

## KNOLLENBERG'S BULLETIN

### Coating Goods and Jacket Suitings

Are you looking for something in the way of COAT or JACKET MATERIAL?  
Then come straightway to **KNOLLENBERG'S STORE.**

A complete line Cravenette Goods in grey, tan and olive green. Also white and black mixture Cravenette, very pretty and desirable.

Heavy 24 oz. Plaid Coat Materials in various designs, just what's wanted this season for the long coats. Our line of these is very choice.

### Plaid Wool Materials

for Waists and Children's Dresses—a very complete line. Prices from 43c to \$1.00 per yard. Drop in and take a look at these desirable and fashionable materials—Always glad to show our patrons the newest in the market.

**THE GEO. H. KNOLLENBERG CO.**

## LOOKS LIKE C. C. & L. WILL BE ABSORBED

Good Grounds for Thinking  
Central Will Take Over Local Line.

OFFICIALS HERE MONDAY.

PRESIDENT BRADFORD AND OTHER HIGH OFFICERS PASSED THROUGH ON AN INSPECTION TOUR OF THE ROAD.

The election of W. E. Bradford, president of the C. C. & L. Railway Wisconsin Central a few days ago has given rise to the rumor that the latter trunk line is soon to take over the short line between Chicago and Cincinnati.

This story was given out little credence at the time of the Wisconsin Central's election, but it is admitted in railroad circles that there may be some truth in the report as President Bradford together with a number of the officials of the Wisconsin Central passed through Richmond Monday in a special train. The officials were making the trip from Chicago to Cincinnati.

Presumably on a tour of inspection. The fact that the C. C. & L. has been pushing its northern terminal into Chicago is taken as evidence that an effort is to be made to join the two roads. It is understood that the company will also secure better terminal facilities in Cincinnati.

### Will Speak On "Treats."

The Domestic Science Club will meet this afternoon in High school kitchen. Mrs. Frank Land will be the speaker of the session and her subject will be "Meats."

### Election Potosponed.

The regular election of the officers for the Country Club did not take place Monday night as arranged, as only three members were present at the meeting. The election has been postponed indefinitely.

### Is Sending a Deer Here.

Mrs. Grace Porterfield Polk of Indianapolis who is visiting relatives here, has received word from her husband, who is on a hunting expedition in Maine to the effect that he has expressed to Richmond a deer which fell a victim to his rifle. The deer will be dressed and divided among local friends of Mr. and Mrs. Polk.

## BANDITS MAKE AN EXCITING ESCAPE

Loot an Illinois Bank and Are  
Chased 40 Miles by Irate Farmers.

GOT \$7,000 IN MONEY

PURSUERS WERE FINALLY EVAD-  
ED BY THE BANDITS JUMPING  
ON A FAST MOVING TRAIN—  
MANY SHOTS EXCHANGED.

[Publishers' Press]

Ottawa, Ill., Nov. 6.—The two robbers who secured \$7,000 from the Farmers' and Miners' bank at Ladd, made their escape after an exciting chase of over 40 miles and after numerous battles with farmers, who attempted to intercept them.

After holding up the Ladd bank, the robbers drove to Peru, and at the point of a revolver compelled the every man to furnish another rig. They passed through LaSalle and then the pursuit began. The robbers drove through four county townships with police armed with rifles in close pursuit. Farmers were compelled to furnish the robbers with fresh horses.

In Wallace township a lively exchange of shots were exchanged, but the robbers took to the cornfields, secured a new team and escaped to Sheridan, where they abandoned horses, buggy and overcoats and caught a train, presumably for Chicago.

The assistant cashier of the bank at Ladd, J. J. Hurley, was alone in the bank when two men entered and asked for some pennies. The next moment, covering Hurley with revolvers, they ordered him to throw up his hands and marched him to a back room, where they bound him hand and foot. After talking about \$7,000 the robbers escaped. One guarded the street door while the other scooped up the cash. It was mostly in currency. The robbers were gone an hour before the robbery was discovered.

Adrift On Lake Michigan.

Chicago, Nov. 6.—After drifting about Lake Michigan since Saturday afternoon in a gasoline launch without gasoline, Louis Wright and William Thornton of Michigan City were picked up by the steamer Glenn and brought to this city. The men said that their gasoline became exhausted when they were 20 miles out from Michigan City, and since that time they had been floating about waiting for a steamer to pick them up.

## THE CITY IN BRIEF

Telephone the Richmond Steam Laundry to get your laundry. 11

Arbor and Bird Day, was observed at the Centerville school last Friday.

Mrs. Meyers of Piqua, O., and Mrs. J. C. Stratton, of Troy, O., are the guests of Mr. and Mrs. Meyers, of South Fifth street.

Business men's luncheon served in the Cafe of the W. C. Hotel every day from 11:30 to 2:00 o'clock. Price 35 cents. 12-t

By the economical administration of the board of trustees for Eastaven they have saved the state \$6,000 from the annual appropriation made by the state to the hospital.

Ask your dealer for Grimes Hickory Nut Gems. Try them, they are good. 1-7t.

## ARRESTS IN NEW YORK A FEATURE

Many Members of Prominent  
Families Were Challenged  
by the Inspectors.

### THE PARTY MEN VIGILANT

HEARST AND HUGHES VOTED  
EARLY AND RECEIVED OVA-  
TIONS AT THEIR RESPECTIVE  
PRECINCTS—OTHER NOTES.

[Publishers' Press]

New York, Nov. 6.—That the party watchers and election officials were extremely vigilant this year was evident Tuesday from the moment the polls opened. In the borough of Manhattan alone 200 arrests were made. A remarkable feature of these incidents was the unusual number of members of well known and wealthy families, who were arrested and forced to prove their residence in court before being permitted to deposit their ballots.

The independence league issued a statement at noon that "fraud was rampant in Herkimer county" and that warrants had been procured and all persons illegally registered would be arrested.

Former Chief Judge Alton B. Parker was obliged to stand in line for more than a quarter of an hour before he received his ballot. Standing in the line at the same time were John D. Rockefeller, Jr., H. McKay Twombly, Isidor J. Wormser, J. R. Dos Passos and Harry Payne Whitney. J. Pierpont Morgan joined the line later. Mayor McClellan remained in the voting booth only seven seconds. After depositing his ballot he went to the City hall.

William R. Hearst and Charles E. Hughes, the gubernatorial candidates, were among the early voters, and received ovations on their appearance at their respective precincts.

Clarence J. Shearn, who was in charge of the watchers for the independence league, said that he had received protests from his agents showing that the supply of ballots had been mixed in 41 election districts in Greater New York, the election officers of one district receiving the ballots printed for another district. Mr. Shearn said at least 100 ballots for local candidates would be void on account of this mistake.

While driving in a closed carriage Meyer Schoenfeld, manager for the Hughes volunteer campaigners, and his son, Abraham H. Schoenfeld, were attacked by a gang of roughs, who threw rocks and bricks at their carriage. One brick crashed through the glass window, and smashed Schoenfeld's hat. At the same time Samuel Maltz, a Republican worker, was attacked while standing near the carriage and beaten about the head. A detail of policemen scattered the crowd. No arrests were made.

**Suspended Police Chief.**  
Memphis, Tenn., Nov. 6.—Mayor Malone suspended Chief of Police George T. O'Haver for insubordination. Under the city charter the mayor has the right to assign the police, provided that in his judgment trouble is feared. There has been much bitterness between local factions in the campaign for the state legislative ticket, and Mayor Malone election day made reassignments for the police force. Vice Mayor John T. Walsh and Chief O'Haver instructed the men to remain where they had been first assigned. The mayor thereupon suspended the chief and temporarily appointed Police Sergeant W. J. Hayes to act as chief of police.

**Fight at the Polls.**  
St. Louis, Nov. 6.—After a short but terrific fight, Joseph R. Hutton, a former city detective, was arrested at the polling place in the Fifth ward, Seventh precinct, on a charge of attempting to vote twice. Hutton was arrested in the line of waiting voters in the room. He knocked Policeman

Corcoran down and spit the officers' ear. The judges and clerks went to the officer's aid and Corcoran clubbed Hutton into submission to arrest.

**President Casts His Ballot.**  
New York, Nov. 6.—President Roosevelt arrived in Jersey at 7:11 a. m. and immediately started for Oyster Bay, where he cast his vote. He was received enthusiastically by his old neighbors. The president, who was accompanied by Secretary Loeb, reached Oyster Bay shortly after 9 o'clock and after voting at once began the return trip to Washington. He received the election returns at the White House.

**Mail Stolen From Postoffice.**  
East St. Louis, Ill., Nov. 6.—More than 100 pounds of second-class mail, consisting of copies of an East St. Louis weekly newspaper, containing a criticism of a candidate in the election, were stolen from the postoffice. The matter has been reported to Postoffice Inspector Moore, who is investigating the case. The mail was deposited last Thursday.

**Arrests at Lexington.**  
Lexington, Ky., Nov. 6.—Four policemen were arrested on warrants sworn out by McCleary adherents charging obstructing and interfering with voters. Other warrants for illegal voting have been prepared by the same men.

**Clashes at Williamson.**  
Huntington, W. Va., Nov. 6.—Clashes occurred election day between Democratic policemen and Republican deputy sheriffs in Williamson, and many of each faction are in jail.

## MEETINGS ENCOURAGING

### NEW MEMBERS ARE ASKED.

Evangelist John L. Kittrell at the South Eighth Street Friends Church Is Proving Himself to be a Powerful Minister.

The evangelistic meetings at the South Eighth Street Friends Church are increasing in interest and several persons have been converted or taken a more decided stand for Christ. Evangelist John L. Kittrell is a man of long and extraordinary successful service in this kind of work, and being a native of Tennessee mountains, his preaching is marked by the same motive force and originality that characterized the late Sam Jones with Mr. Kittrell was intimately associated in his early ministry, as well as with Jones' later companion, George Stewart, with whom he held very successful revivals in the Southland, resulting in the conversion of thousands. Services are held every evening at the church at 7:30 and also an informal conference at 2:30 for the help of the unconverted and the encouragement and instruction of Christians in matters of vital importance to spiritual life and service.

### DYNAMITE

Exploded in Tipple of Coal Works. Workmen Escape.

Wheeling, W. Va., Nov. 6.—An attempt was made to wreck the tipple of the Elm Grove coal works, six miles east of here. A stick of dynamite was placed in the stove in the scale house directly under the tipple. Shortly after the fire was kindled in the stove there was a terrific explosion. The scale house was blown to pieces and the underpinning for the tipple was wrecked. The men who kindled the fire fortunately had left before the heat reached the dynamite. The mining company is the only one in this subdistrict which has not signed the compromise scale settling the recent coal strike, and on Monday it started shipping coal with nonunion men. The explosion occurred before the nonunion men went to work.

Mrs. Austin's Panades, really superior to everything. Ask your grocer.

Use artificial gas for light and heat. 10-t

## TRAINMEN MAKE SERIOUS THREAT

Switchmen May Take Drastic  
Measures to Secure an  
Increase in Scale.

### ISSUE STRIKE ULTIMATUM

RAILROAD OFFICIALS REMAIN  
FIRM IN THEIR STAND—TRAIN-  
MEN ARE READY TO SUPPLANT  
ENGINEERS.

[Publishers' Press]

Chicago, Nov. 6.—Unless some sort of a compromise is reached between now and Wednesday night, the switchmen who are members of the Switchmen's Union of North America, employed on 23 of the railroads entering Chicago, will go on strike in an effort to compel the railroads to accede to the demands presented by the men two weeks ago. The railroads are firm in the stand they took at that time, that they will not grant more of an increase than two cents an hour. At a meeting held between representatives of the labor organization and the managers of the various roads affected, the strike ultimatum was delivered by the switchmen. The original demand of the switchmen was for an 8-hour day and an increase of 10 cents an hour. For the last two weeks negotiations have been in progress between the railroads and the switchmen with the result that, although the demand for an 8-hour day was dropped, the men are still determined in their demand for the 10-cent increase. The men declare that they have the moral support of other trainmen, who have also made demands and that a strike will eventually tie up all railroads entering Chicago. The situation is regarded as serious, for should the strike be called it will affect every railroad from Buffalo to the Pacific coast.

**Ready to Take Engineers' Jobs.**

Cleveland, O., Nov. 6.—An officer of the Brotherhood of Locomotive Firemen announced in Cleveland that the members of that organization were ready and willing to fill the places of all engineers of the Brotherhood of Locomotive Engineers if they declare a strike. This statement is said to have been made by E. B. Barris, chairman of the Brotherhood of Locomotive Firemen's joint protective board of the Lake Shore railroad and leased lines, who has just completed a tour over those roads to ascertain the views of the firemen regarding joining in the general movement among railroad employees to secure higher pay and shorter hours. Grand Chief Engineer Warren S. Stone of the Brotherhood of Locomotive Engineers said that he was not surprised to hear that members of the firemen's brotherhood had threatened to take the place of engineers in case of trouble, but he said he did not anticipate any friction from that source, as the probability of a strike on any of the railroads by the engineers is remote at this time.

**Lackawanna's Reply.**

Scranton, Pa., Nov. 6.—The Delaware, Lackawanna and Western Railroad company, through General Superintendent Clark, made a statement to the effect that the demand of the switchmen for an increase of 10 cents an hour in wages is unreasonable, and that the demand had been refused. The company, however, concedes the 10-hour day to all switchmen who now work 12 hours, without any cut in wages, thus making the hours and the wages the same for the grade of work on all sections of the system. Chairman Flynn of the switchmen's grievance committee says the position taken by the company is unsatisfactory to the men.
