

"GREEN SICKNESS"

The unhealthy complexion of green sickness is changed to the rosy blush of good health by Scott's Emulsion.

Green sickness is one of the forms of blood disease found in young women. The change from girlhood to womanhood often upsets the nervous system, weakens digestion and throws the blood-making organs out of gear.

Scott's Emulsion puts new heart into pale girls. It tones up the nervous and digestive system, and feeds the blood. It is a natural tonic.

Remember that 30 per cent. of these cases go on into consumption unless prevented. Scott's Emulsion prevents consumption.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Calpin, 109 Livingston St., New York, N.Y.

HIGH SCHOOL AGITATED

OVER THE PROPOSED PLAN OF A CONTINUOUS SESSION.

SYSTEM FAVORED

By Majority of Pupils and Question to be Put to Parents.

WOULD DISMISS AT 2 P. M.

If Proposed Change Meets With Popular Favor School Board Will Consider.

Yesterday morning at High School Principal Ellabarger had the pupils assembled and for the purpose of ascertaining their sentiment on changing the school hours that are now in vogue. Monday evening at the teachers meeting the question of whether it was best to continue the present school hours from 8:30 a. m. to 11:30 a. m. and from 1:15 p. m. to 3:40 p. m. or to have one continuous session taking up school at the same hour as hitherto in the morning and dismissing about 1:50 p. m. with about twenty minutes for the noonday meal. A few of the teachers favored the present system but the majority were in favor of the one suggested above and after short debate it was decided to ascertain the sentiment of the pupils and their parents on the proposed change. Every one of the students questioned yesterday morning were in favor of the change. They were told to speak to their parents on the subject and have them inform Principal Ellabarger as to their views. If a majority favor a change Professor Ellabarger will take it before the school board at their next meeting and recommend the proposed continuous system be adopted.

"If the hours are re-arranged" said Professor Ellabarger yesterday afternoon "it will make it convenient for a large number of pupils who live in distant parts of the city, necessitating only one trip to school a day. This method is in vogue in nearly all the high schools in the larger cities and it has proven to be a great success. One objectionable feature to the present system is that the scholars have too much time to loaf at noon hour recess. School, you know, dismisses at 11:30 a. m. and does not take up again until 1:15 p. m. and those boys and girls that bring their lunches to school have nothing to do during that time but remain idle. If the majority of the parents favor the proposed change I will recommend it to the school board and will also advise that a lunch counter be placed in the basement of the school where the pupils can get five and ten cent lunches."

The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, of Georgia, Vt. No other liniment will heal a cut or bruise so promptly.
