

The Secret of Long Life and How to Overcome Waste.

To "Know thyself," is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attack of disease in the battle of life. The old idea of fate or "kismet," and that a person all ways dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite amount of wear and its life can be lengthened or shortened according to the care that is given it. If accident or carelessness destroys the works of the watch or the human mechanism an end comes to its usefulness, but it has not actually "worn out." Man's system at times gets rusty like the wheels of the watch and only needs a little cleaning and oiling to put it in shape for life's battles.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alternative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather enables the organs to take from the food just the nutriment the blood requires.

Prof. J. R. Tausky, of St. Peter Street, Quebec, writes: "I had been ill for some time with La Grippe and did not regain my strength. With a week after using Dr. Pierce's Golden Medical Discovery, I was able to be around again, and I found that my system was entirely free from any of the bad effects of La Grippe. I now keep a bottle of the 'Golden Medical Discovery' on hand, and when I catch cold, take a few doses, which keeps me in perfect health. As a builder up of lost strength and vitality I do not believe your 'Discovery' has an equal."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness.

Miss Elma Dickinson was the hostess at a Christmas shower given at her home in South Fifteenth street in honor of Miss Martha Cadwallader. The parlors were beautifully decorated with holly, ferns and palms. After participating in games and music curtains were drawn aside displaying the beautifully lighted dining room. The main feature was a Christmas tree laden with dazzling lights and many beautiful gifts for the bride-to-be. A message from Santa Claus was then read by the hostess announcing the marriage of

Miss Martha Cadwallader to Mr. J. Henley Symons, of Kansas City, which will take place January 11. Following this a dainty lunch was served. Twenty-five guests were present and all enjoyed a very pleasant afternoon.

Highly entertaining and enjoyable was the Christmas party given by the Whitewater Sunday school at the church Wednesday evening. Mr. L. J. Woodard and Mr. Charles Miles ably assisted the mothers of the children in making preparations and overseeing decorations. A pleasing program consisting of vocal and instrumental selections was given by Misses Grace Norris, Hilda Pryor, Mabel Rockhill, Mary Morrow, Miriam Eicholtz and Master Harry Fassett. The choir also gave several numbers. An appropriate, as well as striking feature of the entertainment was the visit of Santa Claus to the double house uniquely constructed in the basement of the church representing on one side the home of a poor family, and on the other that of a wealthy one. The various gifts from a large Christmas tree, beautifully trimmed, were distributed after which refreshments were served. The affair was pronounced one of the most successful ever given by the Sunday school.

Miss Marie Cornell left this morning for Indianapolis to spend a few days with Miss Gertrude Youngman. She will spend New Years with Miss Tillara Haas, at Richmond.—Lafayette Daily Courier.

The Buzzers' Whist Club was delightfully entertained Wednesday evening at the home of Miss Frances

How to Get Well.

Every organ of the body is directly connected with the brain by nerves. The nerve cells in the brain generate nerve force—power—and send it to the organ through these nerves, and this nerve-force gives life and action. The organs work perfectly when there is sufficient nerve power. Lack of nerve force weakens the action of an organ and it works imperfectly—becomes sick.

Two-thirds of all sickness is thus due to weak or deranged nerves; it is therefore advisable to take Dr. Miles' Restorative Nerve, because it makes nerve energy.

When you cure the nerves you remove the cause, and that's the way to get well.

"Dr. Miles' Restorative Nerve cured me of nervous prostration after every other effort had failed to give me relief. My trouble seemed to begin with a general loss of strength and a breaking down of the nervous system. I suffered from headache, constipation and fluttering or palpitation of the heart. My appetite failed and I was so nervous and restless that I could not sleep at night. My husband, who is a druggist, brought me a bottle of Nerve. It helped me from the start, and I continued using it until I had taken six bottles. My health was completely restored."

MRS. SILA M. MOREHOUSE, Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

Campbell in Ft. Wayne avenue, she being assisted by Miss Inez Williams. Prizes at drive whist were won by Miss Josephine Cates and Mr. Charles Jameson, while Mr. Richard Study and Miss Elsie Beeler captured the consolations. The following were guests of the club: Misses June Elmer, Florence Smith, Juliet Swayne and Miss Stebbins, of Riverside, Cal., Messrs. Wilbur Hibberd, Walter Eggemeyer, Griffith Ellis and Gaar Williams. The club will be entertained in two weeks by Miss Elsie Beeler at her home in South Twelfth street.
