

AMUSEMENTS

OTHER WORLDS.

Our sole knowledge of the people on other worlds and how far the people there differ from our inhabitants, can only be guessed by comparison with animal nature on this small sphere of ours. More important to us is a knowledge of ourselves. "KNOW THYSELF" was an old Greek thought. How to take care of one's own body is not so simple as some think; the human mechanism is a wonderful thing and requires watching.

One man who has done more to teach the American people how to care for the body than almost any other is Dr. R. V. Pierce, of Buffalo, N. Y., the Author of the "Common Sense Medical Adviser." He says: It is not the quantity of the food eaten which produces strength and health (for some people can keep strong on a very meagre diet), but it is how much food is absorbed and assimilated by the blood and carried to nourish every organ of the body. It is, therefore, really necessary for the body that it should be in a healthy state. "If disease of the stomach, or what is called 'stomach trouble,' prevents proper nutrition then the heart, liver, lungs, and kidneys do not get proper food—they are not fed on rich red blood, and in consequence begin to show signs of distress. Outwardly these signs may be pimples and eruptions on skin, pale face, sleepless nights, tired, languid feelings, or, by reason of the nerves not being fed on pure blood, they become starved, and we receive a warning in the pain we call neuralgia. Neuralgia is a very distressing disease." Dr. Pierce found that an Alternative Extract, which he named "Dr. Pierce's Golden Medical Discovery," made from the extracts of several plants, invariably produced a tonic effect upon the system. It helped the process of absorption of the healthy elements in the food and increased the red corpuscles in the blood, as well as eliminated the poisons from the system.

Business is business. No time for headaches. Constipation causes them. Doctor Pierce's Pleasant Pellets cure them by curing the cause. Laxative and mild.

NEW PHILLIPS

THEATRE

G. MURRAY, Owner and Manager.

Mitchell, Box 10, Portland, Maine.

Can you Believe Your Senses?

When two of them, taste and smell, having been impaired, if not utterly destroyed by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who mit has cured? It is applied directly to the effected air passages and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren street, New York, on receipts of 50 cents.

You will not find beauty in rouge pot or complexion whitewash. True beauty comes to them only that take Hollister's Rocky Mountain Tea. It's a wonderful tonic and beautifier. 35 cents Tea or Tablets.

At the Gennett.

"Vaudeville will continue to be the chief amusement of the American people so long as he stars of the theatrical stage continue to forsake dram in its behalf" said a noted American critic. There has never been such a galaxy of stars appear in a city of the size of Richmond as the group that will appear at the Gennett next week.

Miss Bonnie Gaylor, the girl from Posey county, who made famous the song, Foolish Liz, will be here throughout the week on a return engagement. Miss Gaylor proved to be one of the most popular attractions booked by Manager Swisher during the season and her return will be welcomed by all old friends and she will make many new ones.

One of the numerous other features will be the engagement of the Three Nudos, who without a doubt are America's greatest roller skate dancers. They will appear in the gymnastic novelty, "The Frame of Life." Humes and Lewis, the comedy aerobats whose work never fails to drive away the cares and sorrows of an audience, will make their first appearance here. Barington, the famous ventriloquist, will appear with his company of wooden images. This act is said to be one of the most amusing now appearing on the vaudeville stage.

The other numbers on the program will be the overture by Prof. Gus. Fredericks, whose piano playing is a feature of every entertainment; the two Rays, introducing singing and wooden shoe dancing; Mr. Ernest Renk in illustrated songs and the moving pictures. "An Interesting Story," "Mother's Angel Child," and "Out in the streets" will be depicted by the picture machine.

Burlesque at the Phillips.

At the New Phillips next Friday night will be seen an up-to-date entertainment of comedy, sketch and vaudeville novelty. It is said on good authority that "Black Crook, Jr., Co." is a rattling good entertainment, full of tuneful music, songs, dances, pretty girls, handsome costuming and brilliant electrical effects.

Next Week at the New Phillips.

It is with a considerable degree of pleasure that Manager Murray makes his announcement for next week in vaudeville at the New Phillips, for he believes he has secured a bill that will prove highly pleasing. A characteristic of the bill will be that it will be well balanced throughout, no one number being given more prominence than another except as the merits of the performers may give it a place in the estimation of the audience. The complete program is as follows:

Overture—Miss Grace Miller, the popular pianist of the house.

Eccentric comedy work, singing and dancing by Willig and Larkin.

Production of phantom phantasiques by Jerome Mora, known as the peer of tricksters.

Illustrated songs sung by Cal Lankert, whose popularity is well known to the Richmond public.

Comedy work by F. Dalby Burgess, who also makes a feature of his dog, Finnegan, proclaimed as the original and only talking dog before the public.

Up-to-date songs and medleys by Morgan and Crone, tally-ho duo.

Feats as hand and head equilibrists by the Aherns.

Motion pictures by the Philoscope which will show a very attractive film, entitled, "The Miller's Daughter."

Tonight will see the usual big crowd at the final performance for the week.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Take Haly's family pills for constipation.

150,000 ARE BORN
BUT 65,000 DIEILLINOIS HEALTH REPORT
SHOWS THAT BIRTHS MORE
THAN DOUBLE DEATHS.

State Board Tells of Practical Abolition of Basement. "Double Deck and "Treble Deck."

Springfield Ill., Jan. 5.—The annual report of the state board of health for the year 1905, was presented to Governor Deneen today by Dr. James A. Eagan, secretary of the board.

According to the department of vital statistics, there have been in the state during the past year about 65,000 deaths and approximately 150,000 births. Consumption continues to cause more deaths than any other disease, but pneumonia and heart disease stand close in second and third places. Of the 150,000 births the males exceed the females by fully 6,000.

The inspection and supervision of lodging houses in Chicago, which is carried out by the board with a corps of inspectors in that city, has had the effect of abolishing all basement lodgings, of doing away with all "double deck" and "treble deck" bunks and of securing far better sanitary conditions for the patrons of such establishments.

Smallpox Less Prevalent.

The prevalence of smallpox during the last year has not been as general as in several years past, but the board has continued to use every possible precaution against its spread. Diphtheria, however, has been especially prevalent, and at one time this disease prevailed in more or less epidemic form in 150 cities and villages of the state.

During the summer the unusual prevalence of yellow fever in the South rendered the establishment of a rigid quarantine over the infestable section of Illinois imperative, and for three months a large force of medical men were in the quarantine service with headquarters at Cairo.

The experiences of past years had indicated that yellow fever could prevail and spread with great virulence in southern Illinois and the peculiar exposure of that section of the state to the travel of refugees from the South made its complete protection most difficult.

During the summer over 8,300 cases of yellow fever occurred in Southern states, with over 900 deaths, but no case appeared in southern Illinois.

OVER ONE HUNDRED DIE

Each Day Sees the Passing of Many

Brave Veterans.

The rapid rate at which the veterans of the Civil War are answering the final call which musters them out of the ranks of the living has been noted by Corporal James Tanner, commander-in-chief of the Grand Army of the Republic, and he declares that every twenty-four hours records the death of one hundred and sixty-four of the boys who went out at their country's call and assisted in preserving the integrity of the nation.

According to the commander-in-chief there are now less than 200,000 of them left. They are dying like sheep and every year sees the average death rate increasing. At this time the rate is 164 every day; next year

the rate will be 176.

A DIFFERENCE

IN LUNGS.

In the Edinburgh University three human lungs lie side by side. One is of an Eskimo and is snow white. In life, this would be ruddy with rich blood. Another is that of a coal-miner and is black. The other is of a town dweller and is a dirty slate gray, as are the lungs of most city residents. That's why consumption thrives in cities. One reason why Scott's Emulsion does so much to keep down consumption is because it helps to keep the lungs clean and supplies them with rich, red blood. It makes the lungs germ-resisting. If the body is run down and health is at a low ebb Scott's Emulsion will build it up quickly and permanently.
