

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bar. J. J. of Jefferson Med. Coll.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Sander, M. D., late of Cincinnati; Prof. E. W. Hale, M. D., of Hahnemann's College, Chicago; and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

HIS FIRST WILD TURKEY

PRESIDENT GOT A BEAUTY

Returns From His Short Hunt in Pine Knot Virginia to Take up a Mass of Important Business at the White House.

[Publishers' Press] Washington, D. C., Nov. 4.—The President and Mrs. Roosevelt returned here at 9 o'clock tonight from their outing at Pine Knot, in Albemarle county, Virginia. The President brought with him a fine turkey gobbler, the first wild turkey he ever shot. It was bagged about dusk last evening. It constituted the chief trophy of his hunting. The bird will be cooked for dinner tomorrow evening.

Secretary Loeb met the President at the railroad station and went with him to the White House, where they took up a mass of important business.

The President and Mrs. Roosevelt left North Garden at 6 o'clock and reached the White House at 9:30 p. m. There was a large crowd assembled at North Garden and the President shook hands with a number of people.

HUFFMAN WILL BE ARRAIGNED TODAY

Chicago Barber Charged with Horse Theft Will Probably Plead Guilty.

HIS CASE A NOVEL ONE

AFTER SLEEPING OVER THE AFFAIR, HUFFMAN MADE CLEAN BREAST OF HIS CRIME TO SUPT. BAILEY.

James Huffman, the Chicago barber who now admits that he would have profited better to have remained at his trade instead of attempting to break into the profession of pilfering horses, will in all likelihood enter a plea of guilty this morning before Judge Converse, when he is arraigned on the charge of stealing a horse belonging to James Allen.

Huffman's bold act, taking the outfit while it was hitched at Main and Ninth streets, and his effort to get away with the property by making a circuitous drive which finally brought back into Richmond and into the hands of the police, perhaps is the most unique case of the kind that the local police department has ever noted.

Huffman when arrested Saturday night in the north end of the city near the place where he had hitched the outfit and where he had offered it for sale, strenuously denied that he was guilty of the theft; in fact he denied that he was the man who had driven the outfit into the city. Yesterday, however, after a night spent in the city jail, with opportunity to meditate on his situation, he made a clean breast of the matter, telling Supt. Bailey that he had taken the rig as charged, but declined to tell anything about his former career. He simply insisted that he was a barber and was doing a little touring. Supt. Bailey feels reasonably certain that Huffman "has a past", and today the prisoner will face the camera of the police photographer and when his likeness has been obtained copies will be sent to Chicago and other places in an effort to establish his identity and fix his criminal record if he has one.

THOUSAND TRUST PROBERS

Washington, D. C., Nov. 4.—The announcement of Commissioner Garfield, of the Bureau of Corporations, that he desired a score of expert trust probers, has been the means of fairly deluging the civil service commission with applications. Over one thousand young men throughout the country have taken the examination which in part call for a familiarity with economic subjects. The civil service commission looks for the list of eligibles to be very small.

MAY PLAY IN COLISEUM

If the plans of the Coliseum management, meet the approval of the managers of the City League basketball teams, the games of the league will be played in the Coliseum during the coming winter. Clem Gaar, although he has never made an offer to the managers, is in favor of the move, and he will ask the managers to confer with him about the matter during the coming week.

If the games are played in the Coliseum, they may be played on the nights when the Coliseum is thrown open to skaters, they being played before the skating begins.

Artificial gas, the 20th Century fuel.

MENTALLY UNBALANCED WAS CONFINED IN JAIL

William C. Daub Became Unmanageable Yesterday and His Relatives Had the Police Take Charge of the Unfortunate man.

Wm. C. Daub, a carriage trimmer, became violently insane yesterday, and he was taken to police headquarters, where he was locked up for safe keeping.

Daub had been insane several times before, and he had received commitment papers to Easthaven several weeks ago, but he became better and he was released from custody, the officials and his friends thinking that he was well. He however became uncontrollable yesterday at his home on South Tenth street, and his relatives telephoned the police and his confinement followed.

He will be taken to the county jail until papers are again secured from Easthaven. Owing to the crowded condition of the hospital, and to the fact that Wayne County has already more inmates there, than her allowance calls for, it is thought that it will be some time before he can be admitted.

SURE PREDICTION CANNOT BE MADE

Situation in Pennsylvania Is More Uncertain Than in Past 20 Years.

BOTH PARTIES CONFIDENT

STARTLING CHARGES HAVE BEEN MADE AGAINST THE HEADS OF BOTH TICKETS—MEANS A LARGE VOTE.

[Publishers' Press] Philadelphia, Nov. 4.—The political situation in the state of Pennsylvania more than at any time during the last 20 years is one that defies anticipation. The fusion ticket, headed by Lewis C. Emory, Jr., its managers claim, will sweep the state by a majority of 150,000 while the supporters of Edwin S. Stuart, the Republican nominee declare he will win by 100,000 votes. They base their statement upon the bitter attacks made by Dr. Silas G. Swallow upon Emory, both in regard to the candidates personal character and his connection with the Standard Oil Company. On the other hand the Emory managers here are confident that the allegations made by state treasurer William H. Berry regarding graft and overcharges in the state capitol job at Harrisburg, will be sufficient to sweep away any doubt as to the success of the fusion candidates.

Impartial estimates point to a majority of 50,000 in the state for Emory. This however, does not include the votes in either Philadelphia or Allegheny, where Stuart's sentiment is unusually strong. It looks as though the state situation really depended upon Philadelphia, and while boastful predictions are made by both sides conservative politicians simply decline to make estimates.

According to the police department yesterday goes on record as another "dry" Sunday. There was the usual vigilance exercised by the police to determine whether any of the saloons were engaged in unlawful traffic, but there were no signs that such business was being carried on.

GENERAL KETCHAM DEAD IN NEW YORK

Well Known Congressman Passes Away After Suffering from Severe Cold.

WAS AGAIN A CANDIDATE

WITHIN THE PAST TWO MONTHS FIVE MEN, CANDIDATES FOR RE-ELECTION, HAVE DIED IN THE EMPIRE STATE.

[Publishers' Press] New York, Nov. 4.—General John H. Ketcham, representative in congress from the 21st district of New York State, comprising the counties of Columbia, Dutchess, Greene and Putnam, died today in St. Elizabeth's hospital here, after a brief illness. The General has made his home during the winter months for many years in New York and Washington, spending the summers at his residence at Dover Plains. He was renominated for congress three months ago and was able to be present at the convention and open his campaign. Contracting a cold shortly afterward, and being of unusually frail physique, he came to this city for treatment, going to the hospital at 415 West 51st street, where he remained until he died today. Up until last night it was thought that the General would recover, but he took a sudden turn for the worse at daybreak today, and although everything possible was done to prolong life, he sank into unconsciousness and could never again be revived.

The death of Congressman Ketcham makes the fifth candidate for congress that has died within the past two months, while in this state alone the candidates having died since the time limit for substitutions on the ballot expired.

In the list are two candidates for members of state assembly, a candidate for justice of the supreme court, a candidate for county clerk, and a sheriff in western New York county and General Ketcham.

Special elections will be called within 100 days by the governor to fill the vacancies.

[Publishers' Press] Shanghai, Nov. 5.—Advises received here indicate that famine conditions of the most desperate nature prevail in the northern part of the great province of Kiang Su, with but one exception, the most fertile and valuable of the many provinces of the empire.

Ten million of the total population of 21,000,000 in the province are reduced to stern want. Crops are an utter failure and scenes of suffering that rival anything in the empire's history, are reported from every point in the region.

Food riots which have been marked with much bloodshed, are reported daily and so far the officials have taken no steps to relieve the distress. In fact, in order to prevent the rioting spreading to the cities, all of the local governors have been ordered to keep the people in their homes at all hazards and further rioting has resulted from this step.

All of the local diplomatic representatives have received advices from foreigners in the famine stricken region, urging them to use all their influence to have the imperial government take steps to aid the sufferers.

A Presbyterian missionary who has just returned from the region declares that thousands of persons have already starved to death and that unless immediate aid is forthcoming, the death list will be appalling.

GIVEN A FINE UMBRELLA

Joe Taylor, acting manager of the Light, Heat and Power Company, was Saturday presented with a beautiful silk umbrella, by the employees of the company as a token of the high regard with which he is thought by the men.

Arbor Day Observed.

Centerville, Nov. 4, (Spl.)—Arbor and Bird Day was observed by the public schools of Centerville on last Friday afternoon, with appropriate exercises. Each room gave programs suitable to the ages of the pupils and following the literary part all adjourned to the campus where each room planted a tree.

Rev. Kuhn Preached.

Rev. T. H. Kuhn, the former pastor of the Christian church in this city filled the pulpit there yesterday, at the invitation of the official board of the church, and spoke to two large audiences.

Getting Along Nicely.

Mrs. Joseph Betzold of North 7th street, who fell last week and broke her hip, is resting as easily as could be expected of a person of her age. She is troubled still with excruciating pains in her back and hip. It will be many months before she recovers.

PRESIDENT COMMENDS WORK OF CONG. WATSON

The following is an extract from the letter written by President Roosevelt to Congressman James E. Watson on July 25, 1906:

"It will be entirely satisfactory to me to address the letter to you, the man, who as Republican 'Whip' of the House rendered such valuable and efficient service for all the measures advocated by the administration."

Alice McNanara died yesterday at the home of her mother Bridget McNanara at 88 Butler avenue. Miss McNanara has been ill for a period of over twenty years, and for the last few weeks it has been noticed that she was gradually failing, and hopes of her recovery were given up.

Yesterday was a typical India summer day and many took advantage of the beautiful weather to take long walks. The livermen reported an excellent business, probably better than they have enjoyed for several weeks past, owing to the extreme coolness of the weather.

BELIEVES HE WILL QUIT

OPINION OF MRS. PEARY

She Does Not Think That Her Husband, the Noted Explorer, Will Try any More to Reach the North Pole—Must Tend to Children.

[Publishers' Press] Washington, D. C., Nov. 4.—Mrs. Peary, wife of the Arctic explorer, who has arrived at her home here, does not believe that her husband will ever again attempt to reach the North Pole. She says the commander will have to stay home and mind the children. "We are growing old," she remarked in an interview today, "and we have two children who require our care and supervision."

Mrs. Peary is going to New Brunswick to meet her husband. "I want our boy to be the first of the family to congratulate his father upon his achievement," she declared. "If I find it practicable I may join my husband at Chateau Bay. I've sent a message there with instructions to have it repeated at all points along the Labrador coast so that my husband will get it if he touches at any point."

PORTION OF CHINA FACES A FAMINE

Ten Millions Are Reduced to Stern Want, While Crops Are Utter Failure.

FOOD RIOTS ARE REPORTED

PRESBYTERIAN MISSIONARY ASSERTS THAT THOUSANDS HAVE ALREADY STARVED TO DEATH—HELP NEEDED.

[Publishers' Press] Shanghai, Nov. 5.—Advises received here indicate that famine conditions of the most desperate nature prevail in the northern part of the great province of Kiang Su, with but one exception, the most fertile and valuable of the many provinces of the empire.

Ten million of the total population of 21,000,000 in the province are reduced to stern want. Crops are an utter failure and scenes of suffering that rival anything in the empire's history, are reported from every point in the region.

Food riots which have been marked with much bloodshed, are reported daily and so far the officials have taken no steps to relieve the distress. In fact, in order to prevent the rioting spreading to the cities, all of the local governors have been ordered to keep the people in their homes at all hazards and further rioting has resulted from this step.

All of the local diplomatic representatives have received advices from foreigners in the famine stricken region, urging them to use all their influence to have the imperial government take steps to aid the sufferers.

A Presbyterian missionary who has just returned from the region declares that thousands of persons have already starved to death and that unless immediate aid is forthcoming, the death list will be appalling.

QUARRELED WITH LOVER

GIRL TOOK HER OWN LIFE

Young Woman at Marion, Ohio, Threatens to Take Carbolic Acid, Friend Tells Her to Go Ahead, and She Did So.

[Publishers' Press] Marion, O., Nov. 4.—In the presence of a gathering at the home of Ernest Farrell today, Miss Hilda Porter, 19 years old, announced she was going to commit suicide. She then locked herself in a room and cried, "I am going to do it now." "Go ahead, we are waiting," returned somebody from the porch, thinking Miss Porter was fooling.

Opening the door the girl swallowed a quantity of carbolic acid in view of the men and women on the porch and fell to the floor. "Writing in agony she murmured: 'I did it for my sake, for his sake and for God's sake.' She died an hour later. Walter Krouse, aged 20, Miss Porter's sweetheart, admitted that they had had a quarrel.

Interesting Meeting.

The Francis E. Willard W. C. T. U. met Saturday at the home of Rachel Bailey Hill and Lavina Bailey, where an interesting discussion was held. Six of the six great world's convention of the organization were read. The next meeting of the union will be held with Mrs. Mary Toms at her home at 116 North 17th street.

CANNOT GET LABORERS

Chicago, Nov. 4.—Inability to find laborers is hampering the railroads all over the west in carrying out contemplated improvements. At least 50,000 men are wanted, railroad managers say, with practically none in the market, despite the fact that the railroads are willing to furnish transportation and in some cases, to pay as high as \$2.50 daily.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It Relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of *Dr. J. C. Fletcher*

FOUND.

FOUND—A bunch of keys near the Main street bridge, Sunday morning. Frank Lashley, Phone 594.

ON THE BETTING BOARDS

WATSON GREAT FAVORITE

Most of the Bets Placed are That the "Whip" Will Carry District by 3000 Majority—Many Bets Made on New York Race.

The various betting boards about the city, show that all the betters are placing their money on the Republicans. In the district congressional race, no one has as yet wagered that Kuhn will defeat Watson, all the bets being on how large the majority of Watson will be. The general favorites along this line are, that Watson will win by a greater majority than 3000. All of such bets have been taken. So far as known no one has bet that Kuhn will win.

The New York election, is attracting the attention of the men who have money to wager. All the bets stand with the odds on Hughes. Some few men are betting on the Republican majority in this state. Some new bets are being made on the Joint Senatorial race, and the odds are with Kirkman.

NO EXTA FORCE NEEDED

Special Sheriffs will Keep Order at the Polls and Task of Police Will Be Easy.

As the Indiana election laws provide that there must be two special deputy sheriffs, a Republican and a Democrat, at every voting place, the Richmond police department is not compelled to use any of its force to keep order at the polling places. It has been many years since there have been disturbing scenes at any voting places in this city and as a usual thing the special sheriffs, who are required to take an oath the same as regular officers of the city or county, have very little actual service to perform. Supt. Bailey, of the city police department, said last night that he saw no occasion for the use of extra day policemen Tuesday, but that he was not certain whether they would be used or not.
