WANT TO IMPEACH THE CITY CLERK

Edmund Elliott of Bluffton is Charged with Neglect of His Office.

RECORDS IN BAD SHAPE

THE COUNCIL WILL GIVE HIM TWO WEEKS IN WHICH TO REFORM—IF HE DOES NOT HE MUST QUIT.

After the recent accusations made against one of Richmond's city officials, the steps taken to impeach City Clerk Edmund Elliott at Bluffton, will be watched with interest there. A dispatch from Bluffton says: "Preliminary steps looking to the impeachment of Edmund Elliott, city clerk, were taken Friday night when a motion was unanimously passed by the City Council that Mayor Hamilton file charges of impeachment against him by that time he attends to his duties. A week ago, on account of the clerk's dereliction, two ordinances were passed, defining his duties, one requiring him to be at his office from 8 a. m. to 4 p. m., and the other ordering him to have the minutes of the City Council sessions ready for the mayor's signature not to exceed five days after adjournment. Elliott has absented himself from these meetings, having attended only one since September 1, when the mayor took office.

It is charged that Elliott has not been in his office over an hour a day; that the bills are neglected; that other employees fail to get their money; and that the minutes of the council sessions are in such condition that the council can not ascertain what has been done. Several suits are expected, and should these be brought the city would be in a bad position to go into court, as the records are not straight. Elliott is a one-armed man, who was elected principally through sympathy.

The City Council will give him two weeks, more in which to show a willingness to do his work. The Council regards him as incompetent. Other employees are willing to help him hold his position if he but shows a desire to do better."

JANE B. NEWKIRK IS DEAD

AN INDIANA AUTHORESS

Aged Writer Dies at Her Home in Laporte—Within the Past Ten Years She Has Written Two Books on Algerian Slavery.

Laporte, Ind., Oct. 6.—Mrs. Jane B. Newkirk, a well known Indiana authoress, died here, aged 93 years. Within 10 years she had published two books, "The Captives," a narrative of the Algerian enslavement of her father, James Leander Cartheart, who afterward became United States consul to Tripoli, Tunis, Leghorn, Madavia and Cadiz, and "Tripoli and Tunis," an account of American negotiations with the Barbary powers for the abolishment of piracy, in which also Mr. Cartheart was concerned.

Favors County Local Option. Columbus, O., Oct. 6.—Following the example of his opponent, Carmi A. Thompson, Republican candidate for secretary of state, in a letter to the Rev. Homer J. Smith of Delaware, O., declares himself in favor of county local option. Thompson says: "I am personally favorable to county local option and such temperance legislation as the sentiment of the people of Ohio will approve."

Car Smashed Auto. Newark, O., Oct. 6.—Three men were hurt when an automobile was struck by a Newark and Zanesville traction car here. The injured were Philip Wickham, hurt internally, may die; Joseph Reed, hip dislocated; A. C. Wallace, shoulder blade and three ribs fractured.

Bill Arp Dead. Anniston, Ala., Oct. 6.—William Rice, an old Confederate veteran at Schenck's Sulphur Springs, committed suicide by taking Paris green. The cause is said to have been melancholia over crop prospects and general financial embarrassment. He was familiarly known throughout the country as "Bill Arp."

Run Down by Bicyclist. Danville, Ill., Oct. 6.—Mrs. Elizabeth Zorn was run over by a bicyclist here and died a few hours later. She is said to be an artist of considerable note. Her husband is a publisher of city directories and is thought to be in Indianapolis or Owensboro, Ky.

Soldiers Desert. Cheyenne, Wyo., Oct. 6.—There were many desertions from the Eleventh infantry at Fort D. A. Russell since the order was received for the regiment to go to Cuba. One private was shot through the hip by a member of a squad of artillerymen rounding up deserters. The regiment left for Newport News, Va.

Sandusky Owes Its Mayor. Sandusky, O., Oct. 6.—By a report of the state inspector, F. A. Parmelee, it is shown that the city of Sandusky owes its mayor \$24.50 fees he has failed to collect. His name is John P. Molter. The chief of police, C. A. Wingate, owes the city \$45.55. Examiners usually find that mayors owe their municipalities.

LABOR STILL IN DEMAND

WAGES PAID ARE HIGH
Unskilled Labor Bringing From \$1.75 to \$2.00 a Day—Skilled Mechanics Also in Demand and Wages Paid are Generally Good.

There is still much difficulty in Richmond to get unskilled laborers for both shop and for improvements being made in the city. The telephone companies have not been enabled to get the requisite number of men despite the fact that wages ranging from \$1.75 to \$2 a day are offered. Every man who can wield a pick and shovel is being employed by the Richmond Home Telephone Company in the work of excavating trenches for the conduits. In the ships unskilled laborers are paid wages ranging from \$1.25 to \$2 a day. Skilled labor in Richmond factories receives from \$2 to \$3.50 a day. Generally speaking trade conditions were never better than at present and the outlook for the coming winter is promising. Labor will be steadily employed during the winter as every factory in the city without exception, it is said, will have a prosperous business year if present indications are fulfilled.

MASKED MEN HANG NEGRO PRISONERS

Mobile Mob Takes Law Into Its Own Hands and Wreaks Vengeance on Fiends.

EXECUTION WAS ORDERLY

SHERIFF WAS RETURNING WITH THE MEN FROM BIRMINGHAM, WHEN HE WAS OVERPOWERED BY DETERMINED MEN.

Mobile, Ala., Oct. 6.—Two hundred masked men met Sheriff Powers with two negroes charged with assault, at Richardson Switch, three miles north of Mobile on the Southern railroad, took his prisoners from him and hanged them on the spot. No others were hurt. The negroes had been taken to Birmingham for safekeeping and were being brought to Mobile for trial.

Tremendous crowds surrounded the railroad station and when the report of the lynching of the negroes was received the greatest excitement prevailed. The crowd was apparently dissatisfied with the method of lynching (hanging), and a mob departed for the scene of the lynching with the declared intention of burning the bodies. Thompson and Robinson were the names of the negroes. The crimes were committed upon Edna May Fowler, Lillian May Savell, Ruth Sossaman, and attempts on others whose names were not given.

Thompson was hanged as soon as the body of Robinson had been strung up. The hanging of the negroes was carried out quietly. The negro Thompson was very sulky from the time he was taken off the train until the rope was placed around his neck. Neither of the men showed signs of fear, Robinson saying all the time that he was going to heaven.

COAL LANDS

To Be Withdrawn by the President From Further Entry.

Washington, Oct. 6.—It is understood that the president has finally made up his mind to withdraw all of the coal lands not already taken up from entry under the land laws of the United States. The expectation is that he will by a special message request congress to change the statutes, but in the meanwhile he will himself temporarily withdraw the coal lands from further entry.

Dun's Review. New York, Oct. 6.—R. G. Dun's weekly review of trade says there were no unfavorable developments except the damage by storm in the south, which was almost entirely local in effect. Autumn trade is in full swing, special activity being reported in dry goods, millinery and footwear. Manufacturing plants are engaged far in advance in all the leading industries. Railway earnings in September were 9.2 per cent larger than last year's figures. Liabilities of commercial failures reported for September are \$6,255,995, compared with \$5,039,547 a year ago.

New Cruiser Launched. Newport News, Va., Oct. 6.—The new and powerful armored cruiser North Carolina was successfully launched from the yards of her builders, the Newport News Shipbuilding and Drydock company, in the presence of 10,000 people. The ship's sponsor was Miss Rebecca Williams Glenn, daughter of Governor Glenn of North Carolina, who was present with his staff and an escort of prominent North Carolinians.

Cut Off Church Taxes. Washington, Oct. 6.—It was announced at the state department that the German government determined that American citizens are exempt from church taxes in Germany. This was ascertained after correspondence between the United States ambassador at Berlin and the German government. Germany exempts from church taxes citizens of any country that does not exact church taxes from Germans. The United States has no such taxes.

CAMPAIGN OPENED AT CAMBRIDGE BY JAMES E. WATSON

(Continued From Page One.)

tion of the Union, and the abolition of slavery. He told how the question of state sovereignty was solved by the genius and courage of the leaders of the Republican party. Mr. Watson then related how, despite the opposition of the Democratic party, the Republican party passed the home-stead law that opened the great west to home seekers. Jumping to a later period Mr. Watson told how the Democratic party wished to repudiate the gigantic national debt, which was the outgrowth of the Civil War and how the Republican party said "no" and saw to it that every cent of the debt was paid off, thereby saving the country's honor.

Now Richer Than England. "In 1906 what is the issue? For six and forty years the Republican party has been in control of the government. Listen Democratic friends, if there be any in the house, how many years since the Civil War has your party been in power—just two short terms. All the good that has accomplished in the past forty-six years the Republican party is responsible for. Today is there a plank in the Republican platform that you would change? On the other hand the Democratic party has been trying to get the public to forget every platform that they have ever adopted. In the past forty-six years the nation has accumulated more wealth through the management of the government by the Republican party than England, the second richest nation in the world, has in the thousands of years of her history. I repeat again 'By their fruits ye shall know them.'"

After introducing the tariff question Mr. Watson stated that under the existing tariff law the government now has a greater stock of gold on hand than any other country ever had at any time. "The Democrats complain that the Republican administration is extravagant but I can state that the country has always gotten its money's worth. Uncle Sam's strong box is always well filled. In fact there is so much money at present in the United States treasury that a Democrat can hardly comprehend it.

"For what one great act of legislation is the Democratic party responsible? For what one great act of executive power is the Democratic party responsible? I receive no answer—there is none for me to receive. I shall not review the record of the Democratic party, my Democratic friend, I shall spare you that pain. It would be like walking through a graveyard."

A Tribute to Roosevelt. Mr. Watson then paid an eloquent tribute to President Roosevelt and at the mention of the President's name the audience went wild. "You could not go through Wayne County with a search warrant and find a man who would not endorse Mr. Roosevelt's policy," stated Mr. Watson. "What then is all this racket for now. The President was supported by the House last session and he must have the support of a Republican House this coming session."

Mr. Watson then referred to Bryan's recent utterances and stated that while the Nebraska had been globe trotting, studying monarchies and effete governments the Republican party had been doing business at the same old stand under Theodore Roosevelt. "Bryan says" continued Mr. Watson "that under the present tariff law everything is too high. In 1896 he said that everything was too low. There are two sides to the tariff question, the consumers and the producers and the Democratic party always approaches the question from the consumers' side. The Republican policy has been to see that everyone in this country gets the highest wages that have ever been known and that the producers side of the tariff question receives an equal consideration with the consumers side. Suppose Brother Kuhn, who is seeking my seat in the House, was elected to Congress and that the house this session would go Democratic. John Sharp Williams would be made speaker and the ways and means committee turned upside down. Eleven Democrats and six Republicans. The first thing this committee would then proceed to do would be tinker with the tariff question and put the country back in the same condition it was during the Cleveland administration. President Roosevelt, Speaker Cannon, myself and all the Republican members of the house are in full accord and it is the opinion of both the President and Mr. Cannon that the tariff should not be revised until business conditions so demand."

DIVORCE TO DYING WIFE

She Sought it to Prevent Husband's Sharing in Estate—Case at Anderson.

Anderson, Ind., Oct. 6, (Spl.)—Although she is believed to be in a dying condition, and was able to present her complaint only through a deposition to the Circuit Court, a divorce has been granted Mrs. Nellie Coy, near this city, from her husband Walter Coy, a farmer. Abandonment was alleged in the complaint. It is explained that Mrs. Coy sought a divorce in order to prevent her husband from sharing in her estate after her death. She has since bequeathed the property to her brother.

Lon Mitchell of New Paris was in the city yesterday.

Palladium Want Ads Pay.

FARE IS REDUCED BY PENNSYLVANIA

Local Rates in Indiana, A West Virginia and Pennsylvania Made 2 1-2c

EFFECTIVE NOVEMBER 1

COMPANY WILL PARTIALLY GET EVEN FOR REDUCTION, BY "SOAKING" THOSE WHO FAIL TO BUY TICKETS.

Announcement has been made by E. A. Ford, general traffic manager of the Pennsylvania lines west, that on Nov. 1 next the local passenger fares in Indiana, West Virginia and Pennsylvania would be reduced to a basis of 2 1/2 cents a mile, and that the present interstate fares for through tickets would be reduced practically to the sum of the new local fares in Indiana, Ohio and Pennsylvania.

Mr. Ford also stated that a new "good-for-holder" 1,000 mile ticket limited to one year from date of sale, with coupons to be honored on Pennsylvania line trains in Indiana, Ohio, West Virginia and Pennsylvania, would be placed on sale at flat fare of \$20. This ticket, he said, would be available for two or more persons traveling together.

The present interchangeable mileage order, which is honored for exchange tickets, by all lines in Central Passenger Association territory, Mr. Ford says, will probably be continued on sale with the price reduced to \$25 and a refund of \$5. After Nov. 1 passengers on the Pennsylvania lines west of Pittsburgh who fail to purchase tickets before boarding trains will find it expensive. Copies of the company's new tariff of train fares just issued shows a remarkable advance in the price of a ride where a passenger pays fare to the conductor. For example, where the ticket fare is \$3.05, if paid on the train will be \$3.55, and where the ticket fare is \$5.05, if paid on the train will be \$5.55, and where a passenger could have purchased a ticket for \$7 he will be compelled to pay \$1 extra if he pays his fare to the conductor. The new train tariff of the road is considered rather remarkable, as heretofore it has been customary for the roads to charge 10 cents when a passenger paid his fare on the train. The new train tariff does not apply, however, to Ohio, but to all territory on lines west outside of that State. Nov. 1 the Pennsylvania will cease to sell round-trip tickets except at double the one way fare.

Mr. O. H. Pellett who with his wife formerly Miss Mamie Evans of Boston and two children have been visiting Mrs. Pellett's grandmother Mrs. Nancy A. Evans of this city and other relatives and friends left last night for their home in Florida.

H. Burden has purchased a lot in Benton Heights and will build a new home there in the spring.

DOWIE TO BEGIN ALL OVER AGAIN

Will Try to Regain Lost Following in His Old Tabernacle in Chicago.

FIGHT NOW ON IN EARNEST

NOT ONLY HAS HE LEASED OLD PLACE OF WORSHIP, BUT OTHER TEMPLES HAVE BEEN SECURED.

[Publishers' Press.] Chicago, Oct. 6.—John Alexander Dowie will resume his fight tomorrow for control of the religion he founded years ago in the same tabernacle whence he migrated to Zion City after his following had outgrown any quarters he was able to find in Chicago.

When the secession was wrested from him by Wilbur Glenn Voliva, Dowie was so ill that his death was momentarily expected. That he would ever be able to resume active warfare was not even thought of.

Today it was announced, however, that his old tabernacle at Sheffield and Montana avenues has been rented for him and that leases are being sought for temples on the west and south sides.

He proposes not only to seek new converts, but to win back those who deserted him for Voliva.

LOCKWOOD WILL SPEAK.

The Marion Editor to Address the Indiana Society in New York on November 18.

George Lockwood, editor of the Marion Chronicle has been invited to address the Indiana Society of New York City at its annual dinner at the Waldorf-Astoria on Nov. 18. He has also been honored by election to the National Geographical Society, which has its headquarters at Washington. D. Appleton & Company are preparing to issue a general edition of his book, "The New Harmony Movement." The sales of this work during the last school year broke all records in the Indiana Teachers' Reading Circle work, between thirteen and fourteen thousand copies having been disposed of to the teachers of the state.

TO HAVE BIGGER THINGS CITIZENS HAVE ORGANIZED

Cambridge City, Inspired by the Success of its Carnival, will Have Street Fair with a Stock Show Next Season.

The citizens of Cambridge, inspired by the success of the recent free street fair, contemplate bigger things for the metropolis of the "west side" next summer, and to this end a permanent organization has been effected. Not only will this body of business men promote the street fair project, but it also will take upon itself the work of pushing every other undertaking that gives promise of benefiting the town and community in any way.

However, the street fair, with a stock show as an adjunct, will be "the" feature of the first season's work and before mid-winter the preliminaries will be under way. The officers of the Cambridge City organization are as follows:

President—Dr. W. R. Littell.
Vice President—Orange Hall.
Secretary—Charles Wheeler.
Treasurer—Frank Frohnafel.
Executive Committee—Israel Murray, Frank H. Ohmit and the president, ex-officio.

MUCH SMOKE, NO FIRE

Fire Department was Called to the Grand Saloon by an Over Cautious Resident.

Four fire wagons and the hook and ladder truck responded to a fire telephone call at the Grand Hotel, between Sixth and Seventh streets last night about half past nine o'clock. The excitement was caused by a chimney which was burning out and shooting sparks and flames several feet into the air. It was situated at the back of the building and gave the appearance of a lusty fire in that portion of the Hotel.

Interest in Meetings.

The colored camp-meetings, which are being held in a tent on the Carnival plaza directly opposite the Main street entrance to Glen Miller, are increasing in interest. Rev. R. L. King and Anderson D. Thomas are conducting the meetings. One of the most unique features of the meetings is the sacred band and orchestra concerts, which are given at the close of the services.
