HOW TO WIN A HUSBAND.

Woman's sphere in this 20th century is not limited any more than man's. She can occupy almost any business position or profession, and yet the popular view of womanhood is that she best fits the position of wife and mother and head of the household. Every girl should know her heart and also know that her womanly system is equal to the strain of marriage. If a girl is nervous and irritable ten chances to one it is due to some trouble peculiar to womanhood.

Cupid has no place in a girl's heart if she is nervous and irritable, feels dragged down, worn out for no reason that she can think of. The weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of the trouble and correct the irregularity. Stop the drains on the womanly system and the other symptoms will disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, the proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of leucorrhea, female weakness, prolapsus, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure.

"Your Favorite Prescription" cured me of ulceration and inflammation, from which I suffered for many years," writes Mrs. Delphia Wheaton, President Santa Barbara Tennis Club, Arlington Hotel, Santa Barbara, Calif. "Health was completely broken down when I began its use and I was in dreadful pain most of the time, but ten bottles cured me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

AMUSEMENTS

New Phillips Vaudeville Bill.

There appears to be no diminution in the interest that attaches to the vaudeville bill that is being presented at the New Phillips this week. All those who have seen the bill speak in the highest terms of it and this fact has led many others to see for themselves just what a treat Manager Murray is presenting at his house. Of course interest is chiefly centered in the liquid air demonstrations, but there is plenty of other amusement furnished. One of the acts about which but little has been said, but which is deserving of more than a passing notice, is that of Mile. Alfine, who is reputed to be the world's greatest hoop roller. Without argument as to the justice of this claim it may be said in all truthfulness that she gives a remarkable performance, especially when it is remembered that it is a role usually essayed by men. It has taken long and hard practice to make her master of the hoops so that she can juggle them in so surprising a manner.

"Checkers."

"Checkers" is coming to town. In all of the big cities in which this play has been seen, since its initial production, season before last, it has received practically the unanimous commendation of the press, and the immense audiences which have attended every performance are pretty satisfying proof that it has found equal favor with the public. "Checkers" is a tale of love and luck, dramatized from Henry M. Blossom, Jr.'s book of the same name. Hans Robert, whom the man-

agement has fortunately secured, plays the title role this season and has scored a hit. The rest of the company number in nearly 150 people, is the original organization so far as the chief members are concerned. Chief among his support are Katherine Mulkins, Lydia Dickson, Alice Martin, Myra Mae Reynolds, Ella Sothorn, Charles Willard, Dave Braham, Jr., Wallace Worsley, W. H. Clark and Claude Coper. The sensational and much talked-of race-track scene, representing the betting ring of Washington Park Club in Chicago on Derby Day, will be produced on the stage of the Gennett theatre, Friday evening, January 5th, with all the completeness which characterized it during its New York run and which prompted the late Hon. W. C. Whitney to say: "Checkers" is the finest racing play I have ever seen."

MILLIONAIRE

Aged 78 to Wed Chicago Widow,
Aged 71.

Worcester, Mass., Jan. 3.—Martin Green, millionaire, world famous civil engineer, and brother of Andrew Haswell Green, has announced his engagement to Mrs. Ella Sampson of Wareham, the widow of Joseph Sampson, formerly of Denver and Chicago. Mr. Green is 78 years old. Mrs. Sampson is 71. They are to live in a new home recently purchased by Mr. Green in this city.

The engagement is the result of a friendship of forty years' standing, beginning when Mr. Green's first wife and Mr. Sampson were alive. Mrs. Green wrote few letters, and Mr. Green acted as correspondent for her.

Since her death, about a year ago, that correspondence has been continued with Mrs. Sampson. Mr. Green is one of the best known men in this section. During his service as engineer he was connected with some of the most important undertakings in the country. He was the engineer who planned the widening of the Chicago river, and when this work was destroyed in the big fire Mr. Green was obliged to do it over again.

1000 CLAIMS

Equal Not a Single Fact. Richmond Endorsement Makes This Claim a Fact.

Endorsed by scores of Richmond citizens, who cheerfully make a public statement of their experience, is the proof we have to back our claims that Doan's Kidney Pills cure every form of kidney ills, from a common backache to serious urinary disorders. Here is one local example. We have many more like it.

Ed Gausepohl, of 249 South Fourth street, employed at the Richmond Casket Co., says: "For a long time I was troubled with weakness of the kidneys, the muscles of my back being so sore and lame that I could hardly get about. This was principally noticed in the mornings when first getting up. I saw Doan's Kidney Pills advertised and got a box at A. G. Luken's drug store and began using them. The relief I obtained from them was prompt and most satisfactory."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longfellow hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 3 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him home July 30, 1902, in an awful condition.
