BIG AUDIENCE WELCOMES BILL

AT THE NEW PHILLIPS—REPERTOIRE COMPANY COMING NEXT WEEK.

PRIMROSE'S MINSTRELS

Draw a Packed House at The Gennett Last Night—An Excellent Program.

Enthusiasm was the feature of the big audience at the New Phillips last night to see the vaudeville bill and a cordial greeting was given each member. The Rays, roller skate dancers; Mr. and Mrs. Dick Tracy in a rural sketch and Cameron and Toledo in an extravaganza, carry the bulk of the bill and they were not a disappointment in any respect. Marjorie Barrett, juvenile singer and dancer, is quite pleasing. Cal Lankert never got a warmer welcome than he did last night singing "Dear Old Hills of California," and "Dear Old Dixie Land." The last number especially appealed to the patriotic element, was heartily applauded and seemed a record for the singing. The Philoscopes this week shows "Won't You Come Home," and "First Night Out," two pleasing films. All in all, the bill is meritorious and should give the house a liberal patronage all week.

Manager Murray will not present vaudeville next week but has decided to give his patrons a week of repertoire to which end he has secured the Orpheum Stock Company.

Minstrels Well Received.

A magnificent audience greeted George Primrose and his troupe of minstrels last evening at the Gennett and the house was kept in an uproar of laughter from start to finish. It was a splendid performance and the veteran of the burnt cork was the same graceful, pleasing George Primrose of old. Despite his fifty-eight years, his dancing still has that charm which brought fame to him when he and the late Billy West were known as the best "coon artists" in the business. The "first part" introduced good songs, clever dancing, elaborate stage settings and gags of the vintage of 1906. Emile Subers in his song "Nobody" registered a big hit as did Eddie Mazier in his "Sweet Little Cariboo." The transformation scene in the last part of the olio made a fine specular effect, twenty-one drops being used.

One Good Turn Deserves Another.

Mae Kileoyne, that dimpled, dainty bit of womanhood, who gallavants through "Simple Simon Simple," winning admirers by the quart, in fact winning so many that she has to hurdle over the hearts that are thrown at her feet, tells a good story on Neil McNeil, the comedian of that company. One night, before the Pittsburg engagement, Neil went out to "do the town" with some friends of his. Mrs. McNeil, who is her husband's bodyguard, on most occasions, asked Miss Kileoyne to come to her room and remain with her until her truant hubby returned, which he ultimately did around the wee small hours in the morning. Miss Kileoyne says McNeil entered with more or less noise and stumbled over a chair, Mrs. McNeil thinking that he might start to disrobe before me, asked in as lightly a voice, as the hour and his condition would permit, "Neil, did you blow the lamp out?" Mr. McNeil looked at her in disgust for a moment and then said: "Gee whiz, no, darling, do you thing I'm a human cyclone? I had all the trouble I wanted blowing the light out."

"Simple Simon Simple" will be presented at the Gennett theatre tonight.

"Mrs. Temple's Telegram."

The mirth provoking and uproariously funny farce, "Mrs. Temple's Telegram," direct from its triumphant run of three months at Powers' theatre, Chicago, will be the attraction at the Gennett for one night engagement, next Thursday.

If you are interested as to whether a husband is ever justified in telling his wife a lie, go and see "Mrs. Temple's Telegram" and have your curiosity appeased. Two, yes, even

NEIL McNEIL AS MAMMY JOHNSING IN SIMPLE SIMON SIMPLE AT THE GENNETT.

three visits can be made with out the use of this character force. Bright, clean, and free from all suggestiveness, this play has won the distinction of being the most emphatic comedy success of the season.

Beautiful and elaborate stage settings and an acting company of uniform excellence add in lustre to this refined organization. Harry Coner, the ever popular comedian, will be seen in the great cast offering "Mrs. Temple's Telegram."

PNEUMONIA DUE TO MICE

NEW YORK DOCTOR HAS A UNIQUE THEORY.

Finds Kissing Not the Cause—Mouse Season Explains Prevalence of Disease in Winter Months.

New York, Jan. 29.—Pneumonia is due to mice and not to the weather, according to Dr. E. Palier of this city. The microbe causing pneumonia, he says, is found in the mouths of nearly all healthy individuals, but does not acquire dangerous virulence until it passes through a susceptible animal like the house mouse. He has proved his theory, he says, by experiments.

"Let us consider," said Dr. Palier, "how mice cause pneumonia. In the months of December, January, February and March, there usually are many mice in houses, especially where the plumbing is defective and which are in general in poor sanitary condition.

"Mice, as is well known, work themselves under the sinks and hence are mostly abundant in houses where the plumbing is not open, where there are many nooks and corners around sinks. In trying to obtain mice for experiments I learned from many persons that they are more abundant in the house in winter and early spring. Young mice seem especially abundant in the month of March.

"Young mice particularly are susceptible to the pneumonia bacillus. Young mice come into the rooms to look for food, and they easily can get inoculated with human sputum. Then they spread the virulent bacillus which they have developed, and

these virulent bacilli may cause pneumonia in man either by inhalation or inoculation through some abraded surface."

Dr. Palier tells the Medical Record he has found two young dead mice which showed many virulent pneumonia bacilli in poorly ventilated rooms. Dr. Palier says the virulent bacilli from infected mice multiply abundantly and greatly increase the danger of pneumonia to human beings in the house.

"These germs from mice," Dr. Palier says, "lose their virulence after a time. Thus a person may breathe the germs whose virulence are well nigh exhausted, and so have a mild case of pneumonia, and vice versa."

Dr. Palier says he does not believe pneumonia is spread by kissing. Nor does he believe it is due to changes in weather. Furthermore, the disease is not due to depression. Persons apparently in good health suddenly may develop pneumonia, whereas others who are weak may not get it.

It is expected the new theory will raise the price of house cats.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at A. G. Luken & Co.'s drug store; price 50c.

That Michigan man who was enticed to Chicago to meet a young woman and then was served with a notice of her breach-of-promise suit, while the two were seated together at the breakfast table, knows more about women now than he did last week.

SKIN ECZEMA IN WORST FORM

Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Despondent—Affected Parts Now Clear as Ever—Alabama Lady's

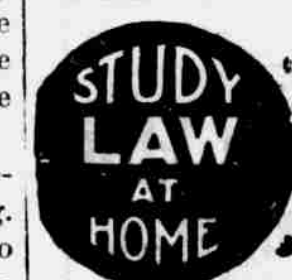

CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good.

"Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala.
