

"I enjoyed good health until about two years ago when I noticed my back began to ache frequently; it became sore and lame, and headache soon added to my misery; also found that my general health diminished. I became thin and weak and nervous, having severe pains at regular intervals," writes Mrs. Augustus Emory, Treasurer New Century Club, 34 Dean Street (Roxbury), Boston, Mass. She continues: "My work which before had seemed an easy task soon seemed like a heavy burden. I decided to try Dr. Pierce's Favorite Prescription, which several of my friends praised so highly. I felt relief within a week, my appetite came back, the pains gradually decreased and I enjoyed sound sleep. Within fourteen weeks I had completely recovered my health. I seemed built up anew, my pulse, which had been weak became normal, and new life animated my entire being. I gladly endorse your medicine."

Doctor Pierce's Favorite Prescription restores weak and sick women to sound health, by curing the local womanly diseases which are generally responsible for the failure of the general health. A woman's entire being is centered in her womanly nature. When the delicate womanly organism is attacked by disease; when there is irregularity or a disagreeable drain; when inflammation burns and ulcers gnaw the general health will reflect the progress of disease, in increasing weakness, nervousness, backache, headache, loss of appetite and sleeplessness.

So sure of it is the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of Leucorrhea, Female weakness, Prolapsus, or Falling of Womb. All they ask is a fair and reasonable trial of their means of cure.

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

POLITICAL MATTERS

SIX ELECTORAL TICKETS TO BE VOTED FOR TUESDAY

SENATORS' TERMS EXPIRE

Twenty-Seven Governors to Be Elected—Other Political Gossip in the East.

New York, November 1.—Nine national political conventions were held this year, and also candidates for President and Vice President of the United States were nominated, but only six electoral tickets will be generally voted for one week from today. Besides the two great political parties, seven others made nominations—Peoples, Prohibition, Socialist Labor, Continental, two negro parties, however, apparently ended their work when the national conventions adjourned, as no electors have been selected, or at least none will appear on any official ballot; and the Continental party seems to be confined to Illinois, and perhaps to Chicago, and place of its origin.

The terms of thirty United States Senators expire March 4th, next. Seven of the vacancies have already been filled, and the legislatures of twenty-three states to be elected November 8th will fill the other twenty-three. Members of the House of Representatives are to be voted for in all except three states—Maine, Vermont, and Oregon, which have already elected their congressmen.

In twenty-seven states a Governor and all, or nearly all, the state officers are to be elected, and, in thirteen, electors are to be voted for.

South Carolina enjoys the distinction of having only one ticket in the field. All the other States have from four to six, Illinois leading with seven. There are three Republican tickets in Delaware, but only one variation in the names of candidates the nominee for Governor of the "Regulars" refusing to abide by the decision of the factional conference which resulted in withdrawal of the "Union" candidates and an agreement upon a compromise ticket. The Republicans in Wisconsin will have a choice between two tickets for State officers, the "Stalwarts" having decided to keep up their fight against LaFollette. The electors on both tickets, however, are identical.

The Democrats and People's party, or Populists, fused on the State ticket in Kansas and Nebraska, but in both States the People's party named separate Presidential electors. In Nevada the Democrats and one wing of the Silver party divided the minor state officers to be voted for, but the "Stalwart Silver" men put up their own electors.

The People's party, which indorsed Mr. Bryan in 1896 and 1900, has an active organization in thirty-two of the forty-five states, the nominees for state officers and electors being on the official ballot in twelve states, and for electors in twenty. Efforts to this end were made in a number of other states, but the requisite number of signatures to petitions were not obtained.

The Prohibitionists have electoral and State tickets in twenty-seven states, and electoral tickets in twelve others—one less than in 1900.

The Socialists (called in some States Social Democrats) have electoral and State tickets in thirty-two states, the electoral tickets in eleven others—seven more than in 1900.

The Socialist Labor party have whole or part electoral and state tickets in twelve other states, and electoral tickets in two others—six less than in 1900.

The following are the tickets nominated by the different parties. Where a ticket is incomplete no nominations were made:

NO MORE ASTHMA

Distressing Disease May Be Obliterated Entirely.

New York, Nov. 1.—Several of the best known authorities in the medical profession are unanimous in their recognition of asecato, as a specific for asthma and kindred affections of the respiratory organs. The large number of permanent cures in the past few months seem to demonstrate beyond all doubt the remarkable efficacy of asecato in the treatment of asthma and catarrh, especially as a majority of the cases were of several years standing.

The Austrian dispensary, located at 6 East 14th street, New York, which, by special commission, supplied asecato, free of charge, is visited daily by asthma and catarrh sufferers who are taking advantage of the opportunity to secure the wonderful specific. Those who apply by letter receive it by mail also without
