

## A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating the monthly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal discharges, restores weakness and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of the day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sealed through drugs, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and vitality, making motherhood possible where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones.

## COILS TIGHTENING ABOUT DIRECTORS WHO CAUSED CRASH

(Continued From Page One.)

The directors of the general assembly board was simply held for Hippie through a species of slight of hand. He went to the box in the vault containing the trust securities in question on the pretext of cutting coupons in order to cash them and place the proceeds to the credit of the board. After the box was opened Hippie informed the clerk that somebody at the door wanted to see him for a moment. The clerk unsuspectingly left Hippie alone for this brief interval. The time was sufficient to enable him to substitute two bogus bonds for two genuine bonds, which he afterward hypothecated for the benefit of himself or some one.

The hearing in the cases of Adolph Segal, the promoter of many industrial enterprises; William F. North, treasurer of the trust company, and M. S. Collingwood, the assistant treasurer, who were arrested on charges of aiding in the wrecking of the company, was held before Magistrate Kochersperger and lasted several hours.

While on the witness stand Receiver Earle gave the district attorney the envelope on the back of which was written Hippie's confession. He said it was found on Hippie's dressing table, and that it was handed to him by a director, who received it from the family. The confession was not made public by the district attorney, but in substance is the same as heretofore published.

At the conclusion of the hearing the three prisoners were held for trial, their bail having been renewed.

**Agreement On Labels.**  
Washington, Sept. 6.—After numerous conferences between Secretary Wilson, Dr. Melvin, chief of the bureau of animal industry, and about 40 representatives of the various meat packing houses, the problems over the labels which, under the law, must be put upon meat products, were settled to the satisfaction of all concerned. The packers announced that they will prepare the labels by Oct. 1, when the law goes into effect. Throughout the discussions Secretary Wilson stood for labels which would state exactly what the package contained, and this the packers finally accepted, although by way of compromise the secretary did not insist on the percentages of different meats contained in any canned article put out under one name.

**Gold Imports.**  
Washington, Sept. 6.—In answer to an inquiry Secretary Shaw said, in explanation of his offer to facilitate gold imports, that it would apply to gold imported from Australia or any other point. The importers, however, from far distant countries will be required to file with the treasury department evidence of the fact of the purchase, giving the date the gold would be shipped.

**Centennial Celebration.**  
Chariestown, Ind., Sept. 6.—Charles-town celebrated the centennial anniversary of its founding at the annual meeting of the Old Settlers' association of Clark county. The gaily decorated town and the fair grounds were crowded with about 15,000 people.

**Watermelons are plentiful as ever this season and prices have not been deemed exorbitant, yet Adam Eby, son of a farmer living south of Richmond was forced to pay \$11.40 for a single melon yesterday.**

Eby was charged with trespassing upon the farm of Andrew Greulich and while upon the land he had plucked a melon from the vines. In his own defense the Eby boy said that he had been invited to eat melon on the Greulich patch several times and was not aware that he was committing a theft. The fine was levied, however, and it was \$11.40. The amount was paid.

**Health Board Work.**

One of the first things that the new Board of Health will do will be to act upon the complaints of various citizens regarding the collection of garbage. During the past two months when the accumulation of garbage is always the heaviest, there has been some delay in the collections. It is possible that the board may consider the advisability of using more wagons during the summer months.

**IS ORDINANCE VIOLATED?**

Alleged that the Central Union Telephone Company is not Conforming With Its Provisions.

Complaints have reached the city authorities that the Central Union Telephone Company is reconstructing its system and is not conforming with the city ordinance which requires wires in certain parts of the city to be placed under ground. ### SIX YEARS IN JAIL; NEVER A CRIMINAL

Madison County Man Dying After His Long, Close Confinement.

#### THE CASE IS PATHETIC

THROUGH NO FAULT OF HIS OWN THE MAN WHO IS WITHOUT FRIENDS HAS BEEN SHAMEFULLY TREATED.

Anderson, Ind., Sept. 6. (Spl.)—Dr. Newlin, the jail physician, has called the attention of the commissioners to the fact that Ed Modlin is falling rapidly in health and that unless something is done soon to better his condition the unfortunate man will die.

Ed Modlin has been confined in the overcrowded Madison county jail for more than six years. He was never charged with a crime. There was never a warrant issued for his confinement. He is not a criminal. He is not responsible nor in any wise to blame for having to spend more than six years in jail.

Ed Modlin is an epileptic and is subject to fits. Nothing has been done to provide this unfortunate man a decent place to live, except what has been done on the long delayed epileptic home near New Castle.

Ed Modlin is 40 years old. Under the confinement, want
