### THREE STRIKERS SHOT BY POLICE

Angry Strikers at Carnegie Furnaces Were Dispersed Perhaps Fatally.

### AN INCREASE ASKED FOR

WORKMEN WANT FIFTEEN CENTS MORE ON THE DAY AND OFFICIALS SAY THEY WON'T GET IT WHILE TROUBLE LASTS.

New Castle, Pa., Oct. 23.—Three strikers were wounded, two perhaps fatally, in a riot at Carnegie Steel company furnaces. The men struck for an advance and a body of strikers attempted to stop operations at the Red Jacket furnace by stoning the workers and Carnegie police. The officers finally fired a volley from their revolvers and three of the strikers fell. The injured were all foreigners.

The police found the plants picketed, but the groups of strikers were easily dispersed and there was no outbreak.

The steel plant and two furnaces yet operating are running under reduced forces, many of the employees not having been able to enter the works last night. A report that one of the three strikers shot had died, caused much excitement among the strikers and a mob of fully 400 gathered at the approach to the steel plant and became very threatening. The city police were again called and additional Carnegie police were brought here in the evenings from Youngstown and Sharon.

The strikers now demand a wage increase of 15 cents daily. General Superintendent John Oursler said there is no possibility of the strikers' demands being granted while the trouble is on.

**Labor Section Held Void.**  
Louisville, Ky., Oct. 23.—In the United States district court Judge Walter Evans in the case of the United States vs. J. M. Scott, a train dispatcher for the Louisville & Nashville railroad, on trial for alleged violation of the Sherman act, which seeks to prevent interstate carriers from keeping their employees out of labor unions, held that section 10 of the act is void, because it is not a regulation of commerce within the meaning of the commerce clause of the constitution, and therefore, beyond the power of congress to enact. The court sustained the demurrer to the indictment against Scott and discharged him from custody.

**American Missionary Association.**  
Oberlin, O., Oct. 23.—The 60th annual meeting of the American Missionary association began here. The treasurer, H. B. Hubbard of New York, reported that the total receipts for the year had been \$423,627; that the debt had been reduced during the year from \$89,254 to \$67,912; that the income of the Daniel Hand educational fund for colored people had been \$71,413; that the reserve legacy account for current work, 1906-07, will be \$65,732, and for 1907-8 will be \$38,672, a total reserve legacy fund of \$104,405.

**Into a Pole.**  
Dashed a Trolley, a Score of Persons Receiving Severe Injuries.  
Schenectady, N. Y., Oct. 23.—A Schenectady-bound trolley car of the Schenectady Railway company, failed to take a curve here, dashed into a pole, turned over on its side and injured a score or more passengers. Two passengers who were sitting with an arm out of the windows lost these limbs and others sustained serious injuries. Another trolley car was following the derailed car and bumped into the wreck but escaped injury.

**Farmers' Congress.**  
Topeka, Kan., Oct. 23.—The second day of the farmers' national cooperative congress opened with 150 delegates in attendance. The real work of the convention is being done through a number of committees appointed by President Barrett. These committees held meetings before the convention was called to order and outlined their plan of work.

**Failed to Certify Ticket.**  
Van Wert, O., Oct. 23.—It was discovered here that the convention officers of the Republican county committee failed to certify the Republican county ticket to the secretary of the state within the 20 days prescribed by law, thus forfeiting their place on the ballot.

**The Modern Stage Robber.**  
"One moment," said the affable stage robber. "The lady with the camera evidently wants to take me. Will this do, ma'am?" And he struck a tasty attitude.

The lady smiled. She was a camera fiend, and the chance to humor her pet had quite overcome all thought of danger.

"Look pleasant, please," she said. The stage robber smiled.

"I will give you the pleasant look of the man who has just taken several thousands from the express box, a few hundreds in loose change, two bags of dust, eight watches, four diamond rings and an opal scarf-pin," he merrily said.

Then the camera clicked, and with a sweeping bow the robber remounted his horse and dashed away.—Cleveland Plain Dealer

The king got a severe shaking up when the motor car was brought to a sudden stop, but was not hurt otherwise. He jumped from the car and superintended the sending of the man to a hospital in an ambulance. King Edward showed great concern over the man's injuries and expressed his regret that his motor car should have struck one of his subjects.

**Kept Suicide Pact.**  
Chagrin Falls, Oct. 23.—Just before ending her life by swallowing carbolic acid Mrs. Anna Kennedy confessed to her sister, Mrs. Antisdale, that she had made a suicide pact with her husband a short time before his death. They agreed that the one who survived the other should follow as soon as possible by self-murder. The compact was made last spring and in June Kennedy died. Mrs. Kennedy kept putting off the act of self-destruction, pondering on the means that she would select to end her life, finally deciding on carbolic acid.

### OLD STUDENTS REUNED WAS DELIGHTFUL EVENT

Father of James E. Watson Presided at Gathering of Old Students of Randolph County Seminary—Met in June Next Year.

Centerville, Ind., Oct. 23. (Spl.)—Miss Martha Peele returned on Friday from Winchester where she had attended a reunion of the former students and teachers of the Randolph County Seminary.

The reunion was a very delightful event, about forty of the former students of the celebrated Seminary were in attendance.

The reunion was held on Tuesday, October 16, in the Presbyterian church with morning, afternoon and evening sessions. Enis L. Watson presided at the sessions and Mrs. Elizabeth Moon filled the office of secretary. Both of these officers were students at the Seminary. Mr. Watson is the oldest lawyer in Randolph county.

He is the father of Representative James E. Watson. Judge William A. Peele was a teacher in the Seminary in 1845 and 1846 and was a law student at Winchester and afterwards was of the law firm of Peele and Watson.

John Cooper, who served as Superintendent of the public schools at Richmond and at Dublin was a student and also a teacher at the Randolph County Seminary. Hon. Isaac Jenkinson and Miss Narcissa Lewis, now Mrs. Jenkinson were students there.

At this meeting a permanent organization was formed to meet in annual session. It was decided to hold the next meeting in June.

#### WITH BURGLARS

Brooklyn Patrolmen Engage in a Running Fight With Guns.

New York, Oct. 23.—A duel with revolvers was fought between two policemen on foot and a burglar in a wagon, in Brooklyn, with the escape of the burglar and the fatal wounding of Roundsman James McGarry. In company with Roundsman Carney, McGarry found a grating removed from the window of the cellar of a drug store and went into the cellar to investigate. While they were searching, a man climbed out of the cellar and jumped on the seat of a wagon, where an associate awaited him. As they whipped up their horse, the roundsman reached the sidewalk and opened fire on them. With the roundsman in hot pursuit down the street, a running battle took place. The police's shots went wild. In first reply of the burglars, McGarry was wounded in the face. A second bullet pierced his arm and a third brought him down with a wound in the head from which he is not expected to recover. His companion pursued the burglars further, but they disappeared in Prospect park.

### HEARST FAILED TO GET HEADQUARTERS

Rooms Formerly Used by Democracy Secured by His Opponents in the Party.

### WORKING AGAINST HIM

MANY WHO WANT TO BE RID OF THE YELLOW PERIL ORGANIZE TO ELECT HUGHES IF POSSIBLE.

Albany, N. Y., Oct. 23.—Investigation of the reported seizure of the permanent headquarters of the Democratic state committee in this city by Democrats opposed to the candidacy of William Hearst, developed one of the most interesting phases of the present extraordinary state campaign. The main facts are that the rent of the present state headquarters at No. 44 State street, has been paid since July, and in advance until next May, by ex-Mayor Thomas M. Osborne of Auburn, who has from the outset been one of the most earnest opponents of Mr. Hearst's candidacy; that State Committee member Pat E. McCabe and the Democratic county committee officers moved their effects to the county committee room in another building and then hurried to New York to report the situation to Mr. Hearst and State Chairman Connors; and that a force of stenographers is at work in the state headquarters in a campaign declared by those directing it to be for the best interests of the Democratic party.

This work, it is alleged, is being done practically under the direction of Mayor Osborne and other Democrats, whose opposition to Mr. Hearst has been constantly avowed. Mr. Osborne gave out the following statement: "The present headquarters were established several years ago by Senator Hill and have been maintained by individual contributions, my own among others. As the present Democratic committee was making no use of them and believing that they could be made available adjunct of the regular Democratic organization, I have paid the rent and secured a further lease, and there is no necessity for any one to get excited over the matter. Every one, who has any right or title to any of the property there, can get it without any trouble, and the headquarters will continue to be used for furthering the best interests of the Democratic party."

**Secretary Shaw's Offer.**  
Washington, Oct. 23.—Acting Secretary Keep of the treasury department, announced that applications for increase in national bank circulation under Secretary Shaw's offer will be favorably acted on in the order in which they are received at the treasury. If, however, a national bank should apply for an increase of two or three millions, or even less, it probably would be necessary in the interest of smaller banks to grant the application as to only a part of the sum asked for, and so extend privileges conferred by the secretary's offer to as large a number of banks as possible.

**Thrown From Car.**  
Dayton, O., Oct. 23.—Henry Bach, 32, formerly employed as a bartender in this city, was instantly killed near Miamisburg by being thrown from a southbound Cincinnati Northern traction car. Bach resided in Miamisburg and was en route home. As the car turned a sharp curve he was thrown from the rear platform and his head struck a telegraph pole, crushing his head to a pulp.

W. H. Denhart, a prominent member of the Lutheran church has promised the college \$100,000, in the institution will raise a like amount, for endowment purposes. To stimulate the raising of this money, Andrew Carnegie has promised the school a \$30,000. Science Hall.

The treasurer's report of the finances of the Synod showed that out of the twenty different synods in the United States the Olive Branch was in the best financial condition.

The total receipts for the year were \$10,584.23. The total expenditures for the year were \$8,767.98. There was left a balance in the treasury from last year of \$1,974.60, and a balance this year after all expenses were paid of \$1,816.25.

The total contribution of the three local churches amounted to \$2,079.90. Dr. C. Huber, of this city, who is one of the members of the board of directors, of Wittenberg University, read the report, concerning the colleges' standing and outlook.

It showed that during the last year the college had utilized the offer of Andrew Carnegie, to build a \$30,000 Science Hall, and that building would be erected soon. He also stated that Dr. M. H. Hanna of Columbus, O., had given the school a tract of land containing 2225 acres, in Nebraska, with the proviso that \$5,000 be given him each year, until his death. The college will also have to assume all mortgages upon the land. The board of directors of the school accepted the gift and the land was sold some time ago, it bringing \$107,000.
