RESOLUTIONS INTRODUCED IN  
NEW YORK LEGISLATURE

INCOMPETENT FOR OFFICE

Governor Higgins Urges a Drastic  
Insurance Law With Other  
Reforms.

Albany, N. Y., January 3.—The State Legislature convened at noon today for the one-hundred-and-twenty-ninth session, under conditions in some ways remarkable. The closing of the bitterest factional fights in the assembly's membership in many years, the expectation of many that the defeated faction would at once begin a policy of reprisal; the understanding that at the opening of the session Senator Edgar S. Brackett, of Saratoga, would introduce his long-heralded joint resolution requesting the resignation of United States Senator Chauncey M. Depew; the intensity of feeling in many quarters resulting from the disclosures of the insurance investigation—all these things drew upon the opening of the session today a degree of public interest greater and more evident than for many years past. James W. Thompson, elected Speaker of the Assembly, receiving the entire Republican vote.

There was very much more than the usual interest also in the annual message of Governor Higgins to the Legislature, which included important recommendations as to life insurance.

The political atmosphere was quiet after the speakership struggle. State Chairman B. B. Odell, Jr., left today for his home in Newburgh. He would say nothing as to the speakership, the State chairman or his future plans.

Senator Brackett, soon after the Legislature convened, introduced a resolution demanding of Chauncey M. Depew his resignation as United States Senator from this State. The resolution in full is as follows:

"Since the adjournment of this Senate the people of the State and nation have been staggered by the relations shown to have existed for years between the Equitable Life Assurance Society and Chauncey M. Depew, one of the Senators of the State in the United States Congress. Recognizing that these disclosures have caused a total lack of confidence in the ability of the Senator named properly to represent the people in the body to which he was elected.

"Resolved, by the Senate, That Chauncey M. Depew be, and he hereby is, requested forthwith to resign his seat in the United States Senate."

## AGREEABLE CHANGE

The former rule of charging extra fare to ride on the Interurban Limited three cars of which were Richmond, New York and West, has been changed. Heretofore the fare between stations which made it the same as between here and Centerville as between here and Indianapolis or Dayton. From now on the fare will be proportional to the distance traveled, and the extra fare between here and Centerville, Cambridge City or Dublin will be 10 cents; between here and Dunreith, Knightstown or Green-

field 15 cents and to Indianapolis 20 cents. The fare to Dayton or Eaton will be 15 cents.

## WILL OUST DANIEL STORMS

IT HAS BEEN DECIDED TO  
BRING ACTION IN THE  
COURTS.

## ATTORNEYS ARE EMPLOYED

Secretary's Salary Stopped on Account of Money He Owes  
State.

Indianapolis, Ind., January 3.—At a conference yesterday afternoon, it was decided to bring action in the Marion County Circuit Court to cause a vacation of the office of the Secretary of State by Daniel E. Storms, who has refused to resign at the request of the Governor. At the conference were, besides the Governor, Attorney-General Charles W. Miller, Prosecuting Attorney Benedict, of Marion county; W. A. Ketcham, ex-Attorney-General of the State and Attorney Charles Smith. Governor Hanly, acting under provisions of Section 7606, R. S., 1901 allowing

for the employment of special counsel, has engaged Mr. Smith and Mr. Ketcham to assist the State and county in the suit.

Two possible modes of action were discussed, one to institute quo warranto proceedings against Storms, and the other to attempt to obtain his conviction of felony. The quo warranto proceedings would be more in the nature of an ouster, which would immediately create the vacancy. In case the second plan should be used conviction on a felony charge would ipso facto, create the vacancy.

In both of these proceedings, information is filed before the judge of the Circuit Court directly, and the grand jury does not come in as a factor. It is supposed that the information will be filed by the members of the investigating committee.

Acting on the request of Governor Hanly, Warren Bigler, Auditor of State, refused to pay Daniel E. Storms, Secretary of State, his salary. The request was made because of the refusal of Storms to resign at the Governor's request, the Governor's position being that Storms owes the state money, and hence can not collect money from the state. This money alleged to be due the State includes the interest on about \$25,000 omitted from the July settlement, an amount due from the foreign corporations department, and a sum alleged to be due the State because of the anticipation of the salary of a stenographer.

The official board of Fifth Street M. E. church will hold its regular monthly business meeting tomorrow evening at the church.

## Headache Cured.

Mrs. Ryan, wife of Lee Ryan, liverrman on South Tenth street, says: "For years I had suffered with severe headaches almost constantly. I was told by several specialists that my eyes were the cause of it, so that I finally consented to the wearing of glasses which would help me for only a short period, when the headaches would return again. I was told that nothing more could be done for me unless I submitted to having drops put in my eyes to suspend the accommodation. I was fearful of the effect, as I knew others whose eyes had been permanently weakened from the effects of a mydriatic. I consulted Mr. and Mrs. Lingerfield and Miss Sweitzer, as I noticed in their advertisement that they corrected all latent troubles without the use of a mydriatic. I am very much pleased with the results, as it is now nearly one year since they fitted me with glasses and my head has not ached since I have worn them. I am grateful, too, to have found some one who was able to correct my trouble without the use of drops."

## Mydriatics.

We do not use Belladonna, Atropine or other mydriatics, injurious drugs all of them, and belonging to a past stage in the science of optics as applied to eyesight testing. Total dilation with a powerful mydriatic will set your eyes at rest. It will set them at rest so well that in a great many cases it will take the eyes a year or more to get back to their normal conditions, and very often rest them so well that the eyes are never comfortable again. By means of modern methods we obtain more accurate and satisfactory results without the use of drops, also avoiding much of the discomfort and often serious danger to the patient.

Mrs. Commons, wife of F. L. Commons, proprietor of the Willow Grove Dairy, says: "My eyes were more thoroughly tested by Mr. and Mrs. Lingerfield and Miss Sweitzer than by any other optician I had previously consulted. The glasses they furnished me are giving entire satisfaction, and I wear them with perfect comfort, which I had not been able to do heretofore."
