## MAYOR VETOES THE ORDINANCE GIVING FUND TO HOSPITAL

Schillinger Goes on Record as Not Favoring the City Support of Daniel G. Reid's Great Gift to People.

GIVES AS PRETEXT THAT ACT WOULD BE ILLEGAL

Councilmen Will Vote on It Again at Next Meeting and It is Probable They Will Follow Public Opinion.

The appropriation ordinance for the expense of the city during the coming year, passed at a special session of council ten days ago, was returned to council last evening with Mayor Schillinger's veto attached. No action was taken by council in the matter, consideration of the ordinance being postponed until the next regular session of council two weeks hence.

With his veto Mayor Schillinger offered the following explanation of his act:

"The above and foregoing ordinance I hereby approve except the item appropriating \$6,000 for the said Memorial Hospital, and I hereby disapprove and veto the same, the reason and on the ground that the common council of the City of Richmond has not the legal authority or power to appropriate the money of the city, or for the use of the Memorial Hospital."

"RICHARD SCHILLINGER, Mayor."

It is the general impression that Mayor's veto will have but little effect on the councilmen, and when ordinance is again brought up for consideration, it will be passed, the hospital amendment over the head of the chief executive.

## OCTOBER TERM INS

ARE MANY DIVORCE CASES

Vossler and Bailey Suits Legal Separation will get their hearing this week—Docket was in court yesterday morning.

The regular October term of the Wayne County Circuit Court began yesterday morning and the court was busy in arranging the cases for the many trials that are on up this term. The docket called and several of the minor matters occupied the attention of the court.

Altogether there has been ten divorce cases carried over the April term of court, and two cases have been set for trial. Divorce cases always occupy a large part of the court's time and will be hurried through, in order to get to the more weighty matters. The new cases that have been set for trial are Martin vs. Eliza J. Bailey, Oct. 4th; Grace Vossler vs. Charles Vossler, Oct. 5th.

The court docket is fifth important civil and criminal, and although an especial effort be made to clear it at this time it is rather doubtful whether it can be done.

Committees Are Held.

Last evening at the meeting of the city council Mayor Schillinger announced the following committees: Accounts and Claims—Pein, Brown and Englebert. Contracts and Finance—McMahon, Von Pein and Osborn. Printing and Stationery—Williams and McMahon. Public Property and Maintenance—Osborn, Englebert and Williams. Streets, Sewers and Englebert, Von Pein and Brown. Gas, Water and Electric—Leftwich, Wettig and Osborn. Public Health and Brown, Leftwich and Bartel. Public Schools—Williams and McMahon.

Mrs. Walter Luring left yesterday morning for O. O. where they will spend two or three visiting friends.

## NEGRO BOY STOLE COAL

TO SUFFER FOR HIS ACT

Harrison Jenkins, Often at Police Headquarters for Misdemeanors, is Bound Over to Juvenile Court—Faces Reform School.

Harrison Jenkins, a sixteen year old colored boy, who for the past ten years has given the police much trouble, was arrested again Sunday, for stealing about a quarter's worth of coal from the yards of the Independent Coal and Ice Company at Sixteenth and North F streets. His case came before Judge Converse yesterday morning and at the advice of Prosecutor Jessup, the boy was bound over to the Wayne County Juvenile Court.

Owing to the fact that the boy has been a constant source of annoyance to the police, and has been arrested on several different occasions for petty thieving, it is thought that he will be sent to the reform school at Plainfield. The mother of the boy is heartbroken over his latest misdemeanor, as she has begged and pleaded with him to act as he should. Even the appliance of the good old fashioned slipper, wielded by the mother's hand, has proved an ineffective cure for the boy.

## WOULD ABANDON THE PEST HOUSE

City Health Officer Bond Makes Suggestion to the Members of Council.

PRESENTS GOOD REASONS

HE WOULD USE THE REID MEMORIAL HOSPITAL IN PLACE OF THE PRESENT UNSATISFACTORY STRUCTURE.

Dr. Charles Bond, secretary of the Board of Health, last evening submitted to council a recommendation that the present detention hospital, better known as the pest house, be abandoned and that plans be formulated for utilizing a part of the Reid Memorial Hospital for this purpose. His principal reasons for making this recommendation were that the patients could receive better treatment, that the expense to the city, which now amounts to \$207.60 per annum, would be minimized and that the present detention hospital buildings were old and almost unserviceable. He also stated that the extension of Main street to the city limits would encroach on the present property of the hospital.

CITY GETS HER SHARE

County Treasurer Turns Over Money to City Treasurer Johnson for September.

The city's share of the taxes for the month of September, which were collected by County Treasurer B. B. Myrick, at the court house, were yesterday turned over to City Treasurer Johnson. The total amount was \$1,774.64, although a larger amount was collected, but ten per cent was kept back to satisfy errors should any occur in the report. The current taxes collected amounted to \$1,996.82, while the delinquent taxes amounted to \$65.

NUMBER 91 WAS LUCKY

No. 91 is the lucky one in the automobile contest of the Druids. The number was picked out last night at the Wescott Hotel, the committee being composed of George Gay, Ramsey Poundstone and Lou Emmons. The next lucky number is 5962 and the third one is 4361. The first number holds good for two weeks. If the machine should not be claimed in that time, the second holds for two weeks and then the third one, if necessary, will be brought into use by the same time limit.

## ATTY. STUDY CAN'T ACT IN TWO CASES

He Is Under Obligations to Other Clients and Can't Help the City.

EXPLAINS TO COUNCIL

CITY ATTORNEY WILL FIGHT MUNICIPALITY IN GARTSIDE CASE AND IN THE SUIT OF MRS. LINCOLN.

City Attorney Study at council meeting, last evening, stated that as he had been retained as a counsel by William Gartside, before he assumed the office of city attorney, he would be unable to represent the city in the suit, recently brought by Mr. Gartside, against the municipality for an increase in the amount of damages awarded him by the Board of Public Works, in connection with closing of a part of North Fourteenth street, for the benefit of the American Seeding Machine Company. Mr. Study recommended that former City Attorney A. M. Gardner be employed to represent the city in the case. Mr. Study further stated that he had been retained as counsel by Mrs. William Lincoln in her suit against the city, which is now pending in the appellate court, which convenes the second week of this month. Mr. Study stated that Attorney Forkner, of New Castle, and Attorneys J. F. Robbins and A. M. Gardner had represented the city in this case at different times, and recommended that anyone of these three attorneys be retained by the city to argue the case before the appellate court. The matter was referred by council to the finance committee with power to act.

## NO GRAND JURY FOR THIS TERM

Randolph County Man Selected to Serve on the Wayne County Jury.

THING IS NOT POSSIBLE

SHERIFF KNEW IT AND SERVED ANOTHER MAN BY THE SAME NAME BUT THAT DID NOT HELP MATTERS ANY.

Because the jury commissioners selected John B. Chenoweth of Randolph county to serve on the Wayne county grand jury there will be no session of that investigating body for this term of court. The case is an unusual one and perhaps without parallel in this state. The commissioners in drawing the jury thought that Chenoweth lived in this county, and the sheriff in serving the jury men, found that he did not live in Wayne county but thought the commissioners had meant to select Joshua Chenoweth, who lives near the Randolph county line.

Yesterday morning when the jury assembled to begin its deliberations, Joshua Chenoweth was among the number and it was then that the mistake was discovered. The jury was dismissed by Judge Fox and as enough time does not remain to legally draw another jury, the county will be without one for the October term of court. A large number of witnesses had been summoned to appear before it and they have been dismissed.

The prosecutor will now be compelled to try a number of cases which were to come before the grand jury without the assistance of those officials, in helping him to collect evidence. Several things which were to have been investigated will have to rest, although cases of any consequence will be prosecuted on information of the prosecutor.

Went to Cleveland.

## ACCUSERS OF REV. OLIVER M. FRAZER WERE CRITICISED

Friends are Advised to Refrain from Carelessly Giving Credence to Rumors of Unsound Doctrine.

REPORT OF MEETING ON MINISTRY AND OVERSIGHT

Indiana Yearly Meeting Will End Its Labors this Morning—Delegates Named to the Five Year Meeting.

The deliberations of the Indiana Yearly Meeting of Friends will close this morning at 10:30 o'clock. Much business was disposed of at the session yesterday and the Meeting might have been closed last night had it not been that a few minor reports, yet to be heard, were not ready. The session will take up at 9 o'clock today and close up all unfinished business in quick time.

The Meeting yesterday afternoon heard the report of the Meeting on Ministry and Oversight, which body considers subjects which have reference to the spiritual needs of the church. The report took up the matter of charges of unsound doctrine, brought against the Rev. Oliver M. Frazer, by the pastoral committee of the Whitewater church of Richmond. The matter was handled in such a way, however, that the Rev. Mr. Frazer's name was not mentioned, nor that of the Whitewater church, but all who heard the report fully appreciated what was meant. The report upheld the Rev. Mr. Frazer and took to task the members of his church, who had made charges against him.

It said, "Our members are further advised to refrain from giving credence to rumors of unsoundness, where no charges could be proven and not to assist in the circulation of such rumors."

The pastoral committee at the Whitewater church, after having charged their pastor with a faulty doctrine, refused to appear against him at the Quarterly Meeting, which took up an investigation of the case. The Rev. Mr. Frazer was exonerated by the Quarterly Meeting and now he is further approved by having the Meeting of Ministry and Oversight censure his accusers.

In their report the Meeting on Ministry and Oversight suggested a series of questions to be taken up by the monthly and Quarterly Meetings for discussion. Among these were two very weighty propositions as follows: "Does the advance of science demand an altered teaching of the Bible?" and "The Completeness of the Divine Revelation." This phase of the report aroused a spirited discussion among the Friends, perhaps the most heated of any yet held. Several contended that the church members were not competent to take up such questions, and would only arouse ill feeling and a spirit of strife by so doing. Others thought that the Friends were so mentally equipped that they could approach any subject, no matter how momentous. The matter was finally put to the Meeting by the Clerk and as there was a division of sentiment, the question will not be given to the smaller bodies for their consideration. It is the rule of all Quaker gatherings that their action must be unanimous.

Charity Conference Delegates. Hannah D. Francisco and Luke Woodward were appointed delegates to the State Conference of Associated Churches and Corrections to be held in Muncie this month.

## VERY DISRESPECTFUL ACT

Man Knocks Aged Lady to the Sidewalk on Main Street and Laughs at What He Did.

Yesterday morning as a man came tearing down the stairway leading to the Hirschburg Bundy photograph gallery, he ran into an extremely elderly lady and knocked her over on the sidewalk. Her fall was very hard and her cries attracted the attention of many passersby. The old lady with the assistance of several men standing by, arose to her feet but she moved off with a noticeable limp. The man who had knocked her over passed off with a huge grin on his face as though the accident was very amusing. The little incident aroused the ire of several men who were standing near, as the arrogance and disrespect of the man was disgusting and obnoxious.

## \$28,000 WORTH OF BONDS TO BE SOLD

Council Makes Provision for Improving the Municipal Light Plant.

BONDS BEAR 4 PER CENT

THEY ARE TO BE SOLD TO HIGHEST BIDDER, DENOMINATIONS BEING \$1,000 EACH—RUN OUT IN NINE YEARS.

An ordinance was introduced in council last night appropriating \$28,000 for the expenses of the improvements and additions at the Municipal Lighting and Power plant, and authorizing the issue of bonds to the amount of \$28,000. Under suspension of the rules this ordinance was passed and will go in force at once.

The ordinance provides that these bonds be issued in denominations of \$1,000, each bearing 4 per cent per annum, payable semi annually, evidenced by a coupon for each one-half years interest. The bonds are to be signed by the Mayor and countersigned by the city controller.

The ordinance further stipulates that one-fourth of the bonds shall become due in three years; one-fourth of the bonds to be due in five years; one-fourth to become due in seven years and one-fourth in nine years. The bonds will be sold by sealed bids to the highest bidder for cash. Three weeks notice of the sale of these bonds are to be given in two of the local papers.

The councilmen were also invited to inspect the new heating plant at the Home. No action in the matter was taken by council.

Huntington, rector of St. Paul's church who has just come to Richmond, was admitted to membership. He stated that St. Paul's church would identify itself with the evangelistic movement of the association.

## FIRST BRIGADE OF MARINES LANDED ON CUBAN ISLAND

Washington, D. C. Oct. 1.—The department was advised tonight that the transport Sumner will be ready for departure from New York tomorrow morning. She will carry in addition to the local troops two battalions from the fifth infantry at Plattsburg, N. Y. She will be able to land 900 regulars in Havana by Sunday.

(BULLETIN.)

Havana, Oct. 1.—A brigade of marines, consisting of 750 men, commanded by Major General Wendell C. Neville, was landed from the United States warships Kentucky, Indiana and Minneapolis, and preceded by trolley to Camp Columbia. There was no demonstration of any kind.

All the marines were landed within two hours from the starting of the operation, which was carried out with great precision, owing to the fact that test supplies and general equipment were brought along in the boats with each detachment, so that each boat load of men had with them full equipment for a long stay ashore. Several field guns were also landed.

All the landings were made at the new wharf of the Havana Central Electric railway. Thirty street cars and several freight cars for the supplies were run directly out on the long pier and the ships' boats, laden with marines, were towed to the shore in strings of three and four by the launches. As the marines with their equipment reached the wharf, they were passed into the street cars, which at once started, two or three at a time, for Camp Columbia. The freight cars followed as fast as they were loaded. All the cars passed over the Havana Central tracks to near the arsenal, where they were switched to the city line at Monestrate street, thence going through the city and Vedado to Camp Columbia.

The departure of Senator Palma from Havana has been postponed until Tuesday. Governor Taft offered Mr. Palma a warship to convey him to Matanzas or elsewhere, but the ex-president categorically declined to travel in that manner. It is known that Palma's family are not willing to traverse the island until the pacification has begun; but they are no longer apprehensive of a personal assault on the ex-president.

The members of the supreme court called at the legation to pay their respects to Governor Taft, who had gone to the university to participate in the annual opening. The governor made a speech at the opening of the university which was enthusiastically applauded by a large audience, including the leading people of the city, who cheered Mr. Taft, the States and President Roosevelt. Major Eugene F. Lord the day named commissioner (Two.)
