

## HOOSIERS SCORED AGAINST CHICAGO

Indiana University Was Out-classed in the Speed Department of Game.

THE SCORE WAS 33 TO 8.

IN FIRST HALF THE CHICAGO TEAM WAS HELD TO CLOSE SCORE—HARE WAS THE STAR.

[Publishers' Press]  
Chicago, Oct. 27.—The University of Chicago defeated the University of Indiana on the gridiron at Marshall Field this afternoon by a score of 33 to 8.

The Hoosier players proved quite as strong opposition as the Chicagoans had expected. The latter were slightly outclassed in weight but made up for this disadvantage Coach Stagg says it is no disadvantage at all by superior speed.

Indiana held its rivals almost even in the first half by Hares brilliant kicking, in which he decidedly outshone Eckersall, the Chicago star. The half ended with score of ten to four in Chicago's favor.

In the second half, however, Chicago had everything its own way, making three touchdowns.

Indiana scored two goals from the field.

### PURDUE OUTCLASSED.

Lafayette, Ind., Oct. 27.—Purdue was compelled to take her place in the secondary Indiana College Class today when Wabash, in a well played game defeated Old Glory and Black by the score of 11 to 0, both scores being made in the first half, the weather and the grounds favored Wabash.

### LUCK SAVED YALE.

New Haven, Conn., Oct. 27.—Yale's luck alone saved the Blue against Amherst at Yale Field this afternoon for the plucky little Massachusetts team not only played a corking good game, but had the ball twice within striking distance of Yale's goal, and on one of these occasions, planted it on the two yard line. The final score showed Yale 12, Amherst 0.

The game was a thriller from the bell and nothing but words of praise on all sides were heard for Amherst and Captain Hubbards plucky team.

The most sensational play of the season came shortly before time was called in the second half, when Keating, the Amherst end, picked up the ball on a fumble and started for Yale's goal. Forbes was after him like a shot and with a desperate flying tackle, brought him down within 2 yards of the line.

### HARVARD'S VICTORY.

West Point, N. Y., Oct. 27.—About seven thousand men and women were on the parade grounds here today and saw Harvards football team score a victory over the Cadets, the final score being 5 to 0. All through the two halves, the army put up a strong game, both in defense and offense, particularly where the line work came in the army proved to be the stronger. The visitors only scored by a touchdown when the second half of the game had almost been run to the limit.

In punting the Harvard men had the better of it during the first half, as the visitors having won the toss, elected the south goal, which gave them the wind in their favor. Mistakes were made by both sides and penalties were frequently handed out by the officials.

### Princeton's Great Victory.

New York, Oct. 27.—In as pretty a game as has ever been seen on a gridiron Princeton took Cornell into tow at the Polo Grounds this afternoon by a score of 14 to 5. Abounding in spectacular plays that at times fairly raised the hair of the spectators the contest proved one thing beyond all doubt—the wisdom of the changes made in the rules which have given the sporting world practically a new game. It also demonstrated the possibilities of the open style of play when it shall have been brought to a higher stage of perfection, an accomplishment which it is useless to expect a single season to practice will make possible.

The score of 14 to 5 about represents the relative worth of the two teams. The score by halves, too, shows well the difference in endurance of the contestants. In the first half Cornell clearly outplayed Princeton in all departments of the game except punting Harlan, with his long punt, outpointing Walder and McCutcheon.

### Michigan Beats Illinois.

Ferry Field, Ann Arbor, Mich., Oct. 27.—In a driving rainstorm Illinois and Michigan played their annual football game here today and on this heavy, slippery field both teams were under a heavy handicap and much fumbling of passes and punts was anticipated by the coaches. Owing to his superior ability to kick the wet soggy ball, Lindgren instructed Green to do the punting for Illinois. Tarnoski went to end in place of Nackey who was first picked for that job. The conditions were as bad as could be, the wind being so high punting was well nigh impossible. The final score was Michigan 28, Illinois 9. The slippery field made open field play practically impossible and both teams soon found it more profitable to use the old style of game.

## STEELE DEFEATED THE LOCAL ELEVEN

The Claim is Made That Single Touchdown was Result of a Fluke Play.

### FIELD WAS WATER SOAKED

DAYTON HIGH SCHOOL SNATCHED VICTORY OUT OF A CLOSE GAME IN WHICH LOCALS PLAYED WELL.

In a driving wind from the west and on a water soaked gridiron the Richmond High School foot ball team lost to the Steele High School of Dayton on Reid field yesterday, not because of inferior playing but because the referee failed to see an error and Steele scored a touch down. The Dayton men outwheeled the local team from fifteen to twenty pounds, but the local boys broke through their interference several times and made material gains.

All the local boys played in fine form and with good conditions would have played the Ohioans off their feet.

Wise of the Steele team made the only score, touchdown in the first half. The teams were close to the sides and in making an end run Wise stepped over the line but was not noticed by the referee and was allowed to count. When trying to kick for goal there was an exhibition of the worst kicking ever done in Richmond.

**General Picquart's Attitude.**  
Paris, Oct. 27.—The attitude of General Picquart, the defender of Dreyfus, and now minister of war, to Dreyfus' old persecutors in the army was clearly defined when an officer who was involved in the conspiracy to practically banish Picquart to the border of the Sahara, entered the minister's office and began to stammer out a statement on the subject. Picquart stopped him, saying: "I know only one thing, and that is that you have always been an excellent officer. You may believe that I shall not forget that." General Picquart has initiated his direction of the ministry of war by ordering back to their regular duties all soldiers who were detailed for light work in and about the war ministry.

**Utes On the March.**  
Sheridan, Wyo., Oct. 27.—Word reaches here that the Utes are now moving and are headed northwest toward the northern Cheyennes, whose reservation lies about 50 miles east of Fort Custer, Montana. It is thought that this is to induce northern Cheyennes to join them in some kind of a raid. Twelve hundred rounds of ammunition were shipped from Fort McKenzie to Major Grierson, who is in command of the Tenth cavalry. He is now at Gillette, whence he is expected to go by rail to Aspava, which will bring him within about 50 miles of the Utes. To reach them he will move down the Little Powder river.

**Read Papers.**  
Hartford, Conn., Oct. 27.—The session of the annual convention of the Women's Christian Temperance Union was taken up with addresses. Among those who read papers were: Mrs. L. M. N. Stevens, editor-in-chief of The Union Signal; Mrs. Cornelia T. Jewett, managing editor of The Union Signal; Miss Margaret Wintringer, editor of The Crusader Monthly; Mrs. Jennie M. Kempton, superintendent circulation department. An interesting ten-minute address was made by Mrs. H. E. Hollingshead of Ohio, on the subject, "Unfermented Wine at Sacrament."

### BOOTS ON A STOLEN COW.

Authorities Baffled by the Tracks in the Mud, Now Have Mystery Explained.

[Publishers' Press]  
Madison, Ind., Oct. 27.—It developed yesterday in the trial of John Cain, who stole a reed organ in Jefferson county and hauled it seventy-five miles to Shelbyville, where he sold it for \$8, once stole a cow and put boots on her feet to prevent its being traced. Cain has a prison record of unusual thefts. He was released only recently.

It is really one of the most wonderful tonics for developing the figure and soothing the nerves ever offered to the American people. Hollister's Rocky Mountain Tea or Tablets, 55 cents. A. G. Luken & Co.

## QUAKERS KEEP UP THEIR GAIT

Earlham Defeats Wittenberg in Close Game at Springfield Yesterday.

### CAREY TURNED THE TRICK

FIELD GOAL WAS KICKED BY THE FULL BACK SIX MINUTES OF CLOSE OF LAST HALF.

Springfield, O., October 27. (Spl.)—A field goal kicked from placement on the 25 yard line by Fulback Carey, won today's game for Earlham from Wittenberg within six minutes of the close of the last half.

Previously Carey and King had each tried for field goals but both had failed the soggy ball refusing to rise. Wilson out generalized Sawyer and this together with Wanns superior punting off-set the advantage displayed by the Lutherans in rushing the ball.

Wittenberg made eight first downs and Earlham gained the required ten yards but once. Wittenberg was the aggressor in the first half. Earlham in the second.

The game was played on a very muddy gridiron which nullified speed and made trick-playing almost impossible.

Neither team used the forward pass to advantage. The grand work of Hancock at left end for the visitors had much to do with the Quaker victory.

### FARRELL GETS AN OFFER

Indications That There Will be Roller Polo in the East After All This Season.

Wild Charley Farrell, the polo player, joint proprietor with Chauncey Arundel of the Essex hotel, of Indianapolis, has been offered the management of the Worcester, Mass., polo team in the New England league. He will not accept unless he is given \$50 a week, he says.

Farrell has received a letter from Malachi Kittredge, the catcher, formerly with Washington, who holds the franchise asking him his terms. Kittredge in his letter to Farrell told him that he wanted him for center and to handle the team. He advised him to get Bobby Hart for the rush self and the rusher.

The Youngstown team of the Ohio-Pennsylvania league also wrote Farrell offering him a job at \$37.50 a week. The offer insulted the player and he wrote back telling the management that he "thought they wanted polo players."

### COW FLIES A KITE.

[Publishers' Press]  
New Albany, Ind., Oct. 27.—A cow flying a kite was the unusual spectacle witnessed in this city yesterday afternoon. Lee Hazelwood, son of Dr. John Hazelwood, had been flying the kite in a pasture, and had laid it on the turf where the cow was grazing. The animal is browsing about swallowing the ball of twine, which was tying about 30 feet from the kite. As the cow moved off the kite moved, and the cow, eyeing it curiously, started again and the kite quickened her gait into a lop. The kite gracefully rose in the air and remained suspended until the thoroughly frightened animal was caught, after breaking down a fence and racing to her owner's home.

### GREAT STAKE PROPOSED

The Western Horseman is to Give \$6,200 for Three-Year-Old Speeders Next Year.

What promises to be one of the best harness races of 1907 outside of the Grand Circuit will be a feature of the Indiana State fair. It is the Western Horseman stake, \$6,200, for three-year-olds, of which sum \$4,100 goes to the trotting division and \$2,100 is allotted to the pacers. The entry list is large and contains some of the best blooded colts in the country. Horsemen not only of Indiana, but of the West generally are taking an active interest in the event.

### NERGO LIKE A LEOPARD.

Covered With Spots Since a White Man's Skin Was Grafted Upon Him.

Indianapolis, Ind., Oct. 27.—Isaac Spears, a 14-year-old colored boy, who was terribly burned in a gasoline explosion recently, will leave the city hospital with the skin of several white people grafted into his hide.

A large amount of skin was required to cover the surface exposed by the flames. Shortly after Spears was injured, Edgar Drake was brought to the hospital to have both legs amputated because of an accident. A lot of skin from the amputated legs was used in making Spears whole. Subsequently the skin of the other whites who were undergoing amputation was used.

Spears is recovering, but it is said that his body presents a strange mixture of white and black not unlike a leopard's spots. Some doubt is expressed whether or not the white skin will turn black.
