

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as brody published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., took time by the forelock, as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now or known compounds. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

CRAZED WOMAN
MAKES ESCAPE

Bertha Beilstein, Who Slew Her Mother, Missing from Pittsburgh Asylum.

DASHED AWAY IN AN AUTO

IT IS SAID THAT SHE RECEIVED HELP FROM THE INSIDE OF THE INSTITUTION.

Pittsburg, Sept. 28.—Probably the most sensational escape from the Western Pennsylvania Asylum for the Insane at Dixmont, recorded in its long history, is admitted by the officials of that institution. Bertha Beilstein, a young Allegheny woman, who murdered her mother some years ago is missing. It is stated she received assistance from inside the institution and that she dashed away in an automobile. All trace of her was lost.

Dan Patch
Paces Mile
In 1:55

Dan Patch broke the world's pacing record at the state fair grounds, St. Paul, Minn., recently, going the mile in 1:55. His former record was 1:57. Dan Patch has broken the record for the mile with clocklike regularity ever since his first successful attempt three years ago.

Dan Patch is a son of Joe Patchen and Zelica and is owned by M. W. Savage, who purchased him from M. E. Sturges for \$60,000 in 1902. Three years later Savage refused an offer of \$130,000 for the stallion, made by Sturges, who represented a New York syndicate.

In the recent race the big brown horse finished strong, many unofficial watches catching the time a quarter of a second faster than the judges' announcement. As the time was hung up the pacer was covered with a floral blanket.

The mile was made with a runner in front and a dust shield and another runner at the hip.

A few days previous, at Galesburg, Ill., Dan Patch paced a sensational mile at the opening of the trotting meet—1:57½ was the time.

He was driven by his trainer, Hersey, and Charles Dean drove the pacer, and the wind shield, while another pacer brought up on the outside.

After a warming up mile in 2:12 Patch got the word to start and paced the first quarter in 31½ seconds. When the timers hung out the sign for the half in 1:00 the 10,000 persons in the stand raised a mighty shout. Down the back stretch came the powerful fellow, and the three-quarter pole was passed in 1:28½.

The crowd had swarmed on the track, and it took the entire police force of Galesburg to keep them from interfering. Dan came on, however, and with one of his supreme efforts crossed under the wire in 1:57½, the fastest time ever paced on a track in Illinois.

He Won Her.
She—Last night I dreamed of a most beautiful woman.
He—Rather a coincidence. I dreamed of you, too, last night.—Pittsburg Chronicle-Telegraph.

Dog Extreme.
There are dogs standing over three feet high at the shoulder, measuring nearly seven feet from the nose to the tip of the tail and weighing so much as 200 pounds, and at the other end of the scale the little Mexican lapdog is under seven inches in length from nose to tail tip and weighs only a few ounces.

THERE WILL BE NO NEW BASE BALL

team organized in the city to play out the remainder of this season, as was intended owing to the fact that Clarence Jessup, who was the promoter, has not been able to get any games outside of the city. Many of the base ball teams have broken up for this year and those still on the diamond have every possible date booked. Several men had been retained by Mr. Jessup to play on the season end team but have gradually dropped off, and now no effort is being made to hold a team.

Mr. Dennis will instruct in equity and Mr. Thurston in trusts and taxation.

CRIMINAL DOCKET READY

Name of John Locke Appears for Trial During the October Term With Many Others.

The criminal docket for the October term of the Wayne Circuit Court has been completed by County Clerk Haas. Many of the cases are those which have been continued term after term and they range from simple assault and battery charges to forgery, grand larceny and embezzlement. John Locke's name appears on the docket, but nobody about the court house is expecting John to return to Richmond to be tried. Since his remarkable escape from the county jail last spring, many clues have been run down by the authorities, but all have proved worthless.

LOCAL HORSEMEN HOPE TO
MAKE SATURDAY AFTERNOON
RACES PERMANENT EVENT—
TO SECURE DRIVING PARK
TRACK.

There will be some lively racing on South Sixteenth street this afternoon. James Beeson's "Piny B" will go a quarter against O. V. Porter's "Jack," while several other horsemen may try out their speeders. There is a good quarter of a mile speedway on South Sixteenth street, extending from the second telephone pole north of E street to B street. Beginning with today a number of local horsemen hope to make the racing on this stretch of roadway, a permanent Saturday afternoon event.

Mr. Beeson's horse has been tracked and has a record of 2:19½. Yesterday Howard Ridge drove her a quarter on South 16th street in 32 seconds, while Porter's horse, which has never been trained, went the distance in nearly as fast time. There is a great deal of talk among horsemen in Richmond at present of securing the Driving park track for next season and putting it in good shape again. The cutting of weeds and a little work would put it in good condition.

HIS MENTAL AND PHYSICAL
CONDITION AND FOUND TO BE
A HOPELESS WRECK.

New York, Sept. 28.—It is learned that Harry K. Thaw is to be examined before a lunacy commission. This step has been decided on by Thaw's lawyers after much persuasion by Mrs. William Thaw. She plans to avoid having him placed on trial for the slaying of Stanford White, preferring to have him sent to the Matteawan asylum for the criminal insane. An application for the appointment of the lunacy commission will be made it is understood before Justice Blanchard next week in the supreme court, criminal branch. The application will be based upon affidavits of several of Thaw's lawyers and of alienists who have made a thorough physical and mental examination of the prisoner. The district attorney's office will offer no opposition.

NEGROES ARRIVE HERE

QUIT WORK FIRST DAY

Claim They Were to Have Received
Two Dollars a Day and that
Company Wanted Them to Work for
\$1.50 When they Got Here.

Fifteen negroes and 3 white men arrived in the city yesterday morning to dig conduit trenches for the new system of the Home Telephone company. The men were secured in Tennessee and Kentucky by Superintendent Bailey and brought here. At Cincinnati two of the original seventeen backed out of the contract and were left there. After the gang arrived in the city, it is stated, the company offered them \$1.50 per day. The negroes claimed that they were to have received \$2.00. They refused to do any work yesterday and roamed over the streets of the city. It is thought that the men will consent to go to work this morning.

CENTERVILLE.

Centerville, Sept. 28. (Spl.)—Mr. and Mrs. Jacob Case of Cicero, Ind. are visiting Mr. and Mrs. G. W. Cornelius this week. Mrs. Case is a daughter of David Simpson who was a resident of Centerville fifty years ago. He bought the dry goods store of Isaac Burbank and carried on the business in the same building for three years.

Miss Alice Gould is spending the week with her sister Mrs. Della McGuire at Cambridge City.

Charles Black residing on James Martin's farm, northwest of Centerville, held a sale of his farming implements, etc. on Thursday, which was largely attended. Mr. and Mrs. Black intend moving to Colorado some time this fall.

Mrs. Mary Custer visited her aunt Mrs. Martha Hanes on Thursday. Mrs. Hanes is still at the home of her daughter Mrs. Harry Meek, south of Richmond and continues in a critical condition.

H. H. Peelle entertained his cousin James Lewis of Richmond at dinner on Friday.

Jesse Plankenhorn near Abington held a sale on Thursday of stock etc. Mr. and Mrs. Plankenhorn will move to Richmond this week.

Mr. and Mrs. Lindley Morgan were guests of Mrs. Lizzie Wailing near Philomath on Thursday and Friday.

MOBILE SUFFERS
TREMENDOUS LOSS
FROM GULF STORM

(Continued From Page One.)

tense. The gulf towns are summer resorts for New Orleans and the members of many families have been separated by the storm. The washout on the Louisville & Nashville railroad, 27 miles from here, marked the farthest point eastward reached by rail, telegraph or telephone. For hours after the hurricane had passed the two mile portion of railroad tracks, which was submerged by the incoming tide, was exposed to the equally dangerous outward flow of the receding high water. Lake Pontchartrain is calm and the high water fallen to very near its normal level.

The first reports from interior Mississippi towns indicated that the hurricane did great damage in its northward progress. Vicksburg and McComb City reported buildings injured and Jackson and Brookhaven reported damage of 10 per cent to the cotton crop.

Reports from Monticello, Miss., say that considerable damage was done pine forests near there, hundreds of trees being uprooted. Trees had fallen across the railroad tracks to such an extent as to practically suspend railroad traffic toward the east of Monticello.

The dispatches received here indicate that the losses in interior towns of Mississippi alone will reach hundreds of thousands of dollars.

The first definite news from the Mississippi delta shows that the delta land had been flooded, that hundreds of fishermen had been driven from their homes into luggers, but that despite the wrecking of some of these boats, loss of life was probably very small. Property damage along the lower river, however, was widespread.

Destruction in Florida.

Pensacola, Fla., Sept. 28.—Much damage was done by the tropical storm. Bath houses and wharves have swept away, small craft driven ashore and crushed timber sent adrift and many cottages along the bay shore damaged. In some sections of the city the tide overflowed many blocks, driving people from their homes, covering street car tracks and stopping traffic on one line. A fleet of fishing schooners anchored in the bay were seen to part from their cables when struck by a severe gust of wind and the last seen of them they were being driven down the bay with every prospect of being wrecked.

Damage in Mississippi.

Memphis, Tenn., Sept. 28.—Advices from Jackson, Miss., state that the loss to the growing cotton crop in Mississippi, due to the tropical storm which raged over that state since Tuesday last, has been very heavy. At Natchez the fleet of the Pittsburg Coal company sank in deep water, two miles below the city, with an estimated loss of \$60,000. There were nine teen barges in the fleet. The storm caused severe damage at Brookhaven, Miss., blowing down a number of buildings, including the Masonic temple.
