## AT THE THEATERS

Next Week at the New Phillips.

After a week of repertoire, which  
has been very successful, the New  
Phillips will return to vaudeville on  
Monday afternoon and some strong  
talent has been secured by Manager  
Murray, according to the advance in-  
formation. In the list is a novelty  
act; Otto Steinhart and Hattie Thom-  
as, in an original and laughable Ger-  
man comedy entitled "That Little  
German Band." Harry Arnold and  
Kittle Willard in a laughing absurdity  
entitled "The Echo." The Cliff Dean  
Company, presenting a humorous sat-  
ire on married life: Miss Thompson  
in illustrated songs, "Genevieve" and  
"Just for Tonight." The Famous Buck-  
eye Trio, in their latest creation, an  
original act, "A Tramp's Dream," in-  
troducing acrobatic grotesque and  
contortion work; and the Philoscope,  
with the latest motion pictures. This  
afternoon the Dora Woodruff com-  
pany will present "The Old Judge," and  
tonight the bill will be "Deadwood  
Dick." These will conclude their ap-  
pearance here. They have made  
many friends and admirers.

Next Week at the Gennett.

Manager Swisher is able to an-  
nounce what to all appearances will  
prove a most pleasing bill for the Gen-  
nett vaudeville next week. The week  
will have but one break in it and that  
will be on Saturday night in order  
to allow the presentation of the "Gin-  
gerbread Man." On next week's bill  
will appear the celebrated DeACOS, rep-  
uted champion acrobatic marksmen  
and posturing artists, with an act that is  
entirely distinct; Laura Buckley in  
impersonations; Barr and Evans, re-  
fined character comedy; Ernest Renk  
in illustrated songs, "Good Bye Mary  
Dear," and "Neath the Spreading  
Chestnut Tree." Edward Gillen, ver-  
satile comedian and comedy juggling  
marvel; the Musical Simpsons, who  
play on legitimate and novelty in-  
struments; and the motion pictures,  
"Miraculous Water," "Across the  
Alps," and "The Green Goods Man." A  
very successful week's business will  
be concluded at the Gennett this af-  
ternoon and night and a banner crowd  
is expected on the latter date.

### UNIFORM ACTION URGED.

MEETING IN NEW YORK AT  
WHICH REPRESENTATIVES OF  
COMPANIES WILL OUTLINE  
PROCEDURE.

[Palladium Special.]  
Indianapolis, April 27.—A dispatch  
from Chicago reaffirms the story print-  
ed several days ago to the effect that  
insurance rates would be raised gen-  
erally on mercantile and special haz-  
ard risks. A meeting of all the man-  
agers of the union companies in Chi-  
cago was held yesterday, at which the  
program, as prepared by the govern-  
ing committee the day before, was  
discussed. A committee of five will  
be appointed to represent the West at  
a meeting to be held in New York  
this week, to decide on a uniform  
course of action. It is stated that  
the burden of the advance will be on  
congested districts, where conflagra-  
tion hazard is serious, and on a few  
notoriously unprofitable risks.

In connection with this it is inter-  
esting to note that the fire insurance  
rates of Kansas City were reduced 17  
per cent. to-day, according to dis-  
patches. This is due to the fact that  
the city has entirely remodeled the  
water-works there, and has no connection  
with the San Francisco trouble,  
of course.

### BUYS GREAT TRACT.

J. N. Garver, Formerly of Richmond,  
Purchases Iowa Farming Land  
For \$135,000.

John N. Garver, of Springfield, O.,  
formerly one of the owners of the  
Richmond Telegram, and a brother of  
James Garver of this city, has pur-  
chased a tract of land in Iowa paying  
\$135,000 for it.

The land consists of 2,600 acres in  
Gage and Johnson counties and is  
nearly all under cultivation.

Mr. Garver will go to Iowa soon to  
look over the land. It is now nearly  
all under lease for the present year to  
tenant farmers, but next year Mr.  
Garver may undertake the cultivation  
of the tract or divide it into farms.

The price paid was approximately  
\$53 per acre. In the negotiations at-  
tending the donation by Dr. Hanna  
the value set was \$50 per acre.

### Decision on Monday.

The suit of Bronson et al., vs.  
Schepman, to fore close a lien was  
finished the Circuit Court yesterday.  
Judge Fox will render his decision on  
Monday. The case has been drawn  
out for nearly three days, and con-  
cerned some improvements made to  
Schepman's house which, he alleges,  
were not satisfactory, and he refused  
to pay Bronson. The demand is  
\$400.

## SELECTION OF SCHOOL BOOKS

The State Board of Education  
is Wrestling With the  
Problem.

### DECISION NOT REACHED.

NARROWING DOWN THE LIST OF  
ELIGIBLES BY THE PROCESS OF  
ELIMINATION—AN IMPORTANT  
WORK.

[Palladium Special.]  
Indianapolis, April 27.—It is not like-  
ly any selection of textbooks will be  
made by the State Board of Education  
at the meeting now in session at the  
State House. Fifty-one different  
books have been submitted to the  
board by publishing-houses that wish  
the contracts for furnishing books to  
the schools of Indiana, and the mem-  
bers of the board have had all of them  
under consideration ever since they  
met here a few weeks ago. The  
members have studied the books care-  
fully, and when they came together  
for the meeting this week they were  
prepared to narrow down the list by  
a process of elimination until they  
could find those that came nearest to  
meeting the requirements. When the  
board adjourns the list of books re-  
maining in each class will not be more  
than three or four. The rest will  
have been discarded. Then the mem-  
bers of the board will again go home  
and take a couple of weeks to go  
over these books, so that when they  
meet again they will be able to select  
the books they wish. This is the  
same method that has been followed  
heretofore in selecting schoolbooks.

## OUTLOOK FOR THE FARMERS

"Price Current" Gives Some  
Information of General  
Interest.

### THE SEASON IS BACKWARD

THE ADVANCEMENT, HOWEVER  
HAS BEEN VERY RAPID AND  
GENERAL DURING THE PAST  
FEW YEARS.

[Publishers' Press]  
Cincinnati, April 27.—Price Current  
says: There has been fair advance-  
ment in vegetation in the central re-  
gions, and important progress in seed-  
ing and plowing operations. With  
the temperature on two or three morn-  
ings down to the freezing point there  
appears little indication of injury from  
such conditions. The season is yet  
backward, not only in the central re-  
gions but northward. However it is  
not one of discouragement. The  
ground is working well in preparation  
for corn planting, and there are ex-  
pectations of a full acreage in this  
crop, partly because of unfavorable  
ness attending the seeding of oats, by  
which some curtailment in area is ap-  
parent. The pasture and grass lands  
are generally in good condition but  
late, now shaping favorably. There  
are continued complaints of losses of  
spring pigs as a result of the unfavor-  
able weather conditions of March.  
Generally speaking, live stock is in  
good health and condition for the  
time of the year. The seeding of  
spring wheat in the Northwest has  
been favorably advanced, and the  
conditions attending the start of this  
crop in most of the area is favorable,  
with evidences of increased acreage. With  
the encouraging position of winter  
wheat the present outlook for this  
grain is nearly all that could be asked  
for. Fruit prospects are encouraging.
