

OTHER WORLDS.
Our sole knowledge of the people on other worlds and how far the people there differ from our inhabitants, can only be guessed by comparison with animal nature on this small sphere of ours. More important to us is a knowledge of ourselves. "KNOW THYSELF" was an old Greek thought. How to take care of one's own body is not so simple as some think; the human mechanism is a wonderful thing and requires watching.

One man who has done more to teach the American people how to care for their bodies than almost any other, is Dr. R. V. Pierce, of Buffalo, N. Y., the Author of the "Common Sense Medical Adviser." He says: It is not the quantity of the food eaten which produces strength and health (for some people can keep strong on a very meager diet), but it is the food absorbed and assimilated by the blood and carried to nourish every organ of the body. It is therefore, vitally necessary for the body that the stomach be in a healthy state. If disease of the stomach, or what is called "stomach trouble," prevents proper nutrition then the heart, liver, lungs, and kidneys do not get proper food—they are not fed on rich red blood, and in consequence, begin to show signs of distress. Outwardly these may not be visible, and even when skin pale face, sleepless nights, tired, languid feelings, or, by reason of the nerves not being fed on pure blood, they become starved, and we receive a warning in the pain we call neuralgia. Rheumatism, too, is a blood disease. After years of practice and study Dr. Pierce found that an Alternative Extract, which he named "Dr. Pierce's Golden Medical Discovery," made from the extracts of several plants, invariably produced a tonic effect upon the system. It helped the process of absorption of the various elements in the food and increased the red corpuscles of the blood as well as eliminated the poisons from the system.

Business is business. No time for headaches. Constipation causes them. Doctor Pierce's Pleasant Pellets cure them by curing the cause. Laxative and mild.

AMUSEMENTS

F. Daly Burgess A Soldier.

F. Daly Burgess, who is one of the attractions at the New Phillips this week (his dog Finnegan included) was a veteran of the Spanish war, having left his place in a Louisville theatre in order to enlist in Company E of the First Kentucky volunteers. Burgess served as a mounted orderly on General Wheeler's staff and was wounded in the famous fight on July 2nd. He served with credit during the war and won much publicity by his exploits. Finnegan, Burgess' Aberdeen terrier, is eleven years old and a native of Dublin, Ireland. He is also veteran of the war and has been on stages in three continents. A good picture of Mr. Burgess and Finnegan was recently presented by the Palladium.

The bill at the New Phillips this week is getting more praise from the hundreds that are seeing it than any for several weeks. Jerome Mora, trickster, is one of the cleverest ever seen at this house and the remainder of the bill is much above the average. It is worth much more than the price of admission.

On Friday night there will be a break in the vaudeville performance at the New Phillips in order to allow the Black Crook, Jr. Company, a combined vaudeville and burlesque aggregation to appear. This company comes with the best of press notices as to the cleverness of the entertainment presented. There are two burlesques and an olio. The female members of the company are said to be pretty and the stage settings and costumes are kept up-to-date in every way. Electrical effects are said to be a feature.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

TRICK SKATING TEAM

To Be Seen at the Coliseum Tonight and Saturday.

The trick-skating team, Dawson and Booth will be seen tonight, and Saturday afternoon and night at the Coliseum. Mr. Dawson has been touring the country for the past twenty-five years—giving performances both in rinks and on the vaudeville stage, and has seen the various stages of the roller skating craze as it sweeps periodically over the country. He says that the people are more enthusiastic over the popular form of exercise at the present time than ever before and everywhere old rinks are being renovated and new ones built. Mr. Dawson gave an exhibition in the old Main Street Rink in the palmy days of the first skating craze here, more than twenty years ago and remembers Richmond very well. The performance of the team is a very pleasing one and many new things are to be seen.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver, and purifies the blood.

A Penurious Man.

Some fathers are so unreasonable. Here is a millionaire New Yorker who is raising a tuneless roar because his daughter is not satisfied to spend \$200 a day, but wants enough more to enable her to pay street car fare after a hard day's shopping.

Just think of being obliged to live on a miserable little old \$200 bill a day! Of course she doesn't have to pay board, living at home, but what of that? Suppose she should want to buy a French count, warranted sound of limb and a free spender, who had been marked down to \$49.98 as a bargain day sacrifice, where would she be with her little old pin money?

It may be all right for any one who wants to buy a husband and automobile on the dollar down and dollar a week plan, but you can see at once that a business transaction of that sort is far from satisfactory to a girl with a sensitive soul.
