

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Hongkong, Sept. 21.—Practically all the Baluchistan troops and 300 of the West Kent regiment are co-operating in clearing the wreckage of the recent typhoon. Prodigious efforts are being made in the recovery of the dead bodies, which are being carried off in carriages. Many scavengers are being overcome by the terrible stench.

GOMPERS ADMITS

HE IS PLEASED

Says Eight Hour Order Has Come a Little Late, But Like it Just the Same.

NO STOP IN POLITICS

LABOR LEADER ENCOURAGES HIS MEN TO CONTINUE THEIR EFFORTS TO GET GREATER DEGREE OF JUSTICE.

Washington, Sept. 21. — "Impetus has been given to the labor movement in politics by President Roosevelt's order directing the rigid enforcement of the 8-hour law," declared Samuel Gompers, president of the American Federation of Labor. "We are much gratified that the president has issued the order, although we conceive it to be a little late," said Mr. Gompers. "The original request for the enforcement of the 8-hour law on government work was made by me nearly three years ago. During the intervening time I have repeatedly called the president's attention to the continued violation of the law. It would certainly encourage labor to pursue its work of organization in the campaign which was mapped out in the hope that a larger degree of justice may be attained."

General Corbin On Cuba.
Chicago, Sept. 21.—Henry C. Corbin, recently retired lieutenant general of the army, in an address at the Hamilton club, pointed to the present crisis in Cuba as a warning to the United States against hasty action in making its Pacific possessions independent. He said that the zest of the American people to make all peoples free in fact as well as in spirit should be curbed with foresight for the probable outcome of granting entire independence to a weak island country. "Haven't we been perhaps a little hasty in giving absolute self-government to Cuba?" asked the speaker. "Haven't we better go a little slower in setting up self-government in the Philippines?"

CREW ESCAPES

Disabled Lake Steamer Breaks In Two and Sinks.

Sandusky, O., Sept. 21.—The steamer H. B. Tuttle, which sprung a leak off Cedar Point and was wrecked near Marblehead, but patched and towed to this city, broke in two at the stern and went to the bottom off Sandusky bay just outside the channel. The captain and crew were asleep, but the sound of rushing waters awakened one of the latter, who sounded the alarm. All got ashore in lifeboats. The Tuttle is now a total wreck. She loaded at Cleveland for Sarina with coal.

Call For National Convention.

St. Petersburg, Sept. 21.—A call for a national convention of the Constitutional Democratic party to elaborate a program of tactics for the coming parliamentary elections has been issued by the central committee, which has been in nightly sessions here for some time. The congress will be held in Finland Oct. 6, the committee having been informed that the government, realizing that repressive measures can only serve to strengthen the party, has abandoned its intention of suppressing the congress and is willing to permit of its meeting anywhere except in St. Petersburg.

Ignores injunction.

Oklahoma City, Okla., Sept. 21. — Because of certain alleged remarks bearing on the orthodox Hebrew religion the Orthodox Jewish congregation here secured an injunction to restrain Samuel Goldstein, a pawnbroker, from attending the synagogue. The papers were served by the sheriff, but Goldstein ignored them and attended the service. No attempt was made to eject him from the meeting, and it has not been decided whether the congregation will request the arraignment of the member for contempt of court.

Streams Out of Bounds.

Brevard, N. C., Sept. 21.—Torrential rains this week have set all mountain streams booming. French Broad river overflowed its banks and hundreds of acres of fine corn land are inundated. Half a mile of the Southern railway tracks near Etwah on this division are under water. The water is still rising. All railroad communication has been cut off for the past 36 hours. The damage to railroads and crops is large.

Mint Robbed.

Munich, Sept. 21.—The Royal Bavarian mint was robbed of a sum equal to \$32,500 in newly-coined 10 mark pieces. The thieves got into the mint by creeping through a dry underground canal, which had been opened for cleaning.

Prominent Banker.

Akron, O., Sept. 21.—Henry Robinson, a widely known banker and manufacturer of this city, is dead of heart disease. He leaves a fortune estimated at over \$1,000,000, which is represented by interests in many business institutions here.

Struck Workmen's Sleeper.

TACOMA HAS BIG FIRE

ARE SEVERAL FATALITIES

The Property Loss Will Total \$150,000 in Which Was a Livery Barn Containing Many Blooded Horses—The Other Buildings.

Tacoma, Wash., Sept. 21. — Fire, which burned with rapidity, destroyed property valued approximately at about \$150,000. As a result one woman is believed to have lost her life, while two men are unaccounted for. The property laid waste by the flames includes the Tacoma Western railroad depot and freight warehouse and four freight cars, the Puyallup avenue bridge, a large livery stable building, a saloon, restaurant and three dwelling houses. In the livery stable were over 150 horses, many of them blooded stock. Less than half a dozen escaped. The woman believed to have lost her life is Mrs. Peterson, wife of the restaurant keeper.

Suits of sailors.

Cleveland, O., Sept. 21.—Suits for \$500 damages were filed against the Humphrey company, proprietors of Euclid beach, by two sailors, Rexford Stouffer and John G. Sontheimer of the United States training ship Wolverine, who were ordered from the dancing floor last week because they did not wear white shirts or collars with their uniforms.

Oklahoma Cotton.

Oklahoma City, Okla., Sept. 21. — The first consignment of this year's cotton from Oklahoma was started for Japan. The consignment included 5,000 bales, and will be delivered as soon as the crop is picked. Several Japan cotton buyers have been in Oklahoma for the past two months getting consignments for their houses in the Orient.

Shot Through the Heart.

Bellaire, O., Sept. 21. — William Sheets, a well known resident, was found in the Baltimore and Ohio railroad yards shot through the heart. During the night the police had a running battle with tramps in the yard, in which shots were exchanged. It is presumed Sheets was passing through at the time and was struck by a stray bullet.

Peasants Refuse to Pay Taxes.

Odessa, Sept. 21.—In consequence of the unanimous and unalterable refusal of the peasants in the Odessa district to pay arrears of taxes the local zemstvo has been notified by the governor that it is impossible to maintain the schools and hospitals, which consequently must be closed.

Clinton Routh, who has been on a fishing trip up in Michigan, brought back with him six large bullfrogs. They are fine specimens. They weigh nearly a pound each. He has them on exhibition in his show window, 19 Main street, and they are a sight worth seeing.

AT THE THEATERS

Vaudeville at the Phillips.

There will be almost a complete change of program in the New Phillips vaudeville bill that has been secured for next week, only the established features of illustrated songs and motion pictures being anything like what has been offered in preceding programs of recent weeks. St. Arno and Croumer will appear in a hand and head balancing act; Laura Jones, known as the nightingale whistler, will be heard for the first time at this house Lee and Sulky who have a novelty breakaway boxing act, will be seen in "Casey's Troubles;" Miss Ruby Cohan will sing the illustrated songs; Artlett and Collins will present a comedy novelty, said to be entirely new to the world; the Work and Herbert Trio will appear as comedy acrobats, stingers and dancers and the Philoscope will show the latest motion pictures. There will be one break in the week, which will be on Thursday night to allow for the appearance of Al Reeves' Beauty Show. The performances of this afternoon and tonight will conclude a successful week at the New Phillips. Indications are that this house has entered upon of the best fall and winter seasons in its history. Manager Murray will provide the best in vaudeville that it is possible to secure for places of this size and much more than might reasonably be expected for the small admission fee.

Al. Reeves—New Phillips.

Next Thursday night Al. Reeves' "Beauty Show" will be seen at the New Phillips. This season Mr. Reeves has surpassed all previous efforts and has surrounded himself with the most elaborate and costly productions he has ever owned in his managerial life time. This is the fourteenth annual tour of Al. Reeves' "Beauty Show." He has expended a small fortune in making this the banner attraction of his life, surrounding himself with a high-class vaudeville acts, clever comedians, beautiful women, elaborate scenery, gorgeous costumes and a marvelous display of

electrical effects.

"A Mad Love"—Gennett.
At the Gennett next Tuesday night, the attraction will be "A Mad Love," which is briefly described as a truthful and vivid stageland story of the course of natural events and episodes wherein a true woman loves and marries a man unworthy of her. It invariably follows that the trusting wife suffers through her misplaced confidence, and eventually finds a haven of rest, after a tempest-tossed life, and separation or divorce. In Edward Lock's new edition of Miss M. E. Braddon's play "Lady Audley's Secret," now bearing the title of "A Mad Love," he has exemplified clearly that he is a student of humanity, and his brilliant adaptation is full of human nature and truthful characters, his story convincing and possible and he has deftly and cleverly handled the original manuscript and arranged a play of interest with the above as a theme.

"Uncle Tom"—Gennett.

Stetson's Uncle Tom's Cabin, without destroying the venerable earmarks of this wonderfully attractive organization of Harriet Beecher Stowe's great work, has added much to the features introduced. The fun is now enlivened by the pranks of two Topsyies, and the humor strengthened by two Marks, while more of the quaint pastimes of plantation life as it was "befo' de wahn," in the way of cake walks, buck and wing dancing, jubilee singing, etc., give a more realistic glimpse of the latter days of slavery. This excellent company will be seen this afternoon and to night at the Gennett.

"The Arrival of Kitty"—Gennett.
There will be something doing all the time at the Gennett Monday evening when "The Arrival of Kitty" comes to town for the annual engagement. Up to the minute comedy and real fun are promised and judging from the list of principals in this famous comedy success, the laughing atmosphere looks exceedingly bright. Songs that are catchy, music that is tuneful and specialties that are pleasing are claimed, and, no doubt, the song hits will be hummed and whistled about town soon.

"Thorns and Orange Blossoms"—Gennett.

One of Rowland and Clifford's latest comedy-dramas, "Thorns and Orange Blossoms," will be given its premiere in this city at the Gennett next Wednesday night. This play and company have been accorded a hearty approval of press and public, and will undoubtedly prove a strong attraction when it is presented here. Miss Edna Earlie Lindon heads the cast.

IMITATION IS FLATTERY

WHENEVER you find a competing concern imitating in the slightest way its superior, that's a sure sign to the buying public that the imitating concern acknowledges the merit of its competitor's line of goods.

Not only do competing firms of the STARR PIANO CO. make a futile effort to put as good a piano on the market, but they also endeavor to imitate its methods of business. Even a concern that boasted recently that it was "out of the high rent district" and therefore could sell pianos cheap, has now moved into the "high rent district" to follow in the trail of the STARR. Even the reddish decorations of the room are being imitated, feebly, it is true, but just enough to indicate that this company looks upon the STARR PIANO COMPANY as a leader.

However, the STARR PIANO COMPANY welcomes competition. A Starr piano never shows to such great advantage as when compared with other makes sold by company agents in Richmond. Remember that it's a case of buying direct from the manufacturer when you purchase the Starr Piano. There is no agent's profit to take account of. Remember you always pay the agent's commission when you buy from an agent. And even with this "extra" you cannot possibly get an instrument equal to the STARR.
