

## Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINE. No one is interested in it but that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has taken time to publish a list of all the ingredients entering into his leading medicines, the Golden Medical Discovery, the popular heart invigorator, stomach tonic, blood purifier, and heart regulator; also his "Worship" Prescription for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce has, by silencing exactly what his own medicines are, and of course disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled upon the standard medical authorities, and all the several schools of medicine, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicine. A copy of this little book is mailed free to any one who sends a stamp to the publisher.

**\$50,000 GIVE AWAY.** The people's Common Sense Medical Adviser has sold to the extent of 500,000 copies a few years ago, at \$1.00 per copy. Last year we gave away \$50,000 in the form of valuable books. This year we shall give away \$50,000 worth of books. We will give away the benefit of the \$50,000 to the benefit of the poor. The money will be used in stamp covers, or 25 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

## ANOTHER STORM VISITS MOBILE

Stricken City Suffers Added Discomfort Through a Heavy Downpour.

## NO WIND IN IT, HOWEVER

MANY WHO ARE NOW LIVING IN THE OPEN FIELD, KEENLY FEEL THE COLD RAIN—RELIEF OF THE DESTITUTE.

Mobile, Oct. 1.—A heavy rainstorm, which is greatly interfering with the railroad and telegraph companies, set in Sunday night and is still on. No wind has accompanied the rainfall as yet, but the downpour has been exceedingly heavy and has enormously increased the difficulties of construction gangs. It is feared, too, that it will cause much increase of suffering and some deaths along the coast of the south end of Mobile bay. Many people are homeless in that section and are living in the woods with scanty supply of provisions. The exposure to another storm cannot but have a serious effect on women and children. On Dauphin Island there are 500 people homeless with only three small buildings in which they can obtain shelter.

### Relief of Destitutes.

Mobile, Ala., Oct. 1.—Arrests were made at some of the lower coast resorts of negroes who were caught looting some of the wrecked houses, and it has been determined to send additional details of militia to Coden and other points nearby to protect property. Word was received that from 30 to 40 Creoles on Mon Louis island are destitute and in imminent danger of starvation. The citizens of Mobile have undertaken relief measures with energy and are sending food and clothing to the stricken points as rapidly as possible, but there is so much suffering at various points to which access is difficult, that is certain that great suffering must follow.

### Dead at New Orleans.

New Orleans, La., Oct. 1.—Fourteen dead and as many more missing, is the result of last Thursday's hurricane in the vicinity of New Orleans. Twelve persons were drowned in Mississippi Sound, two were killed in interior towns of southern Mississippi, and a dozen fishermen are reported missing in the delta region of Mississippi river south of this city.

### LAST APPLEYARD LINES

Kelsey School—Another Tragedy Takes on S. Line in Ohio

Springfield, O., Oct. 1.—Commissioner B. F. Cowen of Boston has sold the last of the Appleyard here to A. E. Locke of Boston, sending the Kelsey-Schoepf syndicate. The piece of line sold is known as the Springfield & Western and is four miles long, running between Medway and New Carlisle. The price was \$25,000, which was the upset price. Mr. Locke was the only bidder.

### EXPURGATED FOOTBALL.

Can this time,  
Benevolent game  
Be the same  
Old aproning,  
Death scoring  
Stunt  
With which we were wont  
To amuse ourselves in days of yore?  
No more?  
No braver ride?  
With no fits on ribs  
And let them play  
Croquet  
Or something real exciting  
In which the fighting  
If you wish  
On a scrap  
Is a slap  
On the wrist  
On the classic shades  
When the situation  
Calls for a downright mean fling.  
That the other is a nasty, mean  
thing?  
Must we make raids  
On the classic shades  
Or the slaughter house  
To test our source  
Of blood?  
Has the flood  
Been stayed?  
Is there to be no parade  
Of broken limbs, no compound  
Fractures, no brains oozing on the  
ground?  
No tying  
Up of the physiology of the dying.  
No battering up of the features  
Of our future lawyers and preachers—  
In short, no brand  
To be stamped on the youth of the  
land?  
Is this  
Mis—  
E't all  
They have to offer as a substitute  
for football?  
It to the dump.  
For truly our educational institutions  
have gone bump.

St. Louis, Oct. 1.—Fielding more phenomenal than any executed at Sportsman's Park this season and pitching of the sensational order marked the first game of the important series between the White Sox and the Browns this afternoon.

The pennant was the goal toward which the Chicagoans worked and fourth place in the per centage table was the Browns' aim. Marvelous pickups, great head work and daring base running, brought the spectators to their feet in almost every inning. The never-say-die spirit of the Sox was shown in the seventh, when O'Brien hit a terrific drive to the right field fence. Hahn was after the ball from the cracked bat and fleet foot work held the drive to a single.

The winning run was scored in the thirteenth on Dousherty's double, a sacrifice and Tannehill's single.

Neither team could score in the regular number of innings, the masterly work of Pelt and Altrock, the opposing pitchers, making it impossible for the struggling cohorts of McAleer and Jones to get hit when it was needed to score a run.

The fielding of the players of both teams was superb at times.

**FIRST BRIGADE OF MARINES LANDED ON CUBAN ISLAND**

In the camps of Generals Pino Guerra and Castillo, completing the disarming arrangements.

**SECRETARY TAFT**

In Constant Communication With President Roosevelt.

Washington, Oct. 1.—Secretary Taft is in constant communication with President Roosevelt, concerning the Cuban situation, but has not seen fit to communicate with the war department officials since Saturday.

Preparations for the first expedition to Cuba are being hastened with all possible speed. Officers and clerks at the war department work practically all night and advices from the troops ordered to mobilize at Newport News indicate that they will be ready as soon as transports are available.

The battleship Texas has been held at Cape Henry awaiting further instructions from Secretary Taft. The secretary wired the navy department that he did not need any more battleships, but wanted more marines. He has been informed that the Texas has 200 marines aboard and further supplies for land service.

The orders directing the dispatch of 40 marines from the Pensacola navy yard to Havana have been revoked. A dispatch from Pensacola says the men are needed at that place to preserve order and protect property, owing to conditions arising from the recent hurricane.

Master-at-Arms General Humphreys Marlow secured the British steamer 10,000 ton at Philadelphia, capacity, transport tons and \$50,000, as a which the place of the Missouri, action refused States steel corporation. The lease as an arm is ordered immediately.
