete variety at favorable prices.
