

It is just a common cold, people say, there's no danger in that. Adding their statement, "There are all *uncommon* colds, which are dangerous; for man's fatal sickness begins with a cold. If we could tell the common cold from the *uncommon* we could feel quite safe. But we can't. The *uncommon* variety is rarely recognized until it has fastened its hold on the lungs, and there are symptoms of consumption."

At the first symptoms the careful person will heed the warning by taking a mild laxative; some vegetable pill that will not disturb the system or cause griping. About the best is "Dr. Pierce's Pleasant Pellets." If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract, which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs and has a soothing effect upon the mucous membrane, relieves the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

It contains no alcohol to shrivel up the blood corpuscles, but makes pure rich red blood.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 cents. It is a most valuable book. For 51 stamps the cloth-bound volume will be sent 1000 pages. It was formerly sold \$1.50 per copy. Address Dr. E. V. Pierce, Buffalo, N. Y.

## WILLING TO SIGN

Jessup, Cunningham, Jr., and Mansfield Satisfied With Salaries.

Ado Mansfield, center; Clarence Jessup, goal tender, and George Cunningham, Jr., second rush, of the Richmond polo team, are understood to be willing to sign Richmond contracts at the salaries offered under the new limit rule. Mansfield reached Richmond yesterday afternoon from Tipton, Mo., where he has been looking after his farm during the summer. He said he had no complaint to make of the salary offered him, and did not know enough of the threatened revolt of polo players in the East to discuss the situation. Jessup, who is a member of the Richmond Athletic Association, which controls the team franchise, has no objection to make to the salary limit rule and will stick.

The opinion prevails here that the Easterners will hold out for salaries until too late to open the season with them in the ranks. Some members of the Athletic Association openly advocate the smashing of the limit rule, but members of the executive committee are decidedly opposed to such sentiment being created. They say that the Richmond management will stand with the league and that there shall be no violation of the rule.

If the reports in reliable eastern newspapers are to be believed the talk of a polo league in New England is not the hot air that the Gas Belt magnates would have the fans believe but something for the close-fisted Western League officials and the Richmond management is not included in this list—to take into serious consideration. It is plainly evident that the polo stars will refuse to come west for salaries less than what they drew last year and if Durbin, Cohen, et al., attempt to spring amateur line-ups on the Richmond polo public the games by the middle of December will be about as largely attended as Republican rallies in South Carolina.

The Central League will open next Monday night, Logansport playing at Danville and Lafayette at Terre Haute. Under this schedule the polo nights in Kokomo will be Wednesday and Saturday, instead of Tuesday and Saturday as they were last season. Kokomo will play its first game Tuesday, meeting Fort Wayne at that place. The first home game will follow the next day Logansport playing here. Kokomo will have one Thanksgiving game, the team playing at Logansport in the afternoon and the Logansport team playing here at night. The season runs until March 25.—Kokomo Dispatch.

"Just let 'em kick," said Manager Sebern this morning, when discussing the statement that the Richmond polo management was going to bring back its stars even though the salary agreement was smashed into smithereens.

"Richmond will kick over the traces," said the special to an Indianapolis paper today, and that prompted Manager Bebern's remark. That gentleman further ventured the statement that in the event Richmond did break the salary limit rule, that Manager Henley would be hunting for five other clubs to make a league with him and the Western would have a team wearing uniforms of a city never before a member of the organization.

### Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grippe actually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by A. G. Luken & Co., and W. H. Sudhoff, corner Fifth and Main streets.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## PADDY O'HARA

Has Signed to Play With Indianapolis—Bannon Refuses.

Indianapolis, Ind., October 26.—Paddy O'Hara has sent his signed contract to Manager Cohen, of the Indianapolis Polo Club. He played half back the latter part of last season, succeeding Harry Way in the position. O'Hara made many friends here by his fast, aggressive play, not only in defense, but in offense, and he has foresworn the habit that put him in bad for a time.

The contract of O'Hara is the first that Manager Cohen has received from any of his men. The same mail brought letters from McGilvray and Bannon, the big goal tender of last season who was made captain. It was supposed he would sign his contract and again lead the team here this season, but he has asked an exorbitant figure. He demands one-third more salary than was paid him last year and insists he is worth as much as any man on the team.

The Western Polo League records do not uphold Bannon in his assertions, but, although he finished behind several others in the per centage column, he was an earnest player and did work that the Indianapolis fans appreciate. However, on Bannon, as well as on the others of the team, the blame of the standing of the Indianapolis club at the close of the season rests.

Players Had Loyal Support.

No players had more loyal support in their fight for the championship. The accidents which befell several of the members of the team were taken into consideration and the efforts of the management to strengthen the weakened team were approved.

The patrons of polo are making demands upon the management as well as the players, and they are insisting that a team be formed that will make a better bid for the pennant than the one of last year.

The management has several plans in view that can not be consummated until the players are here and under contract. In the several trades that have been proposed Manager Cohen is firm in one point, and that is that McGilvray will not be traded to Marion for Dawson and Wiley, as has been proposed.
