The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, of Georgia, Vt. No other liniment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and become acquainted with its remarkable qualities and you will never wish to be without it. For sale by A. G. Luken & Co., and W. H. Sudhoff, Fifth and Main streets.

IGNORANCE OR MENDACITY—WHICH?

From letter of William E. Curtis in the Chicago Record-Herald:

"The statements Judge Parker utters (in his speech on the Philippines) are so false and absurd and ridiculous that he deserves more pity than blame. For example, he tells us that 'We have wasted over \$600,000,000 of the people's money and sacrificed over 200,000 lives' in the Philippines. At the outside figures the total expenditures of the United States government since Admiral Dewey entered the bay of Manila with his fleet have been under \$225,000,000, including the \$20,000,000 paid to Spain.

"His assertion that 200,000 lives have been sacrificed is even more absurd and sensational, and it would not be true if every man—soldier, sailor or civilian—who has gone to the Philippine Archipelago for any reason since May 1, 1898, had died and was buried there. The total number of deaths from all causes in the army in the Philippine Islands during the six years of American occupation is 195 officers and 4,700 men.

"Here you will perceive that Judge Parker has either been betrayed or is guilty of gross prevarication. Whichever way you look at it, everybody will agree that such absurd and reckless statements do not recommend the man for president of the United States."

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by A. G. Luken & Co., and W. H. Sudhoff, Fifth and Main streets.

Look at the Record.

During the period of Republican control of state affairs beginning with 1895 the valuation for taxation of corporate property in Indiana has been increased by the Board of State Tax Commissioners 21 per cent. During the same period the valuation of farm lands and improvements has been increased in half that proportion, or 10½ per cent. A vote for Republican state and legislative candidates is a vote in favor of making corporate property bear its just share of the public burdens.
