

### Habit-forming Medicines

Whatever may be the fact as to many of the so-called patent medicines, containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago Dr. Pierce, of Buffalo, N. Y., "took time by the forelock" as it were, and published broadcastly the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping on this and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or they contain only narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forest and of well recognized curative value. Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulant drugs, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," all bronchial, throat and lung troubles, attended with severe coughs. As seen from the writings of the eminent Drs. Grover Cox of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

### IN A FERMENT

#### Are Three Populous Provinces of the Russian Empire.

St. Petersburg, Sept. 27.—Further disquieting information regarding the agrarian situation comes from the provinces of Saratoff and Tambov and the lower Volga region, where serious disorders are anticipated when the reaping season opens in October. The Viborg manifesto has been widely increasing. The populations of many communities have adopted formal resolutions discarding the authority of the police and clergy, the rural police are resigning in numbers, land owners are disposing of their estates at an sacrifice and land values have dropped from \$30 to \$16 per acre.

#### Owned by Uncle Sam.

Washington, Sept. 27.—It is said at the state department that no doubt exists as to the American ownership and control of Palmas Island, one of the small islands on the southeastern edge of the Philippines. About 18 months ago, the war department requested the department of state to determine whether or not Palmas Island was included in the Philippine group, owned by the United States.

#### Farmer Waylaid.

Toledo, O., Sept. 27.—A truck wagon men jumped into a truck wagon belonging to John Blumby of Holland, bound and gagged Blumby, laid him in a ditch and made way with his outfit. After lying for hours, he managed to free himself and walked five miles to Holland to report the theft. No trace of the property or bandits has been discovered.

#### Charges Insurrection.

Cleveland, O., Sept. 27.—Trouble is brewing for members of Company F, Fifth regiment. Insurrection is charged by Captain Hiles, and he threatens to make a number of arrests unless the men come to terms. Musician Filmore was arrested and sent to jail for two hours. It is understood that many men in the company are anxious to get out of the service.

## The Pain Family

You know them; they are numerous and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yields to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for over-exhausted head-ache, neuralgia, and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."

MRS. JOE MERRILL, Peru, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist who will guarantee that the first package will benefit. If it fails, he will return your money. 25 cents, 50 cents, never sold in bulk.

### J. E. SULLIVAN'S BOOK.

American Commissioner at Athens Describes Olympic Games. James E. Sullivan, who was American commissioner to the Olympic games of 1906, has written a book of the Olympic games that were held at Athens this year. This book is published in a well known athletic library series and is the first complete report of that remarkable athletic event. The volume is dedicated to the Hon. Theodore Roosevelt, president of the United States, who was honorary president of the American Olympic committee.

The book is replete with valuable information and contains nearly 100 full page pictures of different scenes at Athens, portraits of the Hon. Theodore Roosevelt, his majesty, King George of Greece, his royal highness, the Crown Prince Constantine, duke of Sparta; Prince George, Prince Nicholas and Prince Andrew and many pictures of the victorious American team and individual members, as well as numerous pictures of entrants from other countries.

The contents also include records of the Olympic games of 1896, 1900 and 1904, a history of the Olympic games and a description of the most remarkable athletic structure ever built in the world, the Stadium.

**The Best of All Seasons.** More money has been made in baseball this year than in any previous season in the game's history. The earnings of several major league clubs will exceed \$100,000.

### The Percentage System.

After the teams in the major leagues have played 100 games or more each defeat takes off more points in the standing than each victory adds to it.

### Name Him "Shoutout" Walsh.

Eight shutouts have been twirled by Walsh of the Chicago White Sox. He leads both leagues in administering the calumet.

## HONORS DIVIDED IN FIRST GAME

North Room Team and an Eleven from High School at Large Met on Gridiron.

### NEW MEN SHOWED WELL

GROSVENOR AT TACKLE DOES STAR WORK FOR HIS TEAM—GAME PLAYED UNDER NEW RULES.

Last night the high school football season was opened in a game between the North Room boys and a team from the rest of the school at the Public School playgrounds, with the score of 0-0. There were about two hundred people present, mostly students of high school. The teams lined up as follows:

	School.
L. Dingley	Center
Highley	Q. Back
Schaefer	P. Back
Cain	R. Half
Graves	L. Half
Murray	R. Tackle
Grosvenor	L. Tackle
Brown	R. Guard
Watson	L. Guard
Williams	L. End
Silberman	R. End

All the old men played well showing up better than last year, but special mention should be made of the work of all the new men who had to learn the game under the new rules. The following are the new men, any one of whom would strengthen the team a great deal: Grosvenor, Spangler, Metzger, Clendenen, Brown, Watson, Ferling, Tallant, Magaw and Silberman. Especially fine was the work of Grosvenor the L. Tackle for the North Room team. Frank Lancaster and Robert Luken officiated.

## NEW YORK NOW ON A TOBOGGAN

Cleveland Going Fast and Is Surely a Dark Horse in American Race.

### HAVE CHANCE AT FIRST

SHOULD THEY PASS NEW YORK IN THE PRESENT SERIES A BATTLE ROYAL WILL FOLLOW NEXT WEEK WITH WHITE SOX.

New York, Sept. 27.—It looks now as if the New York Americans are on the tobooggan. The disastrous defeats administered to them by the Detroiters seem to have taken the heart out of the players, and with the Cleveland team close on their heels, the players are not going into the game with the same steam they displayed in the series with Chicago last week. Today they were beaten badly by the Blues in the first game and the best they could do in the second was to play a tie.

The Blues reduced the advantage the Highlanders have over them to one game, and it now looks as if Larry's men are the dark horse in the race. Only four games separate them from the White Sox who were again victorious today, but the Blues are playing the better game and their pitchers seem to be in the better condition. The Chicago are now three games ahead of the Highlanders by reason of their victory over Washington today, but they will have to keep up their winning streak in order to hold their advantage. The Clevelanders are coming good and strong and should they manage to pass the New Yorks in the race for the flag, the battle royal will be fought next week when the White Sox and Blues meet.

**Learning for It.**  
Summer's gone, and with a sigh Back we to the office turn.  
Leaving field and sun and sky Where the autumn signals burn,  
And those things we'll not forget; They will harass us like sin,  
We'll remember with regret When the summer bills come in.

**Overlooked the Rest.**  
"That cab driver is no mind reader."  
"No?"  
"He thought \$5 was all the money I had."  
"How do you know?"  
"That was all he charged me."

## The Roundup By Willie West

A Veteran Baseball Player's Quick Wit—Pugilistic Talk.

### One of the cleverest bits of quick thinking ever witnessed in baseball was years ago in Cincinnati, and Bid McPhee, the "King," pulled it off. How fast he thought only can be guessed. It must have been instantaneous. Bid was on first base with nobody out when some one drove a boulder straight at Wild Bill Everett, who was playing first for Chicago. Bid dug up the ball, touched first and made one of his copyrighted throws to second to catch Bid, having plenty of time for the double play.

The ball disappeared. Dahlen, who was on second, never saw it. He

"THE BALL HAD DISAPPEARED... BUT I'VE GOT TO RUN HOME."

thought the ball had hit Bid. The umpire, crouching to see the play at the base, lost the ball. Bid hesitated at second, glanced around, saw the entire Chicago infield running around wildly and tore on for third. At third, after turning the base, he hesitated again, looked back and then tore on home. From his actions both at second and home any spectator would have sworn Bid was as ignorant of the whereabouts of the ball as were the Chicago players.

The Chicago team was wild with excitement and the crowd was mystified. No one knew where the ball was. The only clue was a yell of amusement from the Cincinnati bench. The ball had disappeared utterly, and the umpire threw out a new one. After the game we learned what had become of the ball. Everett had hit Bid with it. The ball had struck him under the arm, and, holding it tight against his body, Bid had carried it entirely around the bases and to the bench, while acting as if he didn't know where it was.

Learning to smoke seems to make a small boy able to swear harder.

## IS POSSIBILITY OF THIRD TICKET

Jerome and His Following Cannot Stomach Hearst as Their Candidate.

### CONFERENCE TO BE HELD

EDWARD H. SHEPARD IS CHAIRMAN OF ORGANIZATION WHICH IS DIRECTLY OPPOSED TO YELLOW JOURNALISM.

Buffalo, N. Y., Sept. 27.—The party leaders and delegates who gathered here for the Democratic state convention are leaving for their homes. The party leaders show no disposition to comment upon the ticket named or upon the character of the proceedings. Mr. Jerome, who entered the race for the Democratic nomination because of the "disgraceful" conditions which he declared existed, was asked if he had any comment to make on the nominations. "I will say nothing for the present," he replied. "Later I may make my position and my views clear, but for the present I shall give out no statement."

Mr. Jerome said that the so-called Albany conference of Anti-Hearst Democrats had abandoned the idea of another session in Buffalo, but would meet again shortly at the call of the chairman, Edward M. Shepard of New York.

The possibility of a third ticket being placed in the field is generally commented upon, because of the almost bitter character of some of the speeches delivered in the convention when friends of Representative Sulzer resorted to denunciation of Mr. Hearst, ex-Mayor Osborne of Auburn, one of the organizers of the Albany conference, declaring that the "bosses," who he declared controlled the convention, would be swept away. "Out of the trail of your dishonor," he asserted, "a new Democracy will arise in which you will have no part."

William R. Hearst was nominated on the first ballot cast by the Democratic convention, the vote resulting: Hearst 309, Sulzer 124, Dix 17. Tammany cast its solid vote for Hearst. With Hearst were nominated Lewis Stuyvesant Chanler of New York, for lieutenant governor, and John S. Whalen for secretary of state, both from the independence league ticket. Martin H. Glynn of Albany, was chosen as the candidate for comptroller; William S. Jackson of Erie, attorney general; Julius Hauser of Suffolk for state treasurer, and Frederick W. Kkene of Queens for state engineer and surveyor.

The platform adopted by the convention touches upon the tariff question as follows: "Republican high protection enables a few to plunder the whole body of their fellow citizens by charging extortionate prices for the necessities of life and the essentials of industry. We hold that the cure for these abuses is not in Socialism, which, by enormously extending the power of government must aggravate them, but in democracy which, by excluding government from any interference whatever with private industry, must cure them." The platform also demands investigation of the state banking department, reformed insurance laws, federal influence in behalf of Jews in Russia, and denounces trusts. Cordial felicitations are extended in a resolution to William J. Bryan, who is declared to be a great Democratic leader and typical American.

### Three Persons Killed.

Ottawa, Sept. 27.—As the result of a collision between the passenger Stammers Maude and Ottawa on the Ottawa river today three persons are dead and the Maude was so badly damaged that she sunk immediately.

### Chas. Hatfield Home.

Charles Hatfield formerly of this city but who for the past twenty-eight years has served as passenger conductor on the Central Mexican Ry., running out of Mexico City, is in this city visiting relatives. In the twenty-eight years that Mr. Hatfield has lived in the southern climes he has made but two visits to Richmond. He is the son of John Hatfield of Ft. Wayne Ave.

### IS MISSING

Lima, O., Sept. 27.—F. O. Oleson, former general manager and promoter of the Sandusky Southwestern railway, is missing and his wife has asked the police to aid in the search for him. Oleson sunk his own fortune in the venture, lost all he had with other investors, and following collapse of the Lima Savings and Trust company, was indicted for forgery. He was last heard from in northern Michigan. His family will go to Cleveland.

### Would Withdraw From Union.

Perry, Australia, Sept. 27.—By a vote of 23 to 19, the legislative assembly passed a resolution that the union of the state with the rest of the commonwealth was detrimental to the interests of Western Australia and that the time had arrived for submitting to the people the question of withdrawing. The premier said that this vote was due to the rejection by the commonwealth of a proposed survey for a transcontinental railroad.
