

## Heart Like a Clock

The pulsation of the heart marks the passage of the blood through the veins, just as the ticking of a clock indicates the flight of moments of time. Palpitation, fluttering or irregular action reveals the fact that the heart is running down—and unless strengthened, is liable to stop at any time under some weakening influence, such as excitement, over-work, or intense mental or physical strain. To regulate the heart action, you should take Dr. Miles' Heart Cure when any symptoms of a weak heart is apparent. It has no equal.

"Sometime ago I had a very severe pain around my heart, and most of the time I had a heavy beating or throbbing of the heart. It would beat so that when I lay down at night it would sound like a small clock in bed with me. I could count the ticking. With every little exertion, or walking I felt like my heart would give out, and I would be so tired I would have to lie down and rest. I suffered quite a while in this way, when I concluded to try Dr. Miles' Heart Cure. I had not taken it long when I began to feel easier, and so continued, and the medicine entirely cured me. I am very grateful for the great good I received from Dr. Miles' Heart Cure."

JOSEPH BROADHEAD, Findlay, Illinois.  
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.  
Miles Medical Co., Elkhart, Ind.

## THE LAST GRAND EXCURSION OF THE SEASON TO DAYTON AND RETURN 75 CENTS Via Indiana, Columbus & Eastern Traction Co. Formerly D. & W. SUNDAY, OCT. 14

## BASE BALL Cincinnati Reds vs. Dayton.

Artistically Metropolitan in every detail is the Wedding Music furnished in Richmond exclusively by Lawrence W. Deuker's Tet-rang Concert Quartet

## WORMS

"I write to let you know how I appreciate your Cascarets. I commenced taking them last November and took two boxes and passed a tape-worm 14 ft. long. Then I commenced taking them again and Wednesday, April 4th, I passed another tape-worm 28 ft. long and over a thousand small worms. Previous to my taking Cascarets I didn't know I had a tape-worm. I always had a small appetite."

## TAKES LEADING FEMALE ROLE.

Florence Roberts, who comes to the Gennett in "Strength of the Weak." Tuesday night, is one of the most beautiful women on the stage.

## AT THE THEATERS

vaudeville at the Phillips.

No act just like the one put on at the New Phillips this week by Harland and Rollinson has been seen by patrons of this house at least recently. They play a variety of musical instruments and do it well in addition add a comedy turn that adds to the act rather than detracting, as is sometimes the case with teams of this nature. Gaylor and Graff are still making good with the audiences, upholding their reputations as comedy boomers. Gaylor makes two efforts daily to carve the "spring" chicken, which he declares is at least forty years old, if a day. The motion pictures this week, are highly amusing, depicting some most interesting occurrences. Lovers of the sentimental find in the illustrated songs, "Boy Days" and "Somewhere," something to their liking. Vaudeville will not be given at the New Phillips next week but there are still five opportunities to witness this week's offering, two today and three on Saturday, a double performance being given Saturday night.

"Piff! Paff! Pouff!"—Gennett. This big musical show, which comes to the Gennett next Monday night, contains so many enjoyable novelties that it is a difficult task to know just where to start in trying to enumerate them. Denman Maley, always an unctuously funny man, has the best role that he ever played. He is also singing the biggest song hit of many years in "The Ghost That Never Walked." The Great Pony Ballet give what is unquestionably the best singing and dancing features and with their fascinating and gingery manner capture the hearts of everyone. But Mr. Maley and the Great Pony Ballet are not the only favorites adorning B. C. Whitney's "Piff! Paff! Pouff!" Henrietta Lee and Charles P. Morrison have been starred at the head of their own companies.

"A Desperate Chance"—Gennett. The escape of the notorious Biddle Brothers will be recalled at the Gennett tonight in the presentation of the intensely thrilling melodramatic success, "A Desperate Chance." It is

## QUARTET OF GOOD ENTERTAINERS.

Monday night in "Piff! Paff, Pouff" at The Eastels Girls, who will appear at the Gennett.

## OFFER DOCTORED MEAT

### CONTAINED BORIC ACID

Health Authorities of Philadelphia Will Urge Action Against Armour & Co.—Goods Offered for Sale Was Very Bad.

Philadelphia, Oct. 11.—Action by the federal authorities against Armour & Co. will be urged by the state dairy and food commissioners, who this week caused warrants to be issued for the arrest of several of the company's agents in this city on the charge of exposing for sale "hams" and other meats containing boric acid. Assistant Dairy and Food Commissioner, Oliver D. Schick and N. B. Critchfield, secretary of agriculture of this state, went to Washington to meet Secretary of Agriculture Wilson and Dr. H. V. Wiley, chief chemist of the department, and lay the facts in the case before them.

## SPANISH VETERANS REJECT PHONETIC

Unanimously Vote Down Suggestion to Use System in Their Documents.

### A JOINT INSTALLATION

PRACTICE OF BURYING DISTINGUISHED DEAD WITH WAR RECORDS IN NATIONAL CEMETERIES CONDEMNED.

Washington, Oct. 11.—At the naval business session of the United States War Veterans, a joint installation of officers of the organization and of the ladies' auxiliary took place. A resolution was adopted condemning the practice of burying distinguished citizens without war records in national cemeteries. It was suggested that the simplified method of spelling be used in the preparation of the official documents of the organization, but the idea was rejected practically unanimously. It was decided that in states where there were camps composed of negro members of the organization, the negro camps should be organized into separate departments and that hereafter the word "negro" should be used instead of the word "colored."

Nomination Illegal. Harrisburg, Pa., Oct. 11.—The Dauphin county court today declared invalid the certificate of nomination of Congressman Henry W. Palmer of Wilkesbarre, Republican candidate for congress in the Eleventh district, on the ground that the nomination by the Luzerne county committee was illegal. The decision leaves the district without a Republican candidate for congress. Cobleigh is in the field for election under the party name of "Roosevelt Square Deal."

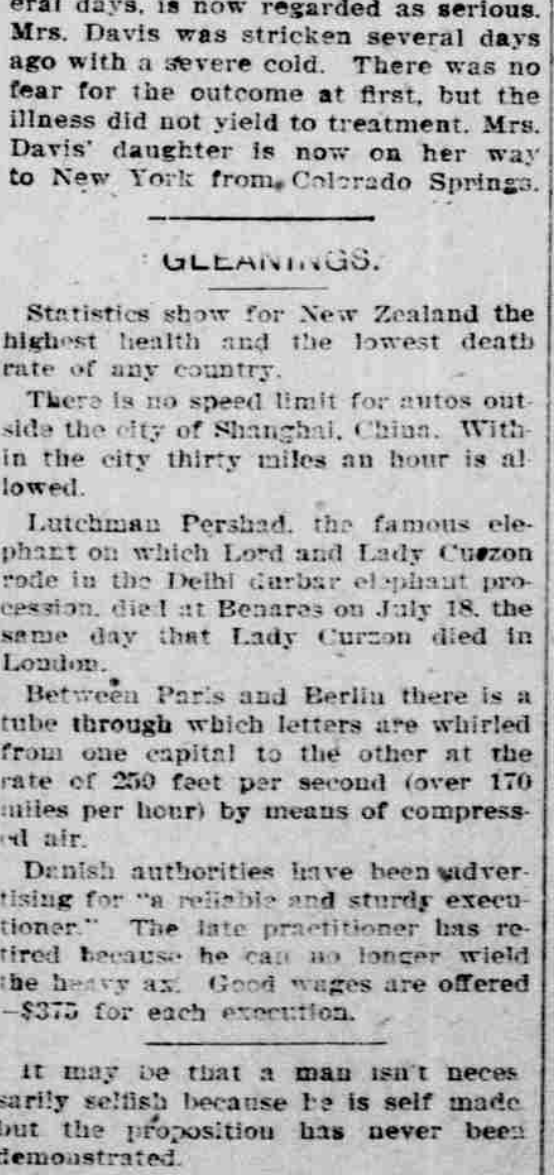

May Not Be Rebuilt. Gambier, O., Oct. 11.—Judging from the annual report of President Pierce of Kenyon college, it is highly probable that the Kenyon Military academy, which was destroyed by fire last winter, and in which four cadets lost their lives, will never be rebuilt. The ruins have been cleared away and the site sown in grass. The regents have dissolved partnership, the senior Mr. Wyant, transferring his interests over to the Howe school at Lima, Ind.

Major Stine Dead. Washington, Oct. 11.—Major J. H. Stine, president of the United States Historical society and historian of the Army of the Potomac, died suddenly at his home in this city. Major Stine, who was about 65 years old, participated in the parade of the Spanish war veterans here on Tuesday and it is believed that the exertion of marching was responsible for his death. He was a clerk in the treasury department.

Mrs. Jefferson Davis Ill. New York, Oct. 11.—The condition of Mrs. Jefferson Davis, widow of the president of the confederacy, who has been ill at the Hotel Majestic for several days, is now regarded as serious. Mrs. Davis was stricken several days ago with a severe cold. There was no fear for the outcome at first, but the illness did not yield to treatment. Mrs. Davis' daughter is now on her way to New York from Colorado Springs.

Artificial gas, the 20th Century fuel. 10-11

## QUARTET OF GOOD ENTERTAINERS.

Monday night in "Piff! Paff, Pouff" at The Eastels Girls, who will appear at the Gennett.

## SWEETHEART HELD ON MURDER CHARGE

Alleged That He Bought Arsenic with Which Ohio Girl Took Her Life.

### AWARE OF HER PURPOSE

YOUNG MAN GIVEN A HEARING AND HELD TO THE GRAND JURY UNDER \$2,000 BOND—PARENTS OBJECTED TO MATCH

Deshler, O., Oct. 11.—Orson Broke, a young farmer, has been arrested by Sheriff John of Napoleon on a warrant charging him with murder in the first degree. Miss Jeanie Dicker, said to be Broke's sweetheart, took a quantity of poison a week ago and died five days later. The warrant was sworn out by John Miller, brother-in-law of the dead girl, who alleges that Broke bought the arsenic for the girl with the knowledge that she would attempt self-destruction. The young man was given a hearing before Squire Mulcahey and was held to the grand jury under bond of \$2,000, which his father furnished. The charge of murder was not changed. The trouble is said to have arisen over the objections of the parents of the couple to the match.

Strikers Arrested. La Rochelle, France, Oct. 11.—The strikers at the arsenal and shipyards here are assuming menacing attitude. Several skirmishes have taken place between the striking workmen and troops and police. The ringleaders of the disturbances are being arrested. A detachment of 600 infantry and two squadrons of dragons have arrived here from Saintes, 42 miles from here. Ships arriving at La Rochelle are being unloaded by sailors belonging to the navy.

### SWEPT BY FIRE

Business Section of Princes Edward Island Town Destroyed.

Charlottetown, P. E. I., Oct. 11.—Fire which started in the railway station at Summerside and which spread so rapidly that aid was summoned from this city, destroyed 42 buildings, including the postoffice, the English and Baptist churches and four hotels. A gale was blowing and the flames swept through the town with terrific speed. The loss is not estimated.

Rain, which began falling heavily while the fire was at its height, helped the firemen to gain control before some of the larger business structures had been damaged. The greater part of the buildings destroyed were wooden dwellings. About one-fourth of the town is in ruins.

### Expulsions Continue.

St. Petersburg, Oct. 11.—Further expulsions from the zemstvos of members of the outlawed parliament who signed the Viborg manifesto are dragging and there is very slight prospect that they will be tried before the next elections, thereby rendering ineligible for election 180 of the most prominent constitutional democrats who were members of the parliament.

### THE ROYAL BOX.

King Edward is always punctual to the second in his public engagements. The favorite hobby of the queen mother of Spain is collecting playing cards, of which she has a most valuable collection. King Alfonso of Spain makes jokes all day and behaves altogether like the boy he is. To his mother-in-law he is the very soul of politeness, and it is said to be delightful to see them together.

Carmen Sylva, queen of Roumania, story writer and poetess, was married to her husband four times—according to the German civil code, according to the Lutheran religion, according to the Roman Catholic church and according to the rites of the Greek church.

### LAW POINTS.

A decree of divorce is held in Nolan versus Dwyer (Wash.) 1 L. R. A. (N. S.) 551, not to be subject to be vacated after the death of one of the parties. That nonresidents may be denied permission to act as executors of local estates is affirmed in re Mulford (Ill.) 1 L. R. A. (N. S.) 341. The right of nonresidents to act as executors or administrators is considered in a note to these cases.

One who induced another to part with money as a wager on a pretended event which was not to take place, with the intention of appropriating it to his own use, is held, in State versus Ryan (Or.) 1 L. R. A. (N. S.) 802, to be guilty of larceny in making such appropriation.

### FLOWER AND TREE.

The olive lives better under water than any other tree. Water the roses at morning, never at night, and too much water produces mildew and disease.

Well grown snailflowers should reach a height of twelve feet, and the center of the flower, or seed portion, should measure three feet in diameter. Nitrate of soda added to the water, with which a Boston fern is moistened will, it is said, stimulate a sickly plant. The proportions recommended are one teaspoonful to three quarts of water and applied at intervals of about three weeks.

Artificial gas, the 20th Century fuel. 10-11

A Boston schoolboy was tall, weak and sickly.

His arms were soft and flabby. He didn't have a strong muscle in his entire body.

The physician who had attended the family for thirty years prescribed Scott's Emulsion.

NOW:

To feed that boy's arm you would think he was apprenticed to a blacksmith.

ALL DRUGGISTS: 50c. AND \$1.00.

## SCHOOLGIRL'S TRAGIC END

### WATCHED TRAIN APPROACH

Her Foot Caught in Cattle Guard, She Could Not Get Off the Railroad Track—Companion Signaled Engineer in Vain.

Lacrosse, Wis., Oct. 11.—Standing helpless with her foot caught in a cat head guard at the Indian Hill crossing, 7-year-old Mamie Hunt watched the onrushing freight train which killed her, while Dagna Senstad, her 6-year-old companion, vainly tried to signal the engineer. Sitting upon a brake wheel on top of the train was John Hunt, the girl's father, a brakeman, unconscious that his child was being ground to death beneath the wheels. The girls were returning from school when the Hunt child's foot became caught. Dagna Senstad, unable to release her friend, ran to meet the train, waving her arms and screaming, but the engineer did not see her.

## Big Canning Season.

The canning factory at Cambridge City has been enjoying a big run. More than 80,000 cans of tomatoes have been sent out from the plant and still there's more to follow.
