

Do You Want to Know What You Suffer From?

There is a growing sentiment in this country in favor of medicine, or known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity could only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator also of his "Favorite Prescription" for weak, overworked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate the stomach, liver and bowels. Do not get the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

GIVEN AWAY. A copy of each of the \$50,000 The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.00 per copy. Last year we gave away \$50,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 21¢ in postage stamps to cover the cost of mailing only for book in full paper cover, and for both-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

IT CAUSED AMAZEMENT CUBANS ARE SURPRISED

Only the Cabinet and Palma's Private Secretary Knew that Ex-President Wanted the United States to Intervene.

Caused Amazement.
Havana Oct. 5.—None of Ex-President Palma's intimates, save the cabinet officers, his private secretary and Consul General Steinhart, had any knowledge of Palma's communication in September to the government at Washington, and the greatest surprise is manifested at the fact that Palma actually suggested intervention as a solution. It was well known that Palma was nervous and fearful, but it was not generally believed that he was so ready to give up, although it had often been rumored that he was weakening.

Bishop Arnett Dying.
Xenia, O., Oct. 5.—Bishop Benjamin W. Arnett of the African Methodist Episcopal church, having charge of the Eastern states, and one of the most prominent colored church men and statesmen in the country, is thought to be on his death bed in his home at Wilberforce university, near here. He has been ill for more than a year of dropsy and other complications.

FOOTBALL SEASON IS ON IN EARNEST

Richmond Followers of Sport Interested in Game at Crawfordsville

WABASH MEETS INDIANA

"LITTLE GIANTS," WHO MEET EARLHAM LATER IN SEASON, EXPECTED TO GIVE STATE UNIVERSITY A HARD FIGHT.

Games in West Today.

Indiana vs. Wabash, at Crawfordsville.
Notre Dame vs. Franklin, at South Bend.
Michigan vs. Chase, at Ann Arbor.
South Dakota vs. Nebraska, at Lincoln.

Football will hold the center of the stage in Indiana today. The Indiana-Wabash game at Crawfordsville, is one of the most important that will be played in the country today and it is of special interest here as Earlham meets the "Little Giants" later in the season.

It is attracting the attention of all the big Nine colleges, as Indiana this season is expected to be a greater factor in that organization than ever.

Indiana Crisples Improved.
Indiana is conceded victory over Wabash, but a hard game is expected. It is not believed the margin will be more than twelve points. Wade and Bloom, for Indiana, who were thought to be seriously injured in last night's scrimmage, will start the game against the "Little Giants," but it is doubtful if they will be able to finish the contest. If Wade is unable to play, Paddock will take his position, and in case Bloom is forced to retire, "Daddy" Jones will take his place at left-end.

Wabash Will Miss Sutherland.
Wabash will miss Capt. Sutherland, who has been in the hospital for the last ten days.

Save Captain Sutherland, the team will line up in better physical condition than was expected. Sprow is expected to start the game but his injured shoulder will be a severe handicap.

Ten sections of temporary bleachers for the game have been put up on Ingals' field, which will have a seating capacity of nearly 3,000. Judging from the advance sale the supply will be exhausted and standing space will be at a premium when the whistle blows. Purdue will send the entire squad and about four hundred followers, who, on account of their strained relations with Indiana, will espouse the cause of Wabash. A delegation of 200 is promised from DePauw and Indianapolis will be well represented.

Notre Dame vs. Franklin.
Richmond football followers will also watch the outcome of the Notre Dame-Franklin game at Notre Dame with unusual interest. The Catholics play Indiana in Indianapolis November 10, in what will be the biggest game of the season in this state.

CALIFORNIA IS POPULAR THOUSANDS GOING THERE

Great Roads Running into Empire of Western Coast Have Heavier Business than for Years—Golden State Limited Resumed.

San Francisco, Cal., Oct. 5.—California is being sought out more than ever by immigrants. The Southern Pacific announces that over these lines from all points of the East, 600 persons come daily to settle here. The Santa Fe tells a similar story of the great influx of population into this state. Business has increased sufficiently to warrant the Southern Pacific in resuming the running of the Golden State Limited, which was stopped during the fire in April. This train will be resumed on November 11.

Cassatt's Illness.
New York, Oct. 5.—Judge E. H. Gary, member of the board of directors of United States Steel corporation, said of the illness of President Cassatt: "I have been in communication with the intimate friends of Mr. Cassatt. He is now perfectly well and is out of his office temporarily, but rides out every day. The officers of the company call at his house to consult with Mr. Cassatt whenever they deem it necessary. It is hoped and expected that he will soon be in his office again."

Congressman Mouser's Condition.
Fremont, O., Oct. 5.—Congressman Grant E. Mouser's condition as reported is comfortable, but the patient is by no means out of danger. His brother, Dr. Ambrose Mouser, of Latley, Ohio, arrived last evening, and it will be determined at a consultation whether an operation will be performed. The patient's heart action is very bad, and he suffers constant pain. His case is critical.

HOTEL FOR BOYS.

Institution Where Youngsters May Be Self Supporting.
Quietly, with no preliminary announcement, the real hotel for boys in New York city recently came into existence under the management of Miss Mary Laidlaw Proudfoot, member of a well known family.

It has today eight patrons, proud young fellows, who are office boys, messengers, and the like throughout New York, and there is room for six more. For these six vacancies there are so many applications that at the outset it is realized that a larger establishment must be found, and for such a place there is a search being made.

There is nothing of charity about the establishment. Each one pays according to his means, and that gives him the privilege of having his own room, his own possessions, with only the restrictions of good conduct and good order to continue him on the hotel register.

Miss Proudfoot is the niece of the late Mrs. Mary Laidlaw, who during her life devoted much of her means to the helping of boys. She established the Eighth Ward mission, where the youngsters were educated and trained, and after her death Miss Proudfoot continued the work.

Each year there come from orphanages and asylums an army of boys to New York. These range from twelve to fourteen years of age, and they go to work at a wage that would not average more than \$3. If that. They must live somewhere, and usually they go to a corner of a tenement room.

This kind of boys are welcomed at the Boys' hotel. Each is expected to put a certain amount into the household fund, and it does not matter how small it is. He is allowed to keep enough of his wages to cover necessary expenses, and a little in addition for incidentals.

Chicago, Oct. 5.—"Lucky" Charlie Murphy is still lucky, all right, all right.

He flipped a coin with Comiskey to decide whether the first game between the Cubs and the Sox for the championship of the world would be played on the West Side or the South Side.

The toss was his and the opening battle will be at the West Side Park next Tuesday afternoon. It will be called at 3 o'clock.

The details will be the same as those which governed the big series between New York and Philadelphia a year ago.

The team which first wins four games will be the champion of the world.

Judging from the betting, the members of the Board of Trade believe that the Cubs will simply walk in. They are offering three to one, and declare that they are willing to cover all of the White Sox money in sight.

There was a rush of South Side money to the Board of Trade early today, but there was no cut in the odds. That the odds will be little better than even money on the day that the series starts is almost certain, and that's the reason the White Sox supporters rushed to get aboard.

It is anticipated that 10,000 people will be turned away each afternoon. The schedule is as follows: Tuesday, October 9—National. Wednesday, October 10—American. Thursday, October 11—National. Friday, October 12—American. Saturday, October 13—National. Sunday, October 14—American.

If any one of the games scheduled at any park is postponed on account of rain the teams will be required to play such postponed game on the first day available after such postponement, and at the same park, and thereafter to again alternate between the two parks, it being the intention not to have games played in succession at either one of the parks.

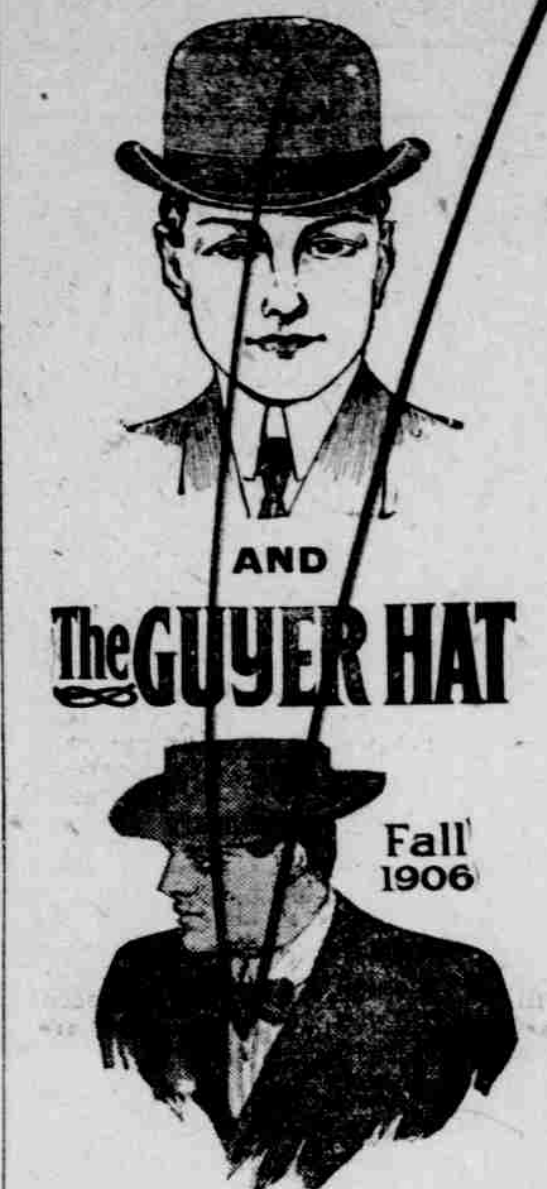

Two Struck By Lightning.
Fort Clinton, O., Oct. 5.—Enil Fleckner, 18, and Fred Hotfinter, 23, of Lacarne, while under a tree were struck by lightning. Fleckner was killed and Hotfinter was injured, but will recover.

FOR SALE BY KIBBEY & CO. MOTORMAN LOST REASON

MAD RUN OF HIS CAR

Dashes Across New York While He Stands on the Front Platform, Brandishing a Heavy Controller Bar and Making Threats.

New York, Oct. 5.—A streetcar filled with terrified passengers dashed across New York at full speed while the motorman, Leo Schwartz, suddenly bereft of his reason, stood on the forward platform flourishing a heavy controller bar and threatening to brain any one who approached him. He was finally subdued and the car brought to a stop after a desperate struggle with half a dozen policemen and street railway employees, during which several passengers jumped from the moving car and sustained painful bruises. One of the men who fought the mad motorman was severely injured.

MORE FERTILIZER BOUGHT

Big Wheat Crop Has Encouraged the Farmers to Enrich the Soil.

More fertilizer has and will be used this year than ever before with the wheat crop. Farmers are becoming educated to the great benefits and substantial profits derived by the use of a good fertilizer on their lands.

The use of fertilizer is not an experiment any longer, for its value has been thoroughly tested by many farmers in many localities and has always been found to pay big profits on the money invested.

The big wheat crop that has just been harvested and threshed in this county was largely due to the use of fertilizer, and land on which it was used yielded from one-fourth to one half more to the acre than land where it was not used, where tests were made on the same kind of soil and grade of dirt. There has been an immense amount of fertilizer sold to be used on the wheat ground this fall.

WILL BE A LATE FROST

Wayne County Weather Prophet Has a Sign That is Based on the Moon.

A Wayne county farmer predicts that there will not be frost enough to interfere with the ripening of the corn crop this year.

The date of the last full moon fell on September 2, and this was too early to expect a killing frost at that time. Once safely past that date he thinks that we are not likely to have frost of consequence until about the date of the following full moon, October 2. He says he has carefully watched the relation between the moon's phases and frosts and asserts that the damaging and blighting frosts affecting fruits and farm crops nearly always make their visits during the light of the moon near the date of the full moon.

Young Girl Bakes Cake.

Miss Bernice Little of Middleboro goes on record as being the youngest culinary artist in Wayne County. Miss Little is only six years of age and at the recent agricultural exhibit she had a chocolate cake on exhibition which she baked herself. The cake received honorable mention, and was as attractive and good as many of the cakes baked by older contestants.

Middle West's Football

Despite the football reform movement the University of Minnesota at Minneapolis has arranged for five good championship games. By many the schedule is considered the best which the Gophers have had for years.

With the exception of the big game with Chicago, Nov. 10, all the games will be played on the home grounds. The season opens Oct. 27 with the Ames game. The following Saturday brings the strong team from Nebraska. On Nov. 17 the Carlisle Indians will appear. This game should furnish a means of comparing Minnesota with eastern colleges. The final game of the year comes Nov. 24 with Coach Sheldon's team, representing the University of Indiana.

With such a schedule as the above the Minnesota enthusiasts cannot complain.

The 1905 freshmen team was unusually strong, and from that bunch may be selected such excellent players as Captain "Chick" Kirk, Carberry, a man picked as an all western freshman end; Hastings, a center of promise; tackles like Knowlton, Bruggeman, Forrester and Morrison, and guards to be selected from Elliott, McFadden and Peck. Griffith, the third of his name at Iowa, will try for quarter, and there will be numerous freshman halves—Miller, McDonald, Collins, Johnson and Cobb.

St. Louis, Mo., Oct. 5.—One man was killed and 13 firemen badly hurt by an explosion caused by a fire in a dragage on Main street.
