POLO NEWS

The goal tender for the Elwood polo team next season is signed. It will be Harry Starkey, one of the best along. Parsons picked up a piece of front of the cage in the east.

Manager Sebern this morning received from Starkey, who resides at Hartford, Connecticut, a telegram, stating that the contract forwarded to him some time ago had been signed and was on its way back, and that he would leave for Elwood in a few days to report for duty.

Starkey and Harper were both on the reserve list of Manger Sebern. Either of the men could have easily filled the place and either would have been acceptable to Elwood patrons. When Manager Sebern sent out contracts, he gave Starkey the preference.

Mrs. C. N. Smith, secretary of the Western league, is engaged at present in compiling a revised polo guide, which will contain a short history of the sport in the west, all the official actions of the managers and the rules of the game, together with a number of engravings of leading promoters and players.

The Eastern league, which has been organized by Wm. Parsons in the Eastern states, has taken a sudden jump and will henceforth be found in the skating rink at Peoria, Ill., where Parsons will be located this winter. He built this rink last winter and tried to organize a league in Illinois, but was not successful, so

he opened a skating rink in Peoria and here he will be found this year. It was rumored this year that Parsons was organizing a league in the East and was going to pay such high salaries, but it has been learned from good authorities that although he was a good organizer, and a man well versed in polo, he never was a man that paid good salaries.—Exchange.

It is known for certain that Paddy Moran will be the utility man for the Anderson team this season.

Muncie fans are disconsolate over Higgins' retirement from the game. Higgins has perhaps as many friends in Polodom as any player that ever donned skates.

Hobe Whiting, wife and daughter, arrived in Logansport yesterday evening. Mr. Whiting is here to play center on the polo team this season, and with Spencer, who arrived several days ago, and Ole, Griffith and Berry who are expected either today or tomorrow, will at once begin getting into condition for the first game October 31.—Logansport Reporter.

Last season in the Central League every manager received twenty per cent of the gate receipts while on the road. This year managers will receive nothing while on the road, but will keep all the home gate receipts. Thus every manager must lose or profit by his own and his team's popularity.

EXPECTATIONS

Of Purdue For the State Championship.

Lafayette, Ind., October 23.—That Purdue will win the State championship in football this season was predicted at the opening of the season, and the performances of the eleven since that time indicate that the grounds were strong for the belief. From now until the close of the 1904 season Purdue has but two hard games—Indiana and Notre Dame. While it is believed that Purdue will have a hard time defeating either one of the college teams, Indiana is looked upon as the harder problem.

It has been the custom of Coach Horne to whip a strong team into shape after repeated defeats, and it is thought that the state university eleven will be strong, but Coach Cutts believes the state championship will rest at Purdue after Thanksgiving.

Of Notre Dame there is little fear, although the Irishmen may brace up and play good football before the season is over. For the past three years Notre Dame has held the state championship, but it looks as if they would lose it. Coach Salmon has a hard task in getting his recruits into anything like fighting shape for the big games.

Contrary to general belief, there will be another excursion to Indianapolis to see the game between Purdue and Indiana on Nov. 12. Since the catastrophe of last October, when sixteen students lost their lives within the city limits of Indianapolis, it was thought that the Purdue faculty would not again allow a special train to leave the city for the same purpose. But about 1,000 students have asked the athletic management to secure the special, which will be done.

The insignia board has granted initial letters to the members of the baseball and track teams who won their "P" last spring, as follows:

Track—Hearn, Vernon, Veschlage, Glover, Weaver, Thomas, Sage, Connor, Baseball—Cook, Cohen, Ritter, Wilson, Witt, Palmer, Gaetje, Fenil, Fogle, Hardy, Penick and Jones; Peek Huffman, Goodspeed.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. They not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle by A. G. Luken & Co., and W. H. Sudhoff, corner Fifth and Main streets.

It's like a "dip in the fountain of youth." To show the effect so gently that "youth lingers on the face of old age." That's what Hollister's Rocky Mountain Tea does. 35 cents Tea or Tablets.

COLORED MAN

At Indianapolis Petitions For Place On Congressional Ticket.

Indianapolis, Ind., October 23.—The county clerk's office was the center of much political interest Saturday. The petitions of George L. Knox, colored, for a place on the congressional ticket as an independent candidate, and of Dr. James Carter, 1102 West 27th street, for similar consideration as a People's party candidate, were filed.

The former, it has been said, will take some of the strength of Jesse Overstreet, Republican candidate for congress, and the latter will get at least some of the silver element vote that L. P. Harlan would otherwise get.

The Knox petition was a surprise in that it bore 925 signatures. Immediately after it was filed there were four applications from singers to be allowed to get on the petition. Many more are expected, it was confidently said in Republican circles last night.

Immediately after the filing of the petition Merrill Moores, Republican election commissioner, and Ross Hawkins began the preparation of a list of the names on cards. They will arrange the cards alphabetically to rid the petition of duplicate names and then will class the petitioners as to their precincts to see what names appear on the poll books. Names that do not appear on the poll books will be scratched off as not being voters.

The election commissioners will meet to prepare names for the ballots at 9 o'clock Monday and it is supposed that before that time the Republicans will make an effort to have as many as possible of the signers to withdraw their names. The law requires that petitions shall be signed by at least 200 voters, and if 726 names are withdrawn it will prevent Knox's name from going on the ballot.

Robbed the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents guaranteed at A. G. Luken & Co.'s drug store.

VEGETABLE SEASON OVER

LOCAL FRUITS ARE ALSO PRACTICALLY OFF THE MARKET

HICKORY NUTS ARE SCARCE

While Pumpkin Pies Will Be a Feature at Thanksgiving Tables.

The vegetable season is about over. There are a few tomatoes of an inferior quality still left on the local markets which retail at sixty and seventy five cents per bushel. Cabbages are plentiful and are selling at the low price of 60 cents per barrel. While turkeys on Thanksgiving Day will be worth their weight in gold there will be one consolation—pumpkin pies can be had for the asking. This year pumpkins abound in certain localities and are retailing in the local market for 15 cents a piece, \$1 per dozen.

Turnips, beets, radishes, carrots and other root vegetables are plentiful and cheap for this season of the year. Local fruits are commencing to arrive. Oranges sell from forty-five to fifty cents per dozen and Tragedy plums at thirty-five cents a large basket. There is a big supply of Michigan apples on hand retailing from sixty to seventy cents a bushel. Fancy hand picked keepers sell at \$3.00 a barrel. On the market there is also a supply of new dates and figs. The supply of sweet potatoes now on hand are from the New Jersey dry kills, fresh sweets now being off the market. Prices are cheap and the supply plentiful. Hickory nuts are scarce and sell for \$2.00 a bushel. Walnuts are plentiful and are selling at sixty cents a bushel.

A Great Sensation.

There was a big sensation in Leesville, Ind., W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured indescribable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure. Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by A. G.
