

## FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvellously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constitution causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Silence is Golden.

When late at night I wriggle ryme From wand'ring amid waving ryme I'm silent as the solemn sphinx And, smiling, put all questions by.

Then, like an oyster, I am dumb, For golden silence is the cloak That shrouds exposure of the fact That I am "dopey" and dead broke.

Of course I'm willing to explain, But I don't get a chance to talk. My heliograph vents her eloquence Until her voice ends in a squawk.

Still It is nothing To be ashamed of. Other men have bit At the game. So you have no occasion To feel lone some. It looks alluring Enough In the advertisement—A ride on a swell train For about a hundred miles More or less And back For one plunk. Not a word is said About extra charge If you have to stand up All the way. You start off early With a light heart And a lunch basket. By the time you get To the train All of the choice seats Are taken. And you are lucky If you get one On the sunny side. Soon the man comes along Who didn't forget To bring his family. Babies eating lunch all over you Is only one of the pleasant incidents of the trip. You know the rest, and I don't blame you For not owing up that once upon a time.
