FRENCH ATTITUDE NOW EXPLAINED

A Cabinet Minister Says That the Catholic Church is Not in a Revolt.

THE POLICY APPROVED

THE CHURCHES, AS STATE AND COMMUNAL PROPERTY, WILL REMAIN OPEN FOR CATHOLIC WORSHIP—OTHER DETAILS.

[Publishers' Press]

Paris, Nov. 3.—The minister of public instruction and worship, M. Briand, announced that the government did not regard the Catholic church as being in revolt against the law providing for the separation of the church and state, or against the state. The Catholic church having simply declined to take advantage of its privilege under the law, as the other religions did, on December 11, would forfeit its \$80,000,000 of property and thereafter would live under the common law. There would be neither martyrdom nor persecutions of the faithful. The churches, as state and communal property, would remain open for Catholic worship. The object for which the Republican party in France had struggled for 30 years, the minister said, had been achieved. The concordat was at an end, the state would no longer contribute to the support of any religion and priests would no longer enjoy privileges. In both their duties and obligations they would be on an equality with other citizens. In other words, the state was at least neutral towards all religions and would permit the exercise of all of them with special favors to none.

The cabinet held a meeting under the presidency of President Fallieres and approved the ministerial declaration of policy. The president then signed the bills to be introduced at the reassembling of parliament for the

purchase of the Western railroad and the abolition of the death penalty. MM. Bourgeois, Constant, Renault and Decaux have been reappointed as representatives of France at The Hague tribunal for the coming six years.

WITHOUT A CLEW

Pittsburg Police Working on McMillen Murder Mystery.

Pittsburg, Nov. 3.—Developments in the murder and robbery of James A. McMillen, 65, a wealthy business man, have assumed a mysterious phase. The authorities state that they are absolutely without a clue and announced that another highway robbery occurred within a block of the McMillen tragedy. Edward Young, a driver, was held up by three men, who after beating him into unconsciousness, took \$50. The mystery was increased when the detectives learned that two well dressed men had called at the morgue to examine McMillen's effects. They said they were attorneys and asked if any legal papers had been found on the body, adding that they were needed in important litigation. They refused to give their names and the authorities are now trying to locate them. A post-mortem examination has shown that McMillen was knocked unconscious and died of exposure.

Warns Insurance Companies.

Columbus, O., Nov. 3.—State Insurance Commissioner A. I. Vorys has moved slowly in the matter of treating those fire insurance companies doing business in Ohio that were badly hit by the San Francisco disaster, but is now about to proceed in the matter. He has waited to give them a chance to repair their finances, but now believes that the policy holders' interests require that he bar all that have not made good their losses. At their Washington conference the commissioners of the states agreed to call for reports of the questionable companies October 31 and these should all be in by November 15. Action will then follow.

DENIAL IS MADE TO THE STORIES

The Christian Science Officials Say Mrs. Eddy is in Best of Health.

LOCAL MEMBERS ACTIVE

THEY HAVE RECEIVED AN OFFICIAL COMMUNICATION FROM THE FOUNTAIN HEAD AND MAKE DENIAL POSITIVE.

Richmond Christian Scientists, and their number has constantly been increasing during the past few years, are in receipt of official communication from Boston, relative to the stories recently exploited concerning the alleged illness of Mrs. Eddy, the founder of the Church of Christian Science. The Richmond followers of Mrs. Eddy are active in their efforts to see that the stories told regarding their leader are denied. The official communication received by the local members of the church is as follows:

Boston, Mass., Nov. 3.—Alfred Farlow, head of the Christian Science propaganda in this city, denies the declaration of the New York Sunday World that Mrs. Eddy is at death's door, suffering from a cancer; that she was "doped and galvanized" for identification last week; that she and the \$15,000,000 she is said to possess are wholly dominated by her secretary, Calvin Frye; that Mrs. Pamela J. Leonard of Brooklyn, N. Y., dresses in the ermine and velvet of Mrs. Eddy and impersonates her on the daily exhibition drive through Concord street, and that a Boston special list is constantly in attendance at the Eddy home.

After a two hours talk over the telephone with Concord, N. H. the Boston conferees, headed by Alfred Farlow, issued, at 11:30 o'clock Sunday night, the statements which follow:

A statement which originated in the New York World has gone the round of the public press to the effect that the leader of the Christian Scientists, the Rev. Mary Baker Eddy, by reason of afflictions, is unable to leave her home, and is, therefore, being impersonated by Mrs. Pamela J. Leonard of New York City. It is probable that the public has become so used to the periodical circulation of stories dealing with Mrs. Eddy's health that they may not consider the miserably. But the boldness with which it is being circulated at this period, and the pretence of evidence in its support, demands an emphatic denial.

Mayor Corning's Statement. The Hon. Charles A. Corning, Mayor of Concord, made the following statement today:

"I have known Mrs. Eddy by sight for many years, and have seen her in her carriage many times, and within the past season Mrs. Eddy has passed up Pleasant street and down Green street daily, and I know that the sole occupant of the carriage has been Mrs. Eddy. I had never met Mrs. Eddy face to face at her residence, Pleasant View, until today. Mrs. Eddy received me this afternoon in company with General Frank S. Streeter, who is and has been an attorney of Mrs. Eddy for several years.

As I had heard so much concerning the precarious condition of Mrs. Eddy's health, I feared that there might be some foundation for such reports, but the fact was utterly different. I spoke to Mrs. Eddy, and I listened for nearly half an hour to her conversation. She is keen of intellect and strong in memory. She is a surprising illustration of longevity, bright eyes and emphatic expression and of an alertness rarely to be encountered in a person so venerable.

(Signed) Charles R. Corning, Mayor of Concord, N. H."

Farmers Sued. Medina, O., Nov. 3.—Hoover & Kinnear, contractors, have filed a suit for \$5000 damages against 24 farmers at Lodi, whom they accuse of dumping an engine and train of cars into a ditch and the removal of a fill across a highway. The farmers, who for several days guarded the roadway with guns and dynamite, have dispersed as the railroad has been enjoined from proceeding with its work.

Woman Fatally Burned. Waverly, O., Nov. 3.—Miss Adelle McMillan, 56, was fatally burned at her home in Omega while burning leaves in her garden. Her clothes ignited and as she was deaf, was unable to hear the warning cry of neighbors, who noticed her plight too late to prevent serious injury.

Castro Presides. Washington, Nov. 3.—A cable dispatch received at the Venezuelan legation announces that President Castro, who recently returned to Caracas, presided over a meeting of the cabinet.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton la., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At A. G. Luken & Co.'s Drug Store, 50 cents.
