

No Two Alike

One of the strongest features of the Palladium Art Vase Lamps is that no two are alike. Of the Art Vases themselves there are no less than fourteen different shapes. The designs on the Art Vases are varied and individual and satisfaction of owning something individual will appeal strongly to those in search of decorative art ware out of the ordinary. This means that YOU can have one of these Art Vase Lamps without fear that your next door neighbor will have an exact duplicate of it. And to prove the truth of this assertion we always ask you to choose whatever Art Vase Lamp you wish, whether for gas, oil or electricity, from a collection of about two hundred Art Vase Lamps which will be exhibited in the store of Zoller & Craighead, 910 Main street, about the middle of this week.

Remember, You Choose The Lamp Which Suits You

If you will take the time to call and look at these Art Vase Lamps, or if you will allow us to submit a sample to you at any time that suits your convenience, we firmly believe that you will be convinced that this is the most extraordinary opportunity that has ever been presented in connection with any newspaper in Richmond.

Samples of these Art Lamps will also be on exhibition this week in the windows of the following merchants:

The Starr Piano Co.'s Warerooms, corner 10th and Main Sts.
The Geo. H. Knollenberg Co., 809 Main St.
Curme's Shoe Store, 724 Main St.
Lee B. Nusbaum's Store, 719-721 Main St.
Also Palladium Office, corner of Ninth and North A Sts.

Military Scandal.
 St. Petersburg, Oct. 1.—There is good reason to anticipate the disclosure of a grave military scandal, a colonel of engineers having been arrested on alleged connection with the sale of important frontier plans to the agents of a foreign power. The newspaper declare that the minister of the interior has instructed the provincial government to make special provision for the protection of foreign consuls, in anticipation of a recurrence of the lawlessness of last winter.

Revenue Cutter Safe.

Mobile, Ala., Oct. 1.—The United States revenue cutter Winona, which for a time was thought to have gone to the bottom in Wednesday's storm, has arrived at Mobile. Her crew tell a thrilling story of dangers through which they passed. Members of the crew rescued the keeper of the East Pascagoula lighthouse and his family.

COOLIES FOUND TO BE UNDESIRABLE

Governor Magoon Talks of the Conditions in the Isthmus of Panama.

CONDITIONS FAVORABLE

HE SAYS THAT THE CHINAMEN CANNOT BE DEPENDED UPON AS MUCH AS THE NATIVE NEGRO LABORERS.

New York, Oct. 1.—Charles E. Magoon, the retiring American minister to Panama and governor of the canal zone, arrived here on the steamer Panama from Colon. He was accompanied by Joseph W. J. Lee, American minister to Ecuador, and Thomas W. Cook, collector of revenue, and the canal zone. Governor Magoon said that conditions on the isthmus are most favorable. The canal zone he considers well governed and the people happy and prosperous. He said that work on the canal is progressing rapidly, although it is still in the preliminary stage.

Governor Magoon is not favorably impressed with the Chinese as factor in the construction of the canal. "There are at present from 2000 to 3000 Chinese on the isthmus," said Governor Magoon, "and as a citizen, I do not think they make desirable laborers. They cannot be depended on as much as can the Barbados or native negro. As soon as the Chinese have earned enough money he starts a shop of his own and the government loses a man. Good results that have been attained in several parts of the world by the use of coolie labor has been due to great power exerted by the coolie contractors. This would almost be a system of peonage that the United States would not tolerate. If we were to employ coolie labor we would have to depend on the Chinaman as an individual, and in my opinion that would not do, as the coolie will work as little as possible unless under contract. I feel certain that the Chinese would not be a benefit to the United States."

Another passenger on the Panama was Richard Sage, who is there in behalf of the conductors' union of Panama. Mr. Sage said that he would present a letter to the president protesting against the railroad men of Panama working more than eight hours a day.

RETURNS TO WASHINGTON

PRESIDENT IS HOME AGAIN

Charles E. Hughes, Candidate for Governor of New York, Holds Long Conference with Roosevelt Regarding Political Situation.

Washington, Oct. 1.—President Roosevelt, accompanied by Mrs. Roosevelt, Miss Ethel, Archie and Quentin, and his staff of executive clerks, arrived here at 4 p. m. from Oyster Bay. The president had spent three months at his Sagamore Hill home and has had the first real vacation since he assumed office as the chief executive of the nation. He is in splendid physical condition.

Charles E. Hughes, Republican candidate for governor of New York, had a conference with President Roosevelt in the president's private car in Jersey City. He accompanied the president to Washington.

John D. Missing.

Cleveland, Oct. 1.—John D. Rockefeller is mysteriously missing. None of his friends, not even his brother-in-law, know where he is. He has not attended church for three weeks and has not been at his Forest Hill estate for at least half that length of time. One report is that he is in New York and another that he is visiting with an old farmer, a friend of his boyhood.

Bird Slaughter.

Ladies who patronize the use of birds' feathers in millinery may be interested to know that certain species of birds are threatened with extinction by the prevailing fashion, says the London Telegraph. The French organ L'Aviculteur reports that in one market recently and at one sale there were disposed of 12,000 humming birds, 20,000 parakeets, 15,000 kingfishers, 20,000 alights and many thousand other birds of gorgeous plumage. Germany sends to London every year 20,000,000 feathers to be worked up into trimmings. Some of the South American republics have passed regulations to restrain the indiscriminate slaughter of their ornamental birds, and in the construction of the canal.

"There are at present from 2000 to 3000 Chinese on the isthmus," said Governor Magoon, "and as a citizen, I do not think they make desirable laborers. They cannot be depended on as much as can the Barbados or native negro. As soon as the Chinese have earned enough money he starts a shop of his own and the government loses a man. Good results that have been attained in several parts of the world by the use of coolie labor has been due to great power exerted by the coolie contractors. CHURCH AND STATE

French Premier on Separation Law.

Vatican's Attitude.

Paris, Oct. 1.—Premier Sarrien and Minister of the Interior Clemenceau each delivered a notable speech, in which it was set forth that the government would firmly carry out the law providing for the separation of church and state. Mr. Clemenceau declared that the entire trouble arose from a misunderstanding. He said that the sole desire of the government was for absolute liberty of conscience and that this necessarily implied the separation of church and state. Premier Sarrien said that the church and state party to be given Thursday afternoon at their home on North 12th street.

There was a reception given last evening at the First M. E. church in honor of Mr. and Mrs. Reuben Myrick who will leave soon to make their home in California. Miss Marietta Worrall, who will go to Southern Indiana to reside, Mrs. Lennie Williams, who will go to Indianapolis and Mr. Clarence Flynn who will go to De Pauw. The church was beautifully decorated with palms, ferns and flowers and refreshments were served. Addresses were made by Prof. Ellarberger and Dr. U. B. G.
