## CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they pronounced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago."

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sludge, 540 Jones Ave., Selma, Ala.

## AT THE THEATERS

"The Gingerbread Man" May 5th.

When Frederick Ranken and A. Baldwin Sloane created the new fanciful fairy-tale, "The Gingerbread Man," they also created a new character in the mythical child-world, Mrs. Santa Claus. In the play, this character is portrayed in a spirit of delicate burlesque by Rosa Snow, who has been seen as Fairy Queen, Dowager, and feminine absurdities for a number of years. His in an awkward, stumbling, good-natured, comical Mrs. Santa Claus, backed by a chorus of pretty girls dressed as good fairies. Jack Horner, The Man From Our Town, Sallie Lunn, Margery Daw, Simple Simon and other friends of our childhood help to round out one of the most beautiful, interesting and enjoyable entertainments seen in years. The stage pictures are marvellous of splendor while the mechanical and electrical effects are simply wonderful. "The Gingerbread Man" will be the attraction at the Gennett Saturday night, May 5th.

To many the satire on married life as put on by the Cliff Dean Company at the New Phillips this week has been one of the very attractive features of the bill. They are clever in depicting the quarrels between a young married couple who go the limit in this regard, even to the extent of hair pulling and chasing each other around the room, usually with the male member of the family in advance. To others the nonsense of the Buckeye Trio appeals and still others prefer the negro comedy as depicted by Harry Arnold, who with Kittie Willard, has a laughable absurdity, "The Echo." For next week Manager Murray will be able to announce a decided novelty in the form of motion pictures that will present complete scenes of a circus.

As there will be no vaudeville performance at the Gennett on Saturday night, those who have been in the habit of going to the performance at that time should bear this in mind and go today or Saturday afternoon. "The Gingerbread Man" will be the attraction Saturday night. The Deacos, acrobatic marksmen and posturing artists; Laura Buckley, impersonator; the Musical Simpsons and the various other features continue to delight audiences of good size. There is reason to believe that vaudeville will prove exceedingly popular this summer and it is not Manager Swisher's intention to allow many other attractions to break into it. Next week's bill will be announced in the Palladium tomorrow. There will be several names entirely new to Gennett Patrons.

## A POLITICAL HANDBOOK.

Five Thousand to be Distributed Among Party Workers in Republican Ranks.

Each of the 3,400 Republican precinct committeemen will receive a surprise soon in the shape of a Republican handbook, prepared by Carl W. Riddick, secretary of the State committee. In the past the distribution of the handbooks has not included the precinct committeemen, but the present committee thinks these party workers deserve this recognition. In all, about 5,000 of the handbooks will be printed and distributed among the leaders of the party in the State. The book is now in type, and it is expected the work of printing it will soon begin.

## GRAVES WANTS LICENSE

Milton Man Will Probably Be Refused As There is a Remonstrance on File With Auditor.

Thomas J. Graves, of Milton, has filed an application with County Auditor Hanes, to be presented to the Board of County Commissioners at its next meeting, which asks permission to sell intoxicating liquors in the township of Washington, town of Milton. There is already a remonstrance on file with the Commissioners which holds good for two years and the application will have to be turned down, as according to law, the Commissioners have no power in the matter when a remonstrance is presented signed by more than one half the residents of the township.

## REORGANIZERS SEEM HOPEFUL

Think They May be Able to  
Down the Taggart  
Forces.

## THE LATTER MAY YIELD.

MEETING WILL BE HELD MAY 9,  
AT WHICH THE REVOLUTION-  
ISTS WILL SPECIFY THEIR  
TERMS.

According to some of the leading Richmond Democrats there seems to be no question that the rules governing the manner and time of choosing the members of the Democratic State committee will be changed at the coming State convention, June 7. It is for this that the anti-Taggart men have been contending so strongly, and though the Taggart forces will not now say that they are willing for the rules to be changed, the story is authentic to the effect that when the State committee gets together, May 9, it will recommend the change.

This seems to be an almost complete yielding on the part of Taggart and his friends. While the present committee probably will be allowed to serve, and not suffer reorganization, the main point that the anti-Taggart crowd has been standing for—the return of the old method of reorganization—will have been obtained.

How Taggart Would Have Suffered. It is not known what has moved the Taggart forces to recede from their original "standpat" position, unless it is that the general sentiment was found to be too much against them. It is also pointed out that Taggart would lose, in one way, even though he won in another. That is, even though he might win all the points of this immediate fight, the fight, in itself, regardless of the outcome, would make prominent many details of Taggart's French Lick and West Baden connections and brewery alliances that would do him inestimable harm over the country at large. His position as national chairman is pointed out, made it necessary that there should not be any personal fight on him in this State.

State Chairman W. H. O'Brien went home yesterday, after spending several days in Indianapolis. Before he went he issued a call for the meeting of the State committee, to be held May 9.

## BARN BURNS STRANGELY

Structure on Farm of L. L. Harris Destroyed by Fire Along With Some Live Stock.

The barn on a farm near West Florence, Ohio, belonging to L. L. Harris, North 13th street, this city, was burned Wednesday night and all its contents destroyed. The loss will probably reach \$2500 partially covered by insurance.

The origin of the fire is very mysterious and in no way can it be accounted for. There was no fire in the barn and had not been for several hours before the flames were first noticed. Several head of livestock were consumed.

## THE OPENING TOMORROW

All Teams in the City League Will Play First Games on Saturday Afternoon.

Three games in the City Baseball league will start the season for these teams tomorrow and everything is in readiness for the opening. Two of the games will be played at the Athletic Park, one at 2:30 and the other at 4:30 and the third game will be played at the Easthaven ball diamond. The games Saturday will be between the Panhandles and Easthaven teams, at Easthaven, and between the Kibbys and Palladiums, the Pogue-Miller and Starr Piano teams, at the Athletic Park.

## Urge Felt To Make Race.

Edward W. Felt, of Greenfield, a prominent member of several fraternal organizations and popular in his county, is being urged by his friends to become a candidate for the Appellate judgeship on the Democratic ticket. His term as circuit judge will expire this year.

Cadet Nellie Fields, of the Richmond post, Salvation Army, will go to Portland today to visit friends for a week.

## THE CITY IN BRIEF

Charles Gaar and family have moved from Eaton to Richmond.

Ringling Brothers' circus will be at Indianapolis next Monday and at Dayton the following Thursday. Richmond is not considered by the Ringling Bros.

Street Commissioner Genn has shown by his reports for the fiscal year ending May 1, the cost of removing garbage, ashes, etc., from the alleys of the city was in excess of \$2,500. This is in addition to the repairs of wagons which, under the contract with the teamsters, the city must keep up.

A special interurban car on the Dayton & Western traction line will carry forty members of Whitewater Lodge of Odd Fellows to West Alexandria, O., tomorrow evening. The Whitewater degree team will confer the first degree upon a class of ten candidates.

Real estate men are having their rush season. In addition to an increased demand for city residence property there is considerable activity in the country districts. Farms are in demand and prices are sky high.

Within the next week or two the postoffice department at Washington is expected to act upon the recommendation of Postmaster Surface for additional help at the Richmond postoffice. Two new carriers are needed in addition to another office clerk.

All Knights of Pythias members in the city are urged by the committee in charge to attend church at the Christian church next Sunday morning upon which occasion the Rev. T. H. Kuhn will deliver a sermon of special interest to the fraternity.

Whitewater lodge of Odd Fellows will have seven candidates for the second degree this evening.

The Richmond Festival association is advertising the approaching May Music Festival in all towns and cities within a radius of fifty miles. It is understood that New Castle, Muncie, Anderson, Liberty, Eaton and several other cities will send many people to the concerts.

The "Gingerbread Man" company which will appear at the Gennett tomorrow night is at Dayton this evening and will reach Richmond tomorrow morning at 10 o'clock. The company numbers sixty-seven people, one of the largest that has ever visited Richmond.

## COAST SURVEY POSITIONS

## EXAMINATIONS ORDERED.

Richmond People Receive Circular Letter Announcing Dates for the Civil Service Tests to be Held at Indianapolis in June.

Circulars have been received in Richmond announcing a number of civil service examinations to be held at Indianapolis in June. The examination for aid in the coast and geologic survey will be held June 6 and 7. There are at present six vacancies in the position of aid, and the salary is \$720 a year. The Civil Service Commission has experienced considerable trouble in obtaining suitable men for the positions. The examination will consist of mathematics, practical computation, astronomy, physics, surveying, modern languages—either French, German, Spanish or Italian—drawing and descriptive geometry and training and experience. Vacancies as they occur in the position of deck officer will also be filled as the result of this examination. The age limit is from eighteen to twenty-five years.

"The coast and geologic survey," according to the circular advertising the examination, "is engaged in a great variety of duties, and its operations extend over a vast range of territory. The aids, like the assistants, are subject to assignments either as chiefs of a party or subordinate officers on parties engaged in the determination of the magnetic elements, in secondary triangulation and astronomical determinations for the control of topographic and hydrographic surveys, in primary triangulation and the corresponding astronomical determinations in topographic surveying along the coast, and in hydrographic surveys in the bays and harbors and in the open sea. The steamers and sailing vessels belonging to the survey are commanded by these members of the permanent field force. During the intervals between field seasons, assistants and aids are subject to assignment to office duty in Wash-

ington or in one of the suboffices at San Francisco or Manila. Nearly all administrative positions in the office at Washington, from that of chief of division to the highest rank, are open to and are now filled by assistants.
