WOMEN IN INCENDIARY FIRE.

Buy Oil with Which Blaze is Set

When Gas Meters are Disconnected in Tenement.

New York, March 2.—Four gas meters had been disconnected and rubbish in the cellar of a three story frame double tenement in Christopher street, East New York, was soaked with oil and burning all about a demijohn of kerosene, when Policemen Haward and Young, of the Liberty avenue station rushed into the place last night. Abraham Schwartz, of No. 207 Christopher street, had seen smoke issuing from the cellar and notified the policemen.

Haward and Young were almost overcome by the flood of gas pouring into the basement, but stuck to their work, until they had stamped out the last vestige of fire. The open gas pipes were closed and the demijohn of oil carried to the police station.

Tenants of the burning house were thrown into a panic, but no one was hurt.

The oil had been sold an hour be-

fore to two young women unknown to the proprietor of a grocery store at No. 147 Christopher street, who made the sale.

LATHERS TO PLAY STRIKE**THEIR ANNUAL WALKOUT OC-
CURS TODAY.**Generally Lasts Twenty-Four Hours
and Utmost Good Feeling Pre-
vails All the Time.

Chicago, March 2.—Some comic opera features unusual in the ordinary strike in Chicago will be seen today when the annual "walkout" of the Lathers' Union takes place. According to custom the strike will last about twenty-four hours. It may be shorter, but the best of good feeling between employers and strikers will exist all the time.

The lathers' strike is a sort of holiday celebration in which both the "bosses" and the men join. It is marked generally by a short conference on "business" matters, after which adjournment is taken to a neighboring saloon. There the strike is settled over tall glasses of beer.

In preparation for the annual "difficulty" two adjacent halls were

engaged yesterday at 104 Randolph street. One is for the strikers and

the other will serve as headquarters for the employers. In another room

big blackboard will show the names

of the various lathing firms involved

in the "strike." As fast as one

firm "settles" its name will be erased

from the board. That also will

be a signal for the men in the employ

of that contractor to return to work.

Picketing and injunctions will play

no part in the proceedings.

The lathers hope that their employ-

ers will see fit to raise their wages

from \$4 to \$4.50 a day. In the event

of a refusal, however, it is probable

that no radical steps, such as the call-

ing of a real strike will be taken.

There are 450 lathers in the city, all

of whom belong to the union, and

about fifty firms of lathing contrac-

tors.

Haward and Young were almost

overcome by the flood of gas pouring

into the basement, but stuck to their

work, until they had stamped out the

last vestige of fire. The open gas

pipes were closed and the demijohn

of oil carried to the police station.

**HOTEL LOOT
EQUIPS FLAT****WOMAN WORKED IN HOTELS
TAKING THEIR SILVER AND
LINEN.****WROTE HER OWN REFERENCE**Articles Marked with Monogram of
the Establishments from which
They Had Been Taken.New York, March 2.—With the
definite charge of having taken silver
and linen of considerable value from
the St. Regis and suspected of hav-
ing deprived a half dozen other well
known hotels in the city similarly,
Mrs. Caroline M. Flower, or Thelma
Paulson, proprietor of a finely ap-
pointed apartment house at No. 225
West Eighty-third street, was last
night taken in custody by detectives
of Inspector McLaughlin's staff.According to the detective bureau,
the woman is one of the most ambi-
tious in her line of work they ever
knew, and it was announced that, act-
ing as chambermaid, she had been
able to obtain to a great extent nearly
all the linen necessary to furnish
fifteen four-room apartments in the
five story establishment she con-
ducts. Linen found at the prelimi-
nary search yesterday afternoon
bore the monograms of the St. Regis,
the Waldorf-Astoria, the Vendome,
the Grand and other hotels. House
detectives of all those establish-
ments will make a minute search today and
at the same time they will examine
closely the large collection of jewels
found in the woman's possession.
One notable gem is a two and a half
carat diamond on necklace, three
sets of diamond garter buckles and a
half dozen rings and bracelets.Credit for the arrest it was admitted
by the police goes to the em-
ployees' checking and detective sys-
tems at the St. Regis, to James F.
Kennedy, house detective, and to Al-
exander Young, assistant steward and
paymaster, who has a good mem-
ory for faces.Your stomach churns and digests
the food you eat and if foul, or tor-
pid, or out of order, your whole sys-
tem suffers from blood poison. Hol-
lister's Rocky Mountain Tea keeps
you well. 35 cents, Tea or Tablets.

INSANE, BECOMES A POET.

Physician Puzzled Over Woman Who
Develops Unusual Powers After
Losing Her Mind.

Providence, R. I., March 2.—A re-

markable case of insanity was dis-

closed in the courts this morning in

Mary F. Doherty, who, with only an

ordinary education, has since becom-
ing mentally affected, developed into
a poet of uncommon merit.Not only has she become remark-
ably fluent and versatile, but her

thoughts and language have attracted

the attention and study of all the

physicians who have examined her.

She gave a sample of her pow-
er today, in court with marked elo-
quent ability.Heavy, impure blood makes a mud-
dy, pimply complexion, headaches,
nausea, indigestion. Thin blood
makes you weak, pale, sickly. Bur-
dock Blood Bitters makes the blood
rich, red, pure—restores perfect
health.

DRIVES ARTIST INSANE.

Oscar Bradley of Minneapolis, Who
Suffers Privation in New York

Sent to Asylum.

Minneapolis, Minn. March 2.—Oscar

Bradley, an artist of unusual

talent, was adjudged hopelessly in-

sane and sent to an asylum today.

His derangement is due to privation.

While in New York his funds gave

out and he went for days at a time

without a square meal and often in

dead of winter he was scantily clad.

One day he fainted from sheer weak-
ness, and when he revived he con-
fessed he had not had anything to
eat for many days.
