

## MILLIONS FOR A NEW STOMACH

One of the greatest American millionaires once said to his physician, "A million dollars, Doctor, for a new stomach," and then the sick man groaned and turned away. One of a man's greatest pleasures is that of a keen appetite, vigorous digestion and a good dinner, and this belongs to many a good fellow who is living on small wages, but the rich man without a stomach has to forego the good things of the table because his stomach rebels. Without a healthy stomach and a good digestion, our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. In this condition man is prey to the germs of influenza, consumption, malaria and all the ills that he is heir to. Consumption can be treated by natural methods which are as close to nature as possible.

Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood this disease, and after a long period of experiment discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It contains no alcohol and no narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. Instead of a cod liver oil, against which the already sensitive stomach will declare open rebellion, this tonic has a pacifying action upon the sensitive stomach and gives to the blood the food elements the tissues require. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, and it builds up the tissues and puts on healthy flesh.

When the druggist says he has something that is "just as good" as Dr. Pierce's Golden Medical Discovery, he says so because he hopes to make a better profit, but his own mixtures have not stood the test of long experience nor had the success that Dr. Pierce's medicines have had.

## AMUSEMENTS

Mr. and Mrs. Nick Hughes.

To those who are tired of the rag-time delineations of the negro character, the work of Nick Hughes at the New Phillips this week is a welcome relief. With fidelity that is most remarkable, Mr. Hughes depicts the colored character that has become famous in song and story. His makeup causes one to doubt that it is not the real article on the stage. Mr. Hughes is ably assisted by his wife in contributing to the enjoyment of the patrons of the New Phillips. This couple have been all over the world and some of the best press notices they have taken from the London, England papers. The London Daily Mail speaks of them as high class and very amusing. In addition to the work of Mr. and Mrs. Hughes there is much in connection with the bill at the New Phillips this week to commend it to the lovers of vaudeville. The work of Miss Anna Goldie, Stanley and Leroy, James Rose, Carro and Carro, and Cal Lankert, combined with that of Mr. and Mrs. Hughes and the Philosopher, which shows some interesting motion pictures, will afford an evening of much enjoyment. Miss Goldie continues to be a favorite.

At the Gennett.

Beyond the least shadow of a doubt the vaudeville bill presented at the Gennett this week is superior to all its predecessors at that house. The bill is intensely amusing and furthermore possesses all the attributes necessary to a first class entertainment. Comedy reigns supreme this week and the Goddess of Mirth certainly must have guided Manager Swisher when he selected this bill. Besides comedy, however, there are other features which are indispensable to vaudeville. Never has a better soprano singer been heard in vaudeville in this city than Marie Laurens, whose singing is one of the features of every performance. Until recently, she was connected with Ellery's Royal Italian band as soloist and met with wonderful success wherever she appeared. Hastings and Burns will have to be acknowledged as being "it" when it comes to genuine comedy. Their work excels anything of the kind that has been presented in this city. Every other feature of the bill is fully up to the standard of this term.

Beware of Ointments for Catarrh that Contain Mercury. as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

## JOHN D. CENTRAL FIGURE

ENGLISH PLAYWRIGHT TO BUILD PLAY ABOUT HIM.

He Says The Oil King is Most Interesting Man in the World.

New York, January 15.—Alfred Sutro, an Englishman, who ten years ago retired from the glue business to write plays, and who in the past few months has leaped to the very core of the English dramatists, arrived on the Lucania today with a burning desire to make John D. Rockefeller the central figure of a successful American play.

"The American multimillionaire is the most interesting man in the world to me," said Mr. Sutro in the Hotel Gotham, after he had ordered his 4 o'clock tea. "He is far more interesting than our aristocrat. The latter is nothing but a most ordinary individual with a title, while your millionaire, who is grasping for control and riches, is a marvelous human engine, never satisfied and continually wearing himself out for what?"

"Greater riches and more power." "Take Rockefeller, for instance.

My, but I would jolly well like to write a play around him, for he would lend himself admirably to a great drama. I would want to know his soul, and state why a man who gives millions to religion is censured in your newspapers. A person who one day prays his God, and the next devotes every energy to crushing his fellow man, must be a psychological study.

"I would have used him before this, but one must write of the things he knows about. For this very reason I almost wish I had been born in America. Your dramatists have great opportunities, and when I come over again next fall I will make use of some of them. Perhaps I'll put a Rockefeller in a play."

## LEASES ANOTHER THEATRE

Manager Murray Has Secured a Theatre at Lima, Ohio.

Manager O. G. Murray, of the New Phillips vaudeville theatre, with Gus Sun, of Springfield, Ohio, has just closed a five year lease on the handsome new \$35,000 theatre at Lima, Ohio, and will open it as a vaudeville house within sixty days, at the end of which time it is expected the builders will turn it over. The theatre is being built by W. L. Russell and C. L. Pope, bankers and real estate dealers, and the bank of Lima, of which Mr. Russell is president, will occupy one of the two large business rooms that will flank the lobby leading into the theatre. The building is new throughout, is modern in every particular and reports from Lima are to the effect that it will be the finest vaudeville house in Ohio. The seating capacity is eleven hundred. The arrangement is such that the theatre can be converted into a combination house at any time that it is wanted for purposes other than vaudeville. Manager Murray is well pleased with this latest deal.

## NORTH POLE OUTING

CAPTAIN CLINTON TO PROVE PRACTICABILITY OF AIRSHIP.

Asserts that He Intends to Let Children Enjoy Polar Outing—Is Seeking Necessary Capital.

New York, Jan. 16.—Captain James A. Clinton, for twenty-five years a pilot in and around New York, is confident that he has solved the secret of a practical airship. To prove it he is willing to take the air route to the north pole, guiding his own craft, and taking his six little children as passengers. Other aspiring explorers would better sit up and take notice of what he says.

A propeller driven by a turbine, and capable of either raising or lowering the airship, is one of the secrets of the Clinton craft. Another is the driving propeller, which forces air against the rudder in a manner which enables the ship to be always under control of the navigator, independent of contending air currents, which have proved the undoing of other airships.

Captain Clinton estimates that he can drive his ship about fifteen miles an hour against a ten knot wind, or thirty miles an hour under normal conditions. In case of accident to the gasoline engine, it can be disconnected and a hand device used. Manual power will easily work the turbine wheels.

"I have worked on my airship for nineteen years," Captain Clinton said today. "I believe I now have it perfected. I have invented it on an entirely new principle of air navigation. The same barriers found in air navigation are those present in water navigation, except that in the air one must contend with the forces assailing from every direction. As long as its aluminum, iron, and silk hold out the ship will find its way all over the earth and against all winds, and never higher than at a safe distance."

"I am experienced in the United States geological survey and not the least doubtful of what I have invented and not patented. I would like a chance to prove, as I believe I can do, that at least one American knows more about airships than any Frenchman who ever tried his hand at the work."

Captain Clinton is seeking capital to build his airship.

## Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropped the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Dr. J. C. Stone, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say, three bottles cured me."
